FIRST ORDER OF BUSINESS **Call to Order**

SECOND ORDER OF BUSINESS **Items for Discussion**

A. Parking Guidelines

- The original Resolution does not have to change, but the guidelines will change.
- Timeframes need to be determined for vehicles not allowed to park on the streets at night.
- Mr. Picarelli noted Atlas will not have a problem being involved since they are going to make money from impounding vehicles. However, the District would need to have citations issued.

- The parking coordinator should issue the warnings and keep track of them. The coordinator may send the information on the vehicle to be towed to Atlas.
- The latest the parking coordinator can work is 9:00 p.m., as the Clubhouse will close.
- Mr. Signoretti suggested booting vehicles parked on the sidewalk.

- Mr. Wright suggested No Parking signage in the community at every gate.

- Mr. Signoretti will prepare a spreadsheet for the coordinator.
- Guidelines will be drafted and sent to Mr. Cohen to review.

THIRD ORDER OF BUSINESS **Adjournment**

MEADOW POINTE II CDD

ENGINEER'S REPORT FOR June 19th, 2024 BOARD MEETING

Discussion items:

- **SWFWMD (South West Florida Water Management District) Permit Work:**
  - Permit # 3010.044 – The field work for this permit recertification is complete and report is being generated.
  - Permit # 3010.054 –The field work for this permit recertification is complete and report is being generated.

- **Roadway Depression in Sedgewick**: ACPLM has completed the repairs for this area and a final inspection will be completed the next time on site.

- **Building Construction on County Line Rd & Mansfield Blvd:** An agreement has been created and should be available for Board consideration. We are hoping to get Board direction to order a survey for the property.

- **Warning Gate @ Wrencrest Drive:** We have received back the survey report for the property around where the gate is to be installed. We are using the survey to produce a set of construction plans we can use in the permitting process with the County.

- **Lap Pool:** There was a meeting on site with Borrelli & Partners architects, BDi Engineering, CDD BOS representation and District Staff to examine the construction and access areas for the lap pool and to set preliminary steps for the project. BDi has reached out for survey proposals to get an updated survey of the construction and access parcels. GeoData Services out of Clearwater did the last survey, but have been very slow to take action so we have requested a proposal from the surveyor who just provided the survey for the Wrencrest Gate projects.

- **Dog Park @ Iverson:** We have submitted a request with conceptual plans for a pre-application meeting with the County to discuss the dog park. The Record Number is PREAPP-2024-00223. The Pre-Application Meeting is scheduled for July 1st at 2:15 PM.
