R

AGREEMENT TO CONVEY OR DEDICATE

17.00
2.50
19.50

This is an Agreement, dated February 20, 1992 between Trout Creek Properties, Inc., a Delaware corporation (the "Owner"), and the Meadow Pointe Community Development District, a local unit of special purpose government organized and existing in accordance with Florida Statutes, Chapter 190.

BACKGROUND

The Owner and the District have entered a Property Acquisition Agreement, of even date herewith, that provided, inter alia, for execution and delivery by the Owner to the District of an agreement, in recordable form, to convey and/or dedicate to the District all easements, tracts, rights of way, structures, and improvements that shall constitute or are necessary for the construction, operation, and maintenance of the Project (as such term is defined in the Acquisition Agreement) within the District. The foregoing easements, tracts, rights of way, structures and improvements are collectively referred to as the "Project Improvements".

OPERATIVE PROVISIONS

NOW THEREFORE, in consideration of the mutual covenants herein contained, and for Ten Dollars ($10.00) and other good and valuable consideration, receipt of which is hereby acknowledged, and subject to the terms and conditions hereof, the parties agree as follows:

1. Dedication or Conveyance. The Owner agrees, for itself, its legal representatives, successors, and assigns, that upon the filing of any plat for all or any portion of those certain lands described in the attached Exhibit A, to dedicate to the District or alternatively Pasco County, if the District so directs, all Project Improvements located upon or under such platted lands.

In the event certain Project Improvements are not described or depicted on a filed plat, but such Project Improvements are necessary for the construction, operation and maintenance of those portions of the Project servicing the platted lands, such unplatted Project Improvements shall be conveyed to the District by special warranty deed, in recordable form, for those Project Improvements which are realty, and by absolute bill of sale or written assignment for those Project Improvements which are tangible or intangible personalty. All such instruments of conveyance or assignment shall be in form acceptable to the District.

2. Acceptance of Dedication or Conveyance. The District agrees that upon (i) presentation by the Owner of a proposed plat meeting all requirements of state and local law respecting property within the land described in the attached Exhibit A and containing a dedication required by paragraph 1 above, (ii) the District determining, in its sole

discretion, that all Project Improvements within the areas to be dedicated have been installed and constructed in conformity with the District's plans, specifications, standards, and requirements, and, (iii) the District being provided with sufficient title evidence showing that the dedicated property is free and clear of liens and encumbrances, the District shall accept, or alternatively shall arrange for Pasco County to accept, such dedication by acknowledgement to be executed on the face of the proposed plat.

In regard to those unplatted Project Improvements which are described in paragraph 1 above, the District agrees that upon (i) presentation by the Owner of a proposed special warranty deed, absolute bill of sale or written assignment of Project Improvements in form acceptable to the District, free and clear of all liens and encumbrances; and (ii) the District determining, in its sole discretion, that the Project Improvements being conveyed have been installed and constructed in conformity with the District's plans, specifications, standards and requirements, the District shall accept such conveyance.

3. **Recording**. The Owner shall cause this Agreement to be recorded in the public records of Pasco County, Florida.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above-written.
