**THIRTEENTH ORDER OF BUSINESS Approval/Disapproval/Discussion**

**B. Lap Pool Specifications and Design Update**

Mr. JT Martin was available to answer questions.

- Ms. Childers confirmed the pool will have five lanes, with pumps and equipment being relocated on the same side as the existing pool.
- Mr. Martin confirmed the schematic is acceptable.
- Mr. Picarelli asked about a different option than the geothermal system, and Mr. Martin discussed three options, a gas-fired pump, solar power pump or geothermal pump, with the geothermal system being at the highest capital cost and lowest operational cost.
- The filtration system was discussed, and Mr. Picarelli asked about the cartridge system. Mr. Martin commented that system is not feasible for this pool. He described available systems for a pool this size.
- Mr. Picarelli asked whether any chemical control systems, such as chlorine, would have to be added to a salt chlorine generator. Mr. Martin noted, the pool would need to have a back-up system with full capacity to operate the pool.
- Mr. Signoretti asked about the heating system. Mr. Martin recommended an air source heat pump. Mr. Signoretti asked whether the company has clients in a similar situation as the District with success stories. Mr. Martin recommended a case study in Collier County, in which they are replacing the current geothermal system with a heat pump.
- The Board will discuss further during this meeting, and Ms. Childers will send Mr. Martin an email with all items to be included for the pool.

*The record shall reflect Mr. Martin exited the meeting.*

**SIXTH ORDER OF BUSINESS District Manager Report**

- The Treasurer has submitted all documentation, including the checkbook for the account. The Board discussed next steps.
- Ms. Childers indicated the Treasurer may be able to close the account.
- The Treasurer should submit their latest bank statement.
- Mr. Signoretti suggested Mr. Cohen prepare a Cease-and-Desist Letter, but Mr. Picarelli indicated he already sent them a letter notifying them the funds belong to the CDD and need to be returned.
- Mr. Signoretti suggested either a Board member or Mr. Wright to serve as a liaison with the new group.
- The Board discussed Residents Council events.
- The Treasurer and Chair of the Residents Council are listed on the bank account.

**B. Coastal Waste Contract**

- The Board is in the process of reviewing the contract before presenting procedures to the residents.
- Residents are not required to use the recycle bins.
- There will be a bulk pick-up once per month on the third Friday, at a cost of $12 per year, per resident.
- Residents will have to pay for additional trash bins.

**SEVENTH ORDER OF BUSINESS District Engineer Report**

**A. ACPLM Concrete Contract**

- This item was discussed during *Audience Comments*.

**B. Discussion of Pond Report**

- Mr. Whited noted an inspection was conducted for a SWFWMD permit ending in 061, regarding deficiencies in approximately 20 ponds. None of these deficiencies were urgent enough to stop the permit from being recertified. The permit was renewed, and will be good for five years.
- A pond inspection report was prepared. There are a few items which need to be repaired.
- Mr. Picarelli asked Mr. Whited to possibly meet with the Operations Manager and Maintenance Supervisor (Mr. Wright and Mr. Laverty) to review the areas with deficiencies. They will determine whether any of the repairs may be done in-house.

- The pond which is draining into the wetlands may need to be handled by Mr. Whited.

*The record shall reflect Mr. Whited exited the meeting.*

**EIGHTH ORDER OF BUSINESS District Counsel Report**

**A. Iverson Property**

- Mr. Picarelli provided an update from Mr. Cohen, which indicated the tax liens against the property will go up for auction on October 26, 2023.
- The buyer will be notified as to what type of structure can be built on that property.

**B. Jurisdiction Over Tree Lawns, Sidewalks and Streets in Morningside and Deer Run**

- Mr. Cohen found the contract which was signed with the County, and there is no mention of responsibility for the District over the tree lawns. Therefore, the CDD does not own the tree lawns, and the County is not expecting the CDD to maintain them. The CDD is responsible for maintenance of the sidewalks.
- The road and the tree lawn are considered County property in the two Villages. The sidewalks are County property, but the CDD has a contract which states the CDD is responsible for maintenance of the sidewalks.
- The CDD is liable if someone falls and gets hurt on the sidewalks. Mr. Picarelli will confirm this with Mr. Cohen.
- Mr. Molder suggested finding how much more liability the CDD would be taking on if there is a request to deed ownership of the sidewalks and tree lawns to the CDD, to have the same jurisdiction in all Villages.
- Mr. Picarelli suggested it would be a good idea to own the sidewalks since the District is subject to liability.
- Mr. Picarelli noted any lifted sidewalks in Morningside are from residents' trees.
- This contract does not have an expiration date. The contract states the County shall not have any further or continuing maintenance rights or responsibilities in this regard.
- A lengthy discussion ensued.

- Ms. Childers noted all the sprinkler systems on these tree lawns are linked to the residents' homes. Ms. Darner is concerned with the legal ramifications of changing this.
- Mr. Picarelli believes the County would willingly sign over the property to the CDD to avoid any responsibility for maintenance and repairs.
- Mr. Signoretti indicated repairs and maintenance would be the same as in the other Villages, and should not be an issue, as long as the CDD does not have to pay the County.
- Mr. Picarelli is going to consult someone in Meadow Pointe I to find out what they are doing with regards to Deed Restrictions.

**NINTH ORDER OF BUSINESS Consent Agenda**

**A. Deed Restrictions/DRVC**

Mr. Picarelli requested any additions, corrections or deletions to the item under the Consent Agenda.

- Road striping and bike lanes have been re-painted.
- Mansfield is being paved, as work started yesterday.
- Mr. Molder attended a safety meeting, and two flashing crosswalks were promised by the County, at their expense. However, there have been fund and/or supply chain issues.
- The County Engineer is involved.
- One will be installed at the corner of Solitude and Forest Glen.
- Mr. Molder indicated he asked for a third crosswalk for Mansfield.
- Ms. Childers noted one is needed at Wrencrest, for the school children, as the crossing is not safe.
- Mr. Picarelli believes the County may want the District to pay for the work.
- Mr. Molder commented a strong showing is needed for the meeting with Commissioner Weightman, and there should be a push for funding of the Pasco County Sheriff's Office for patrol services in the District.

**TWELFTH ORDER OF BUSINESS Operations Manager Report**

Mr. Wright presented his report, a copy of which was included in the full agenda package.

- The resident welcome letter is ready for distribution.
- Rocks were installed at Wrencrest. Most residents seem to be satisfied with them, and the appearance. Mr. Molder does not believe they look good, but they are effective. There are eight stones in the area, and no maintenance involved.
- Signs are missing. Mr. Signoretti suggested a few more stones should be installed.

**THIRTEENTH ORDER OF BUSINESS Approval/Disapproval/Discussion (Continued)**

**A. Event Planning Committee**

- There are events which the Residents Council organized for this year for Halloween and Christmas Holiday.
- Mr. Picarelli suggested asking for volunteers to head the Committee. He recommended Ms. Ashley Thompson or Ms. Kelly Wright, as they were the two most active members of the Residents Council, and Ms. Thompson was instrumental in organizing the inclusion of food trucks at events.
- Ms. Childers noted the Board needs to determine the process for requesting events, and organizing Committee funds. Mr. Picarelli suggested the funds the Board allocates may be turned over to the Committee to purchase anything necessary for that event, but they also should submit receipts to the Board for all items purchased. Mr. Picarelli also suggested that Mr. Wright's credit card may be used for these purchases.
- Ms. Darner suggested Mr. Wright be named as the owner of the account which would be funded by the CDD. The CDD would have access to bank statements and withdrawals from the account.
- The CDD may impose spending limits.
- Ms. Childers suggested calling it a Community Outreach Committee.
- Ms. Darner suggested the Committee members may name the Committee.

| |
|---|
| On MOTION by Mr. Signoretti, seconded by Ms. Childers, with all in favor, formation of the Event Planning Committee was approved, subject to a potential name change by the Committee members, with funding to be provided by CDD funds. (5-0) |

**B. Lap Pool Specifications and Design Update (Continued)**

Ms. Childers led the discussion.

- Ms. Childers sent Mr. Martin material for the salt system used in the current pool to ensure both pools are compatible.
- The pump system for the new pool matches the one the CDD purchased for the existing pool.
- She recommended the Board consider the air source heat pump, and the saltwater filtration system with the chlorine generator back-up, as required by the District.
- Mr. Martin previously indicated the granules for the filtration system were similar to a DE system, without it being that type of system.
- The Board concurred with the items discussed above, and Ms. Childers will notify Mr. Martin to proceed.

**FOURTEENTH ORDER OF BUSINESS Audience Comments (Comments will be limited to three minutes.)**

- Ms. Kelly Wright of Iverson commented on the following items:
  - She thanked the Board for approving the new Event Planning Committee.

  - School buses continue to go through the neighborhood.
  - She was not able to remove herself or close the bank account associated with the former Residents Council. The account is registered as a business under Ms. Cline's name. Mr. Picarelli will follow up with Mr. Cohen, and determine whether the Council Chair should be contacted to close the account and return the funds. Ms. Childers noted that non-profit organizations are required to file taxes. If they have not been filed, the non-

profit status would be considered invalid, and the account would be null and void. Therefore, a letter from Mr. Cohen would allow the District to close the account on its behalf.

- Ms. Christine Hankerson of Longleaf commented on the following items:
  - Commissioner Weightman should be aware of his constituents.
  - She wanted to know whether the community was polled for the five-lane lap pool. Mr. Picarelli indicated this was discussed at several past meetings when the Board made the decision to upgrade CDD property. The pool will have the flexibility to open lanes.
  - With regards to the property across the street, the bond specified that building was to go on that property, such as a maintenance facility/meeting location.
  - She complimented the newsletter and District staff.
- Ms. Joanna Rainey of Lettingwell commented on the following items:
  - She suggested a different name for the Residents Council, and commented on the tax filing.
  - She inquired about the bulk pick-up.
  - The size of the trash bins.
  - The stones placed at Wrencrest. Mr. Picarelli noted there are signs, but he will ensure homeowners are not liable for damage caused by any vehicle going through a yard or over the stones.
  - Flashing crosswalks. She requested the Board follow up with the other Meadow Pointe communities to determine whether they alleviate the problem.
- Mr. Tony Grimm is unhappy with vehicle noise and speeding in his neighborhood. He proposed 25 mph speed limit. Board discussion ensued.
- Ms. Evelyn Sibelle of Wrencrest discussed exiting the neighborhood. She believes there should be a gate with a clicker in the area. Mr. Picarelli noted this would not alleviate the problem. Board discussion ensued.
- Ms. Cindy McCrary of Wrencrest commented on the following items:
  - Residents Council.

- She is happy to share her experiences with Deed Restrictions.
- Trash bins. She is concerned an elderly person will not be able to move the large trash bins.

- Ms. Childers commented on the pool. It is for residents first.
- Mr. Signoretti expressed happiness regarding the Event Planning Committee. More residents have been attending meetings.
- Mr. Picarelli is happy with the progress on the pool. He discussed background regarding the decision to have the pool built.
- Mr. Picarelli noted over the last two weeks, he received two inquiries from residents for record requests, one of which was a request for all his emails. He cautioned Board members to be careful of wording on emails.
- Mr. Picarelli is happy that work will soon commence on the property across the street.

**SIXTEENTH ORDER OF BUSINESS Adjournment**

There being no further business,

Good Afternoon John,

As discussed last week, below are options for select homeowners that need additional assistance with our services.

- Back Door Service – we will go to the house or where the cart is located, bring it to the truck, dispose of the material and return the cart to its original location. The fee for this service is $49.99/month. They will need to sign a release allowing us to be on their property.
- Container exchange from a 95-gallon to a 64-gallon MSW tote – We can provide a 1-time free cart exchange until 1/1/2024 for any resident that may want a smaller cart. After that date, there will be a 1-time exchange fee of $95.00.

Please let me know if you have any questions. Also, please let me know if the HOA is agreeable to this and we will prepare an addendum to the original agreement that adds these optional services. Lastly, please confirm whether the individual homeowners will be invoiced separately for these services as you initially indicated.

We are very pleased that the transition went very well and look forward to servicing Meadow Point for years to come.

Thank you,

**Evan August**
