RUSSELL
LANDSCAPE

To the
MEADOW POINTE II TEAM

On behalf of everyone at Russell Landscape, we are pleased to submit our proposal for professional landscape and irrigation maintenance services for the **Meadow Pointe II** .

We understand the District has an established expectation for landscape quality and consistency. Our approach is not built around changing that standard, but around providing the resources, accountability, and operational discipline necessary to consistently meet it.

Our team has evaluated the property, reviewed the RFP requirements, and developed our service plan around **Meadow Pointe II's** measured quantities, required frequencies, irrigation needs, and seasonal demands. This property-specific approach is supported by local operations and specialized irrigation, horticulture, arbor, and enhancement resources.

We appreciate the opportunity to be considered and look forward to earning **Meadow Pointe II's** confidence through consistent execution, proactive communication, and measurable accountability.

At Russell Landscape, we believe a successful partnership begins with clear expectations and consistent follow-through.

If selected, our commitment will be clear: understand **Meadow Pointe II's** established standard, properly resource the property, communicate proactively, and hold ourselves accountable to the results.

Thank you for the opportunity to earn the District's confidence. We look forward to the possibility of serving **Meadow Pointe II.**

BEST
REGARDS,

Teddy Russell

Teddy Russell,
Owner & CEO

Why Russell for Meadow Pointe II

How We Deliver

- **LOCAL OPERATIONAL SUPPORT:** Equipment, personnel, and additional resources positioned approximately **9 miles** from **Meadow Pointe II**.
- **ONE POINT OF ACCOUNTABILITY:** A dedicated Account Manager supported by Production, Irrigation, Horticulture, Enhancement, Branch, and Regional Leadership.
- **PROPERTY-SPECIFIC PRODUCTION PLAN:** Service hours developed from **measured quantities, RFP frequencies, and seasonal requirements**
- **SPECIALIZED IN-HOUSE EXPERTISE:** Dedicated Irrigation, Horticulture, Enhancement, and **ISA Certified Arborist** support.
- **MEASURABLE PERFORMANCE**: Routine inspections, **photo documentation, action tracking**, and documented follow-through.

R

THE RUSSELL DIFFERENCE

Single Point of Contact

Clear, Consistent Communication

To ensure successful service delivery, Russell Landscape will assign a dedicated Account Manager to manage the **Meadow Pointe II** . Responsibilities will include:

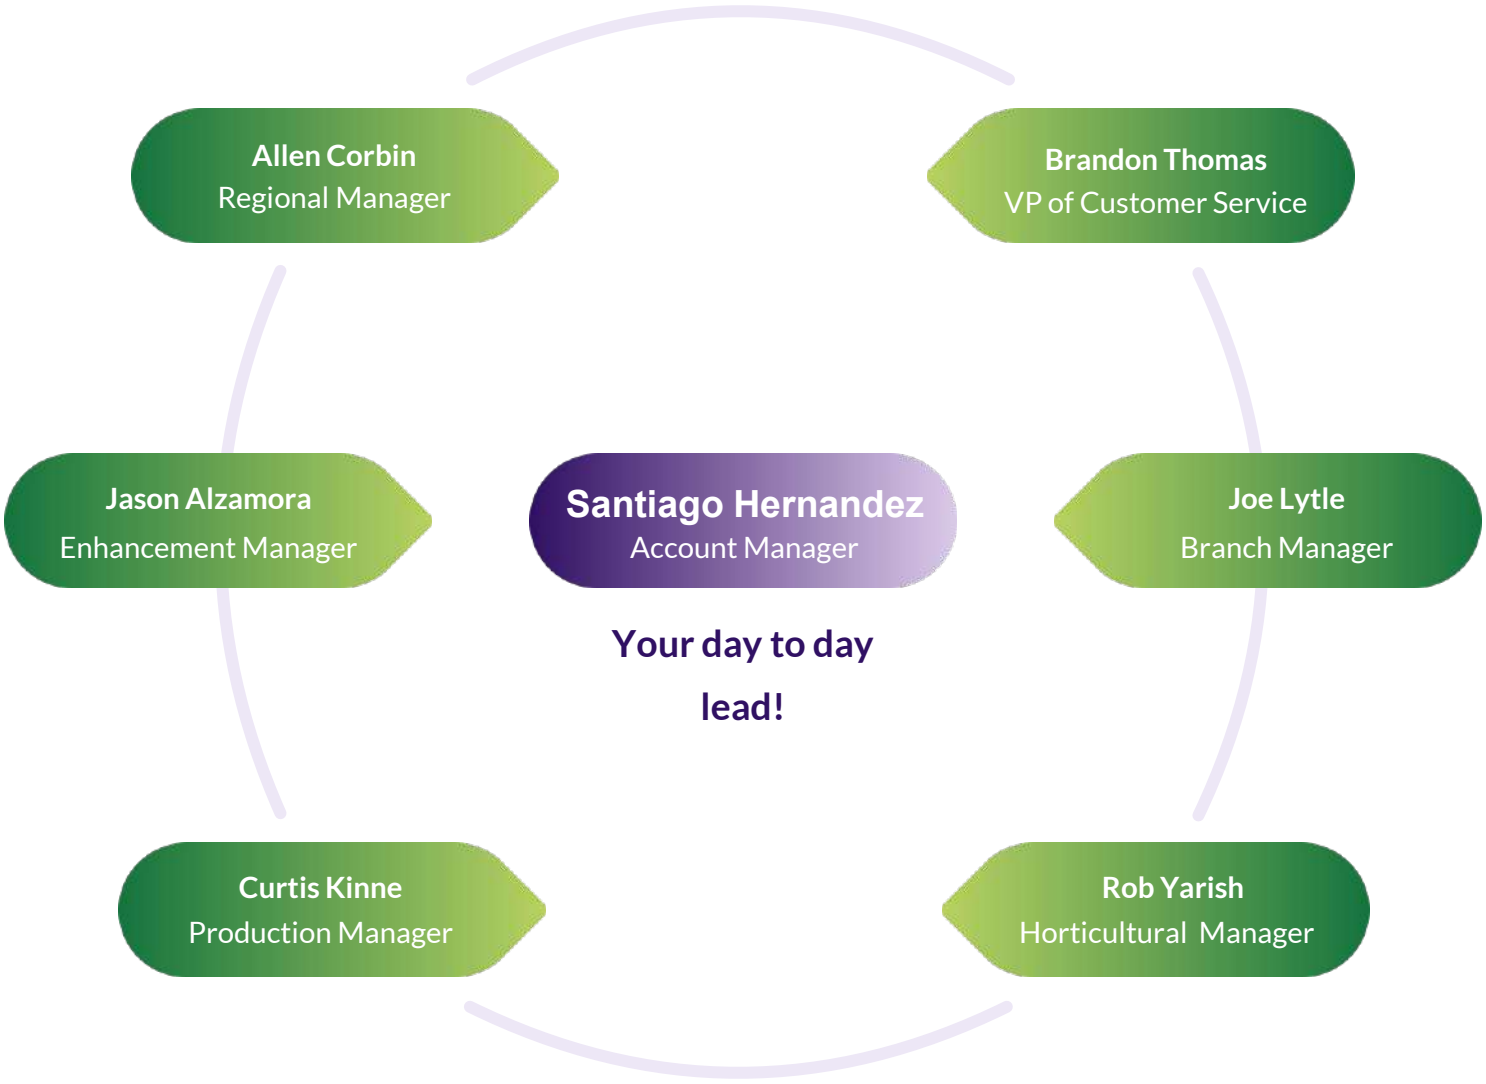

- Serving as the single point of contact
- Conducting regular site walks and coordination meetings
- Evaluating current landscape conditions and identifying enhancement opportunities
- Verifying completion of previous requests
- Aiming to minimize surprises through proactive communication

Following each walk, a written report will be shared with the **District's team**. This report will serve as:

- A 30-day action plan for Russell Landscape
- A communication tool for **District** managers to provide updates

Full-Team Support

Deploying Our Full Team to Support Your Needs

Your day to day lead!

Your Dedicated Russell Team

Experts in Their Craft

Santiago Hernandez
Account Manager

+1 (941) 414-1986
santiagoh@russelllandscape.com

Bio

Santiago Hernandez is an Account Manager focused on delivering exceptional landscape management through proactive communication, attention to detail, and responsive service. He partners closely with clients and operations teams to ensure properties are consistently maintained to the highest standards while building lasting relationships through reliability.

Joe Lytle
Branch Manager

+1 (941) 875-1379
joel@russelllandscape.com

Safety Commitment

Russell Landscape has a moral and business obligation to provide a safe work environment for its employees, subcontractors, and the public. It is, therefore, the company's policy to abide by the Occupational Safety and Health Standards and to initiate and maintain appropriate practices that promote safety in the work environment.

All our employees and subcontractors are required to attend a weekly safety program. All employees and Subcontractors are also given a company Safety Manual as well as Company Safety Rules upon hire, for their review and signature.

These items include, but are not limited to:

- Safety Acknowledgment Form
- Highway Right of Way Safety Training
- Construction Jobsite Safety Rules
- Substance Abuse Policy
- Hazard Communication/MSDS
- Regular Safety Training
- Fire Extinguisher Safety
- Fall Protection Safety
- Lawn Maintenance Safety
- Emergency Planning
- Ladder Safety
- Housekeeping/Clean-up
- Electrical Safety
- Excavation and Trenching Safety
- Crane and Rigging Safety
- Vehicle Safety
- Accident Reporting

In addition, all employees are required to wear official Russell Landscape work shirts, khaki work pants, hard toe boots, yellow reflective logoed safety vests, and all appropriate PPE (Personal Protective Equipment) as determined by job specifics.

Safety Commitment

Safety Vision Statement

At Russell, safety is not just a policy—it's a mindset, a behavior, and a core value embedded in our culture. It starts at the top, with leaders setting the standard through their actions. To cultivate true buy-in, we must embody safety ourselves before we can expect others to follow. Our ultimate objective is simple yet uncompromising: **every team member returns home in the same condition they arrived—without exception, without excuse.**

Safety Expectations

At every level of Russell Landscape, we commit to doing the right thing—even when it's inconvenient. Safety isn't negotiable. It's how we operate.

We will:

Lead by Example – Every leader sets the tone. Every team member follows through. Safety is modeled, not just mentioned.

Prioritize the Process, Not the Pace – If a task can't be done safely, it won't be done at all. Slowing down to do it right is not a weakness—it's discipline.

Hold Each Other Accountable – From the field to the front office, we call it like we see it. If something is unsafe, we say so. Silence is complicity.

Speak Up, Step In – See something? Say something. We have zero tolerance for looking the other way.

Own the Outcome – Each of us is responsible for our safety and for protecting the people around us. That's real accountability.

Build a Culture Where Safety Thrives – Safety isn't a program. It's a culture we're building daily—through action, communication, and consistency.

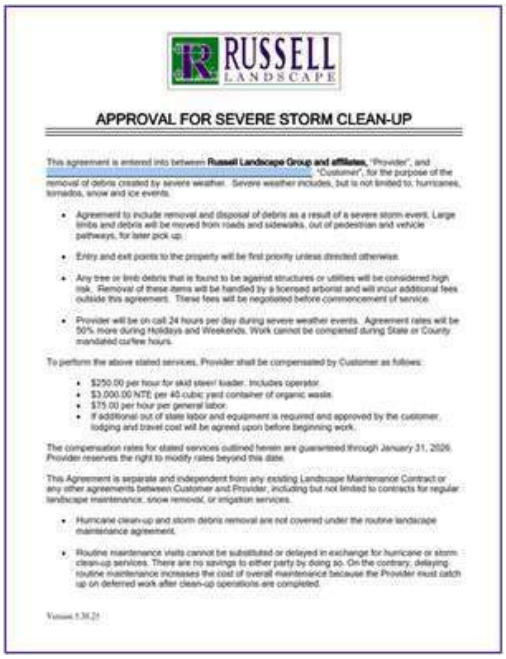

This is our standard. This is how we protect our people, our business, and our future.

Disaster Recovery

At Russell Landscape, we take pride in being readily available to our customers during times of need. While most of the disaster and emergency work we manage is related to storms or severe weather, we approach each situation with foresight and preparedness.

In many cases, we receive advance warning of potential weather events and proactively reach out to our clients to establish the best course of action. Because the exact nature of these events is unpredictable, we plan for worst-case scenarios—stocking materials, staging equipment, and preparing crews in advance.

With a fleet of over 300 service vehicles and nearly 1,000 employees across the Southeast, we are well-equipped to mobilize quickly and provide immediate support when and where it's needed most.

RUSSELL LANDSCAPE

APPROVAL FOR SEVERE STORM CLEAN-UP

This agreement is entered into between **Russell Landscape Group and affiliates**, "Provider", and _____, "Customer", for the purpose of the removal of debris created by severe weather. Severe weather includes, but is not limited to: hurricanes, tornados, snow and ice events.

- Agreement to include removal and disposal of debris as a result of a severe storm event. Large limbs and debris will be moved from roads and sidewalks, out of pedestrian and vehicle pathways, for later pick up.
- Entry and exit points to the property will be first priority unless directed otherwise.
- Any tree or limb debris that is found to be against structures or utilities will be considered high risk. Removal of these items will be handled by a licensed arborist and will incur additional fees outside this agreement. These fees will be negotiated before commencement of service.
- Provider will be on call 24 hours per day during severe weather events. Agreement rates will be 50% more during Holidays and Weekends. Work cannot be completed during State or County mandated curfew hours.

To perform the above stated services, Provider shall be compensated by Customer as follows:

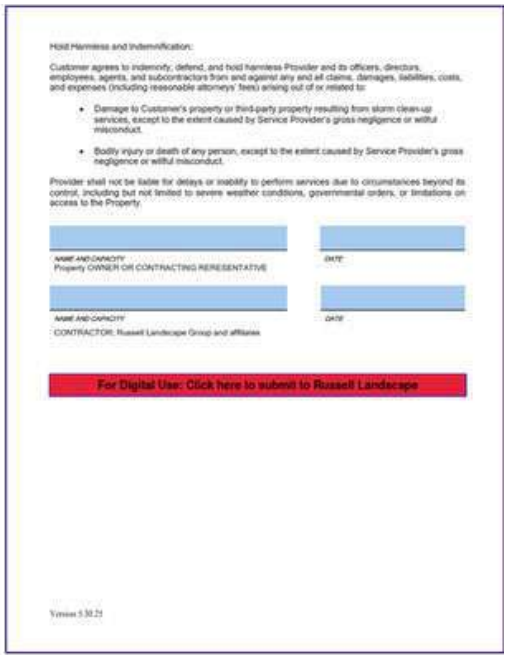

- $250.00 per hour for skid steer/ loader. Includes operator.
- $3,000.00 NTE per 40 cubic yard container of organic waste.
- $75.00 per hour per general labor.
- If additional out of state labor and equipment is required and approved by the customer, lodging and travel cost will be agreed upon before beginning work.

The compensation rates for stated services outlined herein are guaranteed through January 31, 2026. Provider reserves the right to modify rates beyond this date.

This Agreement is separate and independent from any existing Landscape Maintenance Contract or any other agreements between Customer and Provider, including but not limited to contracts for regular landscape maintenance, snow removal, or irrigation services.

- Hurricane clean-up and storm debris removal are not covered under the routine landscape maintenance agreement.
- Routine maintenance visits cannot be substituted or delayed in exchange for hurricane or storm clean-up services. There are no savings to either party by doing so. On the contrary, delaying routine maintenance increases the cost of overall maintenance because the Provider must catch up on deferred work after clean-up operations are completed.

Version 5.30.25

Hold Harmless and Indemnification:

Customer agrees to indemnify, defend, and hold harmless Provider and its officers, directors, employees, agents, and subcontractors from and against any and all claims, damages, liabilities, costs, and expenses (including reasonable attorneys' fees) arising out of or related to:

- Damage to Customer's property or third-party property resulting from storm clean-up services, except to the extent caused by Service Provider's gross negligence or willful misconduct.
- Bodily injury or death of any person, except to the extent caused by Service Provider's gross negligence or willful misconduct.

Provider shall not be liable for delays or inability to perform services due to circumstances beyond its control, including but not limited to severe weather conditions, governmental orders, or limitations on access to the Property.

RUSSELL
LANDSCAPE

UNDERSTANDING SCOPE

ROOTED IN EXCELLENCE. GROWING WITH PURPOSE.

Understanding the Scope

Based on the Request for Proposal, pre-bid meeting, and our site review, Russell Landscape understands that **Meadow Pointe II** has an established expectation for landscape quality and consistency. The District is seeking a contractor capable of **protecting that standard** through dependable execution, proactive communication, and clear accountability.

CONSISTENT EXECUTION - Deliver the required mowing, edging, pruning, bed care, cleanup, and seasonal services according to the RFP frequencies and established District standard.

PROACTIVE IRRIGATION & HORTICULTURE - Identify irrigation, turf, ornamental, pest, disease, and fertility concerns early—before they become larger landscape issues.

CLEAR ACCOUNTABILITY - Provide a dedicated point of contact, documented site observations, defined ownership of open items, and consistent follow-through.

PROTECT THE STANDARD - Transition service without creating a decline in appearance, responsiveness, or confidence during the transition.

Our operating plan is built around **Meadow Pointe II's** measured quantities, required frequencies, and site-specific conditions to provide the resources necessary to consistently meet the District's expectations.

Our Approach to Operational Management

Clear Ownership. Consistent Execution. Documented Follow-Through

At Russell Landscape, strong landscape performance starts with disciplined operations. Our approach combines clear ownership, proactive communication, routine quality inspections, and specialized technical oversight to ensure the contracted scope is consistently executed. For **Meadow Pointe II**, every major area of service has a defined owner—and every identified issue has a path to resolution.

One Team. Clear Accountability.

Meadow Pointe II will have a dedicated Account Manager supported by Production, Irrigation, Horticulture, Enhancement, Branch, and Regional leadership. Routine site inspections, scheduled irrigation wet checks, proactive horticultural oversight, and documented action items provide the District with visibility into **what was identified, who owns it, and when it is resolved**.

30|60|90 Day Transition Plan

Ensuring a Smooth, Accountable, and Consistent Start

First 30 Days | BASELINE & CONTROL

- **Establish the Property Baseline** — Conduct a joint site inspection with the **Meadow Pointe II** team to document existing landscape conditions, identify priority areas, confirm expectations, and establish a photographic baseline for future performance comparisons.
- **Complete Irrigation System Review** — Evaluate controllers, valves, heads, sensors, coverage, and visible system deficiencies. Document findings and provide **Meadow Pointe II** with a detailed irrigation inspection report identifying immediate corrective priorities.
- **Establish Turf & Horticultural Baselines** — Evaluate turf and ornamental conditions, identify weed, pest, disease, and fertility concerns, review soil conditions and complete testing as appropriate.
- **Launch the Accountability Process** — Create an initial action log identifying each priority item, responsible team member, target completion date, and current status.

Inspect first. Document existing conditions. Establish the baseline. Prioritize corrective actions. Then execute.

30|60|90 Day Transition Plan

Ensuring a Smooth, Accountable, and Consistent Start

First 30 Days | DETAIL & RISK REVIEW

- **Assess Beds & High-Visibility Areas** — Review planting beds, bed lines, mulch conditions, entrances, and other high-visibility areas. Document deficiencies and identify contractual corrections versus recommended enhancements.
- **Review Tree Health & Safety** — An ISA Certified Arborist will evaluate visible tree health, clearance, pruning, and safety concerns and provide recommendations for identified priorities.
- **Establish Integrated Pest Management Priorities** — Evaluate observed pest and disease pressures and incorporate findings into the property's horticultural management strategy.
- **Confirm Communication & Escalation Protocols** — Provide District leadership with primary and secondary contacts, establish reporting expectations, and confirm escalation procedures for urgent or time-sensitive issues.

By Day 30, the District will have a documented baseline, identified priorities, defined ownership, and a clear path forward.

30|60|90 Day Transition Plan

Ensuring a Smooth, Accountable, and Consistent Start

First 60 Days | EXECUTION & MEASURABLE PROGRESS

- **Verify Progress & Close Priorities** — Conduct a follow-up property review with the District team, compare conditions to the initial baseline, verify completed action items, and identify remaining priorities for the next 30 days.
- **Demonstrate Landscape Improvement** — Evaluate turf, ornamentals, beds, and high-visibility areas against initial conditions. Adjust horticultural and Integrated Pest Management strategies based on observed response and seasonal needs.
- **Validate Irrigation Performance** — Continue system monitoring and wet checks, verify completed corrections, identify recurring deficiencies, and provide recommendations for system performance and water-management opportunities.
- **Develop Forward-Looking Recommendations** — Identify enhancement, safety, appearance, and infrastructure opportunities and provide prioritized recommendations with budgetary pricing where appropriate.

By Day 60, the District will be able to compare documented baseline conditions against completed work, remaining priorities, and measurable progress.

30|60|90 Day Transition Plan

Ensuring a Smooth, Accountable, and Consistent Start

First 90 Days | OPTIMIZATION & LONG-TERM PLANNING

- **Complete the 90-Day Performance Review** — Conduct a comprehensive property review with the District team, compare current conditions to the initial baseline, verify progress, and identify any remaining priorities requiring continued attention.
- **Optimize Horticultural & Irrigation Programs** — Review turf, ornamental, IPM, fertility, and irrigation performance and refine programs based on documented property conditions, seasonal needs, and observed results.
- **Establish the Forward Maintenance Strategy** — Use the first 90 days of property data and observations to establish ongoing priorities for landscape quality, irrigation performance, horticultural health, and high-visibility areas.
- **Provide Budget & Enhancement Visibility** — Present prioritized recommendations for future enhancements, replacements, irrigation improvements, and other identified opportunities with budgetary planning information where appropriate.

Proactive Oversight & Reporting

Inspections, Photos, and Team Checks for Consistent Quality

At Russell Landscape, we strive to provide the highest level of quality and customer service. To maintain this standard, we have several internal protocols in place to keep communication open and ensure service excellence.

Each month, we conduct a walk or ride of the grounds with the community representative to assess current conditions, review potential enhancement projects, verify completion of prior requests, and minimize unexpected issues. We generate a written report with photographs from each visit. This report serves as our action plan for the next 30 days and can also be used by management to update property owners, citizens, tenants, and supervisors on current conditions and upcoming plans. A sample report is provided below.

Internally, we perform periodic scoring of each property to evaluate the performance of our teams, managers, and crew leaders. These scores serve as teaching and motivational tools, fostering friendly competition and celebrating successes.

By combining these two reporting methods, we ensure multiple sets of eyes review each property monthly, emerging issues are addressed proactively, and consistent communication is maintained.

Site Audit Example

ITEM 1
Assigned to PROPOSALS

Send proposal for dead palm tree removal to discuss options with homeowner.

ITEM 2
Assigned to SERVICE

Trim all bushes and plant material to a uniformed height to create a clean kept look.

ITEM 3
Assigned to HORT

Identify the cause of the discoloration in the turf with potential soil samples if necessary.

Site Audit Example

ITEM 4
Assigned to IRRIGATION

Please check for proper coverage around the clubhouse and submit the latest wet check report with your findings.

ITEM 5
Assigned to HORT

Level the soil PH after soil sample to allow the grass to grow dark green with a healthy root system.

ITEM 6
Assigned to SERVICE

Trim Ornamental grasses back to a uniformed height and remove all weeds from the beds.

RUSSELL
LANDSCAPE

MEASURED QUANTITIES

ROOTED IN EXCELLENCE. GROWING WITH PURPOSE.

Operations Plan

Measured Quantities. Calculated Hours. Accountable Execution.

Russell Landscape developed the **Meadow Pointe II** production plan from the property's measured landscape quantities, required RFP frequencies, and seasonal service demands.

5,485

Planned annual production hours

Allocated around **Meadow Pointe II's** seasonal service requirements

- **Santiago Hernandez —** Account Manager — primary point of contact and account accountability.
- **Curtis Kinne —** Production Manager — field execution, crew performance, and quality control
- **Mike Czibik —** Irrigation Manager — irrigation inspections, wet checks, and system performance
- **Rob Yarish —** Horticultural Manager — turf, ornamental, fertilization, and pest/ disease oversight
- **Specialized Support —** Enhancement, ISA Certified Arborist, Branch, and Regional resources available as needed.

Field labor is allocated according to seasonal workload and service requirements, with additional local resources available for recovery work, special requests, and time-sensitive needs.

W9

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Russell Landscape, LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) P

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

P.O. Box 96746

Requester's name and address (optional)

6 City, state, and ZIP code

Charlotte, NC 28296-6746

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

4	6	–	5	3	8	4	5	4	1

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** Jodi P Bendy **Date** 1/8/26

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

MEADOW POINTE II COMMUNITY DEVELOPMENT DISTRICT
REQUEST FOR PROPOSALS LANDSCAPE MAINTENANCE SERVICES

EVALUATION CRITERIA

1. Personnel & Equipment (20 Points Possible) (_____Points Awarded)

This category addresses the following criteria: skill set and experience of key management and assigned personnel, including the project manager and other specifically trained individuals who will manage the property; present ability to manage this project; proposed staffing levels; capability of performing the work; geographic location; subcontractor listing; inventory of all equipment; etc. Skill set includes certification, technical training, and experience with similar projects. Please include resumes, certifications, etc., with proposal. Please also provide evidence of the proposer's ability to meet deadlines and be responsive to client needs.

2. Experience (25 Points Possible) (_____Points Awarded)

A full twenty-five (25) points will be awarded to the Proposer which clearly distinguishes past & current record and experience of the Proposer in similar projects; volume of work previously awarded to the firm; past performance in any other contracts; etc.

3. Understanding Scope of RFP (15 Points Possible) (_____Points Awarded)

This category addresses the following issues: Does the proposal demonstrate an understanding of the District's needs for the services requested? Does it provide all information as requested by the District including pricing, scheduling, staffing, etc.? Does it demonstrate clearly the ability to perform these services? Were any suggestions for "best practices" included? Does the proposal as a whole appear to be feasible, in light of the scope of work? Did the contractor use the forms provided from the Project Manual in responding to the proposal?

4. Financial Capacity (5 Points Possible) (_____Points Awarded)

This category addresses whether the Proposer has demonstrated that it has the financial resources and stability as a business entity necessary to implement and execute the work. Proposer should include proof of ability to provide insurance coverage as required by the District as well as audited financial statements, or similar information.

5. Price (20 Points Possible) (_____Points Awarded)

Twenty (20) points will be awarded to the Proposer submitting the lowest bid (the Contract Amount). AN AVERAGE OF ALL FIVE YEARS PRICING IS TO BE CONSIDERED WHEN AWARDING POINTS FOR PRICING - THE INITIAL TERM AND THE FIRST, SECOND, THIRD AND FOURTH ANNUAL RENEWALS. All other proposers will receive a percentage of this amount based upon a formula which divides the low bid by the proposer's bid and is then multiplied by the number of points possible in this part of the Price evaluation.

EXAMPLE: Contractor "A" turns in a bid of $210,000 and is deemed to be low bid and will receive the full 20 points. Contractor "B" turns in a bid of $265,000. Bid "A" is divided by Bid "B" then multiplied by the number of points possible (20). (210,000/265,000) x 20 = 15.85, therefore, Contractor "B" will receive 15.85 of 20 possible points. Contractor "C" turns in a bid of $425,000. Bid "A" is divided by Bid "C" then multiplied by the number of points possible (20). (210,000/425,000) x 20 = 9.88, therefore, Contractor "C" will receive 9.88 of 20 points.

6. Reasonableness of ALL Numbers (15 Points Possible) (_____Points Awarded)

Up to fifteen (15) points will be awarded as to the reasonableness of ALL numbers, quantities & costs (including, but not limited to fertilizer quantities, mulch quantities based on Contractor's field measurements) provided, including all parts of the pricing as
well as unit costs from the additional schedules.

Proposer's Total Score (100 Points Possible) (_____Points Awarded)

AFFIDAVIT REGARDING PROPOSAL

STATE OF Georgia
COUNTY OF Forsyth

Before me, the undersigned authority, appeared the affiant, William Russell, II, and having taken an oath, affiant, based on personal knowledge, deposes and states:

1. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of CEO for Russell Landscape Florida, LLC ("Proposer"), and am authorized to make this Affidavit Regarding Proposal on behalf of Proposer.

2. I assisted with the preparation of, and have reviewed, the Proposer's proposal ("Proposal") provided in response to Meadow Pointe II Community Development District's ("District") request for proposals for landscape and irrigation maintenance services. All of the information provided therein is full and complete, and truthful and accurate. I understand that intentional inclusion of false, deceptive or fraudulent statements, or the intentional failure to include full and complete answers, may constitute fraud; and, that the District may consider such action on the part of the Proposer to constitute good cause for rejection of the proposal.

3. I do hereby certify that the Proposer has not, either directly or indirectly, participated in collusion or proposal rigging.

4. The Proposer agrees through submission of the Proposal to honor all pricing information for ninety (90) days from the opening of the proposals, and if awarded the contract on the basis of this Proposal to enter into and execute the contract in the form included in the Project Manual.

5. The Proposer acknowledges the receipt of the complete Project Manual as provided by the District and as described in the Project Manual's Table of Contents, as well as the receipt of the following Addendum No.'s: _____.

6. By signing below, and by not filing a protest within the seventy-two (72) hour period after issuance of the Project Manual **(i.e., by no later than Wednesday, July 29, 2026, at 10:00 AM (EDT))**, the Proposer acknowledges that (i) the Proposer has read, understood, and accepted the Project Manual; (ii) the Proposer has had an opportunity to consult with legal counsel regarding the Project Manual; (iii) the Proposer has agreed to the terms of the Project Manual; and (iv) the Proposer has waived any right to challenge any matter relating to the Project Manual, including but not limited to any protest relating to the proposal notice, proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the evaluation criteria, the evaluation process, or any other issues or items relating to the Project Manual.

7. The Proposer authorizes and requests any person, firm or corporation to furnish any pertinent information requested by the District, or its authorized agents, deemed necessary to verify the statements made in the Proposal, or regarding the ability, standing, integrity, quality of performance, efficiency, and general reputation of the Proposer.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Affidavit Regarding Proposal and that the foregoing is true and correct.

Dated this 14th day of August, 2026.

6. Is the Proposer incorporated in the State of Florida? Yes ( ) No (x)

6.1 If yes, provide the following:

- Is the Company in good standing with the Florida Department of State, Division of Corporations? Yes ( ) No ( )

  If no, please explain _____

- Date incorporated _____ Charter No. _____

6.2 If no, provide the following:

- The State with whom the Proposer's company is incorporated. Georgia
- Is the company in good standing with the State? Yes (x) No ( )

  If no, please explain _____

- Date incorporated 4/9/2014 Charter No. _____
- Is the Proposer's company authorized to do business in the State of Florida?

  Yes (x) No ( )

6.3 If Proposer is not incorporated, please identify the type of business entity (i.e.: Limited Liability Company, Partnership, etc.) and the number of years Proposer has been in the business of providing landscape services.

7. Has the Proposer's company provided services for a community development district or similar community previously? Yes (x) No ( ) If yes, please provide the following information for each project (attach additional sheets if necessary):

Project Name/Location: Sandestin Golf and Beach Resort Owner's Association

Contact: Kyle Ray Contact Phone: 850.224.5955

Project Type/Description: Approximately 2,400 acres of managed landscape commons

Dollar Amount of Contract: $1,600,000.00

Scope of Services for Project: Weekly visits year round to ensure all landscape areas are healthy cut, trimmed weed and litter free. Includes full turf chemical program, insect and disease control, plant healthcare, irrigation, and mulching services. Full service management for over 60+ HOA's and common areas

Dates Serviced: 3/2011 - Present

8. List the Proposer's total annual dollar value of comparable contracts for each of the last three (3) years starting with the latest year and ending with the most current year:

(23) $80,000,000, (24) $124,000,000, (25) 160,000,000.

9. Please provide the following information for each project that is similar to this project, currently undertaken, or undertaken in the past five years. The project must include irrigation maintenance as well. Attach additional sheets as necessary.

Project Name/Location: Timberdale Villas at Chapel Crossings/ Bay Island Condominium

Contact: Michael Ceriale Contact Phone: 321.284.9835 Project Type/Description: HOA/COA Full maintenance program for irrigation and landscape

Dollar Amount of Contract: $250,000.00

How was the project similar to this project? Main concern at this location was irrigation problems, we worked closely with Michael to ensure all zones were getting adequate coverage and proper pressure by reducing head counts and creating a watering schedule to maximize turf/plant health

Your Company's Detailed Scope of Services for Project (i.e. fertilization, mowing, pest control, weed control, thatch removal, irrigation, etc.):

Full landscape services to include: Mowing, Edging, String Trimming, Blowing, Weed Control Bed detail, Irrigation management, Pest control, Fertilization, Arbor Care, Seasonal Color Install Mulching, Enhancement, and Professional Partnership in Budgeting

List of equipment used on site: Mowers, Stick Equipment, Backpack Blowers, Backpack Spray Tanks, Z-Sprayers, Trucks and Trailers

List of subcontractors used: None

Is this a current contract? Yes X No ___

Duration of contract: 1/2020 - Present

Project Name/Location: Seminole Isle HOA Community

Contact: Juan Ordonez Contact Phone: 727.551.1089 Project Type/Description: Community landscape management and installation services

Dollar Amount of Contract: $275,000.00

How was the project similar to this project? Worked with the community as it was being developed and made the transition from developer to the board to HOA board as smooth as possible

Victoria Bettis
NOTARY PUBLIC, STATE OF Georgia

(NOTARY SEAL)

Name: Victoria Bettis
(Name of Notary Public, Printed, Stamped or Typed as Commissioned)

SWORN STATEMENT UNDER SECTION 287.133(3)(a), *FLORIDA STATUTES*, REGARDING PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District.

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of CEO for Russell Landscape Florida, LLC ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is _____

   _____

4. Proposer's Federal Employer Identification Number (FEIN) is 45-3693527

   (If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement:)

5. I understand that a "public entity crime" as defined in Section 287.133(1)(g), *Florida Statutes*, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

6. I understand that "convicted" or "conviction" as defined in Section 287.133(1)(b), *Florida Statutes*, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

7. I understand that an "affiliate" as defined in Section 287.133(1)(a), *Florida Statutes*, means:

   1. A predecessor or successor of a person convicted of a public entity crime; or,

   2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

8. I understand that a "person" as defined in Section 287.133(1)(e), *Florida Statutes*, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which proposals or applies to proposal on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

9. Based on information and belief, the statement which I have marked below is true in relation to the Proposer submitting this sworn statement. (Please indicate which statement applies.)

   x Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

   _____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity or an affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (please indicate which additional statement applies):

   _____ There has been a proceeding concerning the conviction before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

   _____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

   _____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Florida Department of Management Services.)

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement under Section 287.133(3)(a), *Florida Statutes*, Regarding Public Entity Crimes and all of the information provided is true and correct.

Dated this 18 day of August, 2026.

PROPOSAL

Prepared for:
Meadow Pointe II

Prepared by:
SUNRISE LANDSCAPE
MADELEINE SPIVEY

Cover Letter

Paul,

Thank you for allowing Sunrise Landscape the opportunity to bid on the landscape maintenance for Meadow Pointe 2. Drawing from our 40 plus years of local experience, we believe we can establish a lasting partnership and be a valuable asset to both the appearance and long term health of your landscape.

At Sunrise, we believe in more than maintaining landscapes. We strive to be true partners in enhancing and preserving the beauty of your community. Our approach is rooted in understanding your property's unique needs, aligning with your priorities, and building a service plan that supports both day to day maintenance and long term landscape success.

- Understanding the property from the start by reviewing current conditions, service expectations, high visibility areas, access needs, and community priorities.
- Building a clear communication process so management and board representatives know who to contact, how service requests are handled, and what to expect from our team.
- Evaluating overall landscape health including irrigation performance, turf conditions, plant health, soil needs, and seasonal maintenance priorities.
- Providing practical, budget conscious recommendations that support curb appeal, address concerns early, and help guide long term landscape planning.

In short, we believe the execution of maintenance is important, but the partnership should not end there. Our goal is to provide consistent service, proactive communication, and thoughtful recommendations that support the long term care of your property.

The details and budget of the proposed program are outlined in the following pages of this document. Thank you for your consideration. We look forward to the opportunity to serve as long term stewards of the Inframark landscape.

MADELEINE SPIVEY

mspivey@sunriselandscape.com

About Us

Sunrise Landscape was founded in 1978 with a mission to provide an elevated customer experience through the tenets of **Professionalism, Accountability,** and **Partnership.** We provide a full suite of commercial landscape, irrigation, and horticulture services through our maintenance and installation divisions.

Equipped for Every Landscape

Sunrise currently services all varieties of commercial properties **throughout Florida** including: CDD's, HOA's, hospitals, medical offices, multifamily complexes, retail centers, industrial facilities, office parks, corporate campuses, churches, and more. With **1,200+ employees** and **2000+ managed properties,** Sunrise is prepared for a job of any size and complexity.

Rooted in Florida

With over **four decades** of local experience, we are intimately knowledgeable of our local flora. Our entire company lives, works, and gives back to our community.

Recognized for Growth and Industry Leadership

Sunrise is proud to be recognized among the top landscape companies in the country, with rankings on Landscape Management's LM150 list, Lawn & Landscape's Top 100 list, the Inc. 5000 list of fastest-growing private companies, and local community award lists. These honors reflect our continued growth, operational strength, and commitment to delivering dependable landscape maintenance and installation services across Florida.

Certified Experts

Sunrise proudly staffs subject matter experts with the following **licenses** and **certifications**:

- Florida State Irrigation License
- Florida General Contractor
- Certified Pest Control Operator
- ISA Certified Arborist
- FNGLA Certified Horticulture Professional
- Florida Dept. Of Agriculture Train The Trainer

All Work Performed In-House

We pride ourselves in taking ownership of the entire customer experience. Sunrise is proud to offer full service landscape maintenance, landscape construction, and landscape design services in-house:

Maintenance **Horticulture** **Irrigation** **Construction** **Design**

Communication

Clear communication is essential to a successful landscape partnership. Each Sunrise property is supported by a dedicated Client Relationship Manager who serves as the primary point of contact for management, board representatives, and approved community contacts. This helps ensure requests are routed properly, priorities are documented, and follow up remains consistent. Whether an item is shared by email, phone, text, or through the Service Ticket Portal, our team works to provide timely updates, clear next steps, and proactive communication around property needs, service concerns, and upcoming work.

Dedicated Point of Contact

Every Sunrise property is supported by a dedicated Client Relationship Manager who serves as the primary point of contact for management, board representatives, and approved community contacts. This helps ensure priorities are clearly documented, requests are routed properly, and communication remains consistent.

Service Ticket Portal

Approved users may submit landscape related requests through the Sunrise Service Ticket Portal to help streamline communication and track progress. Each request is reviewed by the Sunrise team and routed to the appropriate team member for follow up, documentation, and resolution.

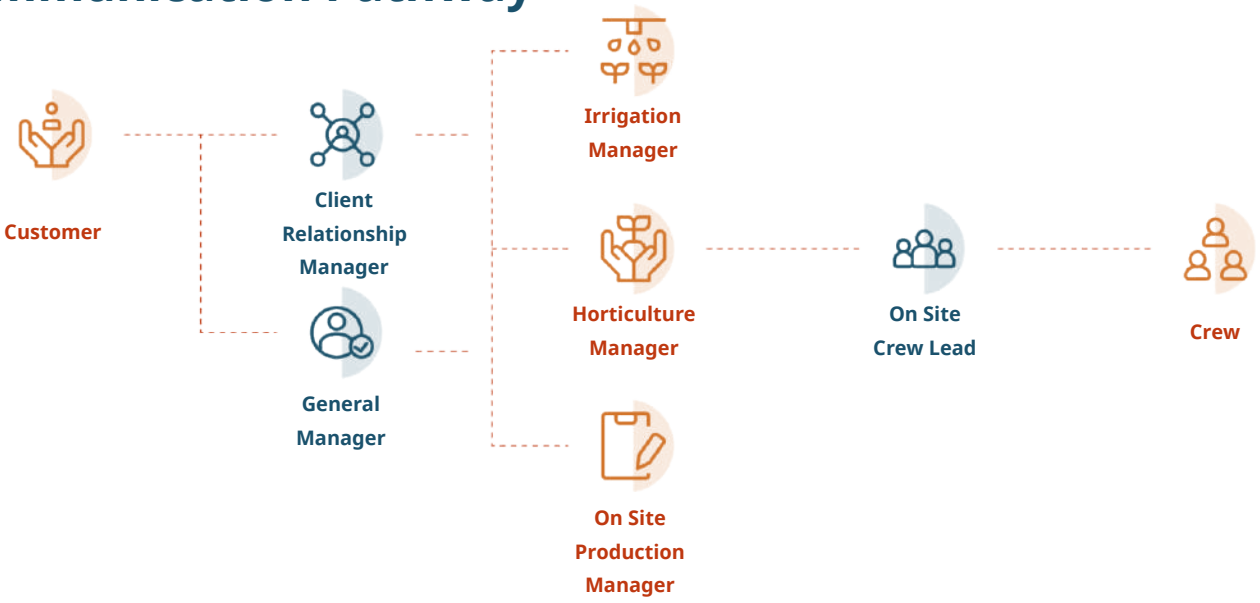

Timely Updates

Sunrise provides clear communication on service needs, property concerns, upcoming work, and items that require review or approval. Our goal is to keep management informed with timely next steps, so requests do not get lost and expectations remain clear.

Escalation Support

When an item requires additional attention, your Client Relationship Manager will coordinate with the appropriate operations leader to help review the concern, determine next steps, and support a timely resolution. This provides a clear path for addressing urgent needs, recurring concerns, or items that require management or board discussion.

Communication Pathway

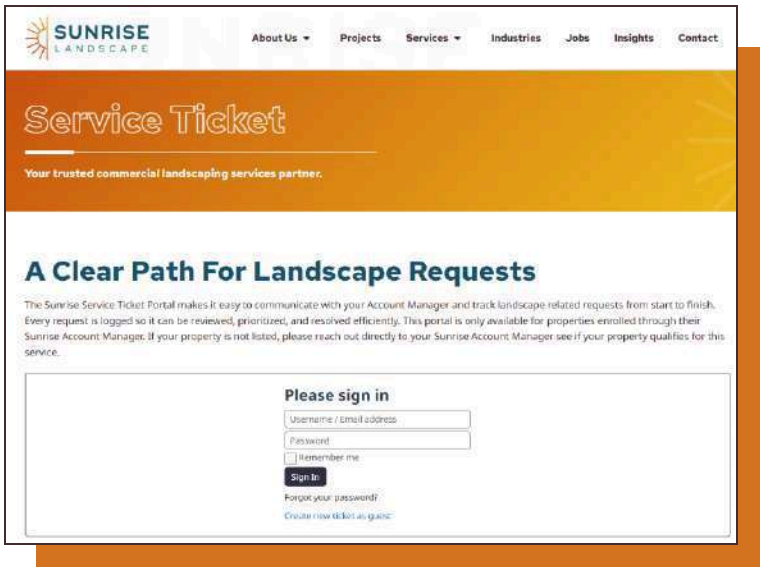

Service Ticket Portal

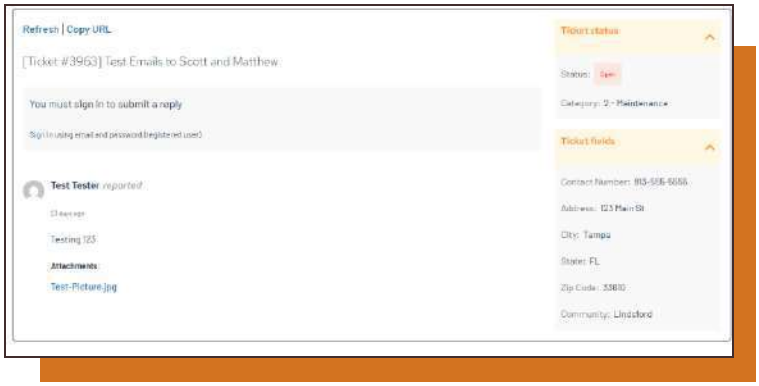

For larger communities, Sunrise offers access to a Service Ticket Portal to help streamline landscape related communication. Approved users can submit requests, attach photos, receive confirmation, and track progress through a simple email link.

Submit Requests
Share landscape requests with property details, descriptions, and photos when needed.

Track Progress
Each ticket is logged with a confirmation email, ticket number, and link to see updates.

Stay Connected
Users can reply directly to the confirmation email for follow up communication.

How It Works

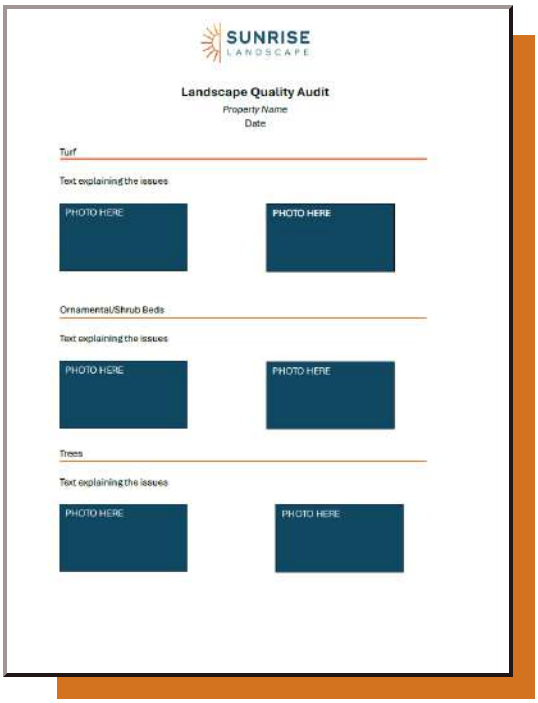

1. Visit sunriselandscape.com and select “Service Ticket.”
2. Choose “Create new ticket as guest.”
3. Complete the request details, including name, property, description, and photos if needed.
4. Submit the ticket.
5. Receive a confirmation email from service@sunriselandscape.com with a ticket number and tracking link.
6. Ticket's are followed up by your Client Relationship Manager through email.

Scan to watch an instructional video!

Helpful Reminders
We ask residents and managers to submit a ticket for each service type, such as irrigation, maintenance, or enhancement requests. Users can reply directly to the confirmation email for follow up communication, and the tracking link can be used to view progress at any time.

Reporting

Sunrise provides reporting designed to give management and board members clear visibility into the condition, priorities, and progress of the landscape. Reporting can be tailored to the format, cadence, recipients, and level of detail preferred by the board or property management team. Depending on the needs of the community, reporting may include property observations, photo documentation, service updates, open items, enhancement opportunities, irrigation related concerns, and requested audit details.

Landscape Quality Audits

Sunrise conducts routine property reviews to observe landscape conditions, service quality, turf, beds, pruning, weeds, and overall appearance. Formal Landscape Quality Audit reporting can be included upon request or as part of an agreed reporting cadence with the board or property management team.

Irrigation Observations

Our team monitors visible irrigation related concerns during regular service and communicates items that may impact landscape health, coverage, or water efficiency. More detailed irrigation reporting, including zone reviews, controller information, repair notes, or system recommendations, can be provided upon request or as part of a property specific reporting plan.

COMMENTS

TIME IN

TIME OUT

Tailored to Your Community

Reporting does not have to follow a one size fits all format. Sunrise can adjust the reporting style, cadence, recipients, and level of detail based on what is most helpful for the board, management team, and community.

Storm Planning & Response

Florida's hurricane season can bring serious risk to commercial properties, including high winds, heavy rainfall, storm debris, and access challenges. Sunrise Landscape helps your property prepare early, respond quickly when conditions allow, and restore common areas with a clear plan that supports safety, access, and the long term health of your landscape.

Pre Storm Property Assessment

Our team conducts a landscape review to identify potential risk areas, including tree and limb concerns, drainage observations, loose landscape material, and access points that may need to remain clear during severe weather.

Tree and Branch Pruning

Proactive pruning helps reduce weak limbs, improve tree structure, and protect the safety and appearance of your property. Our team focuses on removing deadwood, addressing overgrowth, and identifying branches that may create access or safety concerns during high winds.

Preapproved Cleanup Planning

Having a cleanup plan in place before storm season helps reduce delays when communication, power, or property access may be limited. Sunrise works with clients to establish clear direction for approved storm cleanup needs so our teams can respond more efficiently once conditions are safe.

Post Storm Response

Once it is safe to return, Sunrise begins assessing the property and prioritizing approved cleanup needs. Our response is focused on restoring access, addressing immediate safety concerns, and helping the property move forward with care and efficiency.

Our post storm response may include:

1. Assessing the property when conditions are safe
2. Clearing vehicle access and critical entry points
3. Removing hazardous debris from roads, sidewalks, entrances, driveways, and common areas
4. Staging or loading approved debris for removal
5. Reviewing plant material or trees that may be salvageable
6. Coordinating restoration recommendations and continued care

Property Map

The Team

Tom Bryant

ASSOCIATE GENERAL MANAGER

Tom is a seasoned Landscape professional with over 25 years of experience in the green industry. A proud native of Tennessee, Tom has built a reputation for delivering exceptional service and fostering strong client relationships. With a deep understanding of the industry's needs and a commitment to excellence, Tom continues to drive growth and enhance client satisfaction at every level.

Guillermo Ishida

AGRONOMY MANAGER

Guillermo serves as Agronomy Manager for Sunrise, bringing more than 28 years of landscape industry experience. With a bachelor's degree in Agronomy and a specialization in Plant Pathology, he provides technical expertise in turf health, plant nutrition, pest and disease management, irrigation, and ornamental care. Guillermo works closely with operations teams and Client Relationship Managers to develop practical, science-based solutions that protect plant health and support long term landscape performance. His certifications include Florida Certified Pest Control Operator, FNGLA Certified Horticulture Professional, ISA Certified Arborist, and Florida Pesticide Applicator Trainer.

Brad Amos

ENHANCEMENT AND IRRIGATION MANAGER

With 29 years of experience in the landscape industry, Brad serves as an Enhancement and Irrigation Manager, overseeing projects that improve the beauty, functionality, and sustainability of outdoor spaces. He enjoys that no two days are ever the same, with each project bringing new challenges and opportunities to learn, lead, and deliver exceptional results. Known for being approachable, driven, and hardworking, he takes pride in building strong client relationships and supporting his team in achieving high-quality outcomes. He is committed to continuous improvement and creating landscapes that make a lasting impact.

Alex Gonzalez

GENERAL MANAGER

Alex Gonzalez has a BA in Business Administration from King University. In 2020, Alex joined Sunrise as an Account Manager and quickly became a key part of the company's operations. In 2022, he was promoted to Branch Manager of Sunrise's Manatee Branch, providing an excellent customer experience to partners in Manatee and Sarasota Counties. Alex is now Regional Vice President now overseeing multiple branches including Manatee, Tampa, Pinellas and Ocala. He leads all aspects of operations and takes a partnership approach with his customer base to ensure the best possible results.

E-Verify

All Sunrise employees are screened through the US Government's E-Verify System. E-verify is an internet-based system that compares information from the I-9 form, Employment Eligibility Verification, US Department of Homeland Security records, and Social Security Administration records to confirm that an employee is authorized to work in the United States.

Sunrise Standards

Every property is different, but the standard we hold ourselves to is not. Below is the baseline our crews follow on every visit, so you always know what to expect — and what to hold us accountable to.

Turf Care

- Mowed within a two- to five-inch range depending on turf type — never scalped, never left shaggy
- No more than one-third of the blade removed in a single cutting, protecting the health of the grass
- Hard edging along walks, drives, and curbs performed every visit; soft (bed) edging on a rotating schedule
- Clippings and debris cleared from hardscapes and walkways after every mow

Beds & Shrubs

- Pruned to retain each plant's natural shape and the property's original design intent — not sheared into unnatural forms unless a hedge line calls for it
- Dead, damaged, or overhanging growth removed as it's identified, not left for the next visit
- Beds and tree wells weeded on a consistent basis to keep plant material free of competition

Weed Control

- Open ground, driveways, and walkways addressed on a regular cycle using manual and chemical methods as conditions allow
- Spot treatment applied as needed between full-property visits, so problem areas don't wait for the next scheduled service

Fertilization & Plant Health

- Applications follow UF/IFAS and FNGLA guidance for turf and plant species, soil conditions, and time of year
- Monthly monitoring for insect activity, disease, and invasive weeds — treated as needed rather than on a fixed chemical schedule
- Minimal-input approach: only the amount of product necessary to get results, protecting your budget and the property's long-term health

Trees & Palms

- Trees maintained with clear trunks and canopy raised to a consistent, safe height along walkways and drives
- Interior deadwood and sucker growth removed to preserve structure and reduce storm risk
- Palms detailed each visit — dead fronds and spent seed pods removed, fronds trimmed to a clean, uniform look
- Canopy work beyond standard reach quoted separately to keep pricing accurate for your property

Irrigation

- Every zone inspected monthly for coverage, alignment, and proper operation
- Watering adjustments made seasonally to match plant and turf needs while supporting water efficiency

Please Note
Standards are followed in accordance with county, state, and federal regulations, and may be adjusted seasonally based on weather, dormancy, and site-specific conditions.

Property Startup Guide

A smooth transition starts before our first day on property. Once the agreement is approved, Sunrise begins preparing the team, property information, communication process and initial priorities. Every community is unique, so this timeline is intended to serve as a general guide. Timing may vary based on start date, seasonality, property conditions, irrigation access, approvals and contract scope.

Before Service Begins

ALIGN PRIORITIES

Before service begins, Sunrise works with management and board representatives to understand the property, confirm expectations and prepare for a smooth transition. This typically includes:

- Confirming community priorities, decision makers and communication expectations
- Reviewing the approved scope of work, service expectations, site maps, access details and property rules
- Completing a baseline walkthrough to document current conditions and high visibility areas
- Establishing emergency contacts, service request procedures and reporting

Weeks 1 to 2

GO LIVE AND ASSESS

During the first two weeks, Sunrise begins service while completing a deeper review of the property. This typically includes:

- Beginning maintenance service according to the approved scope
- Completing an initial Landscape Quality Inspection
- Reviewing landscape areas, irrigation zones, site plans and open concerns
- Identifying initial deficiencies, property priorities and early enhancement opportunities

Weeks 3 to 4

STABILIZE AND COMMUNICATE

As service gets underway, the focus shifts to stabilizing the schedule, addressing immediate needs and communicating next steps. This typically includes:

- Refining the seasonal maintenance schedule and service rhythm
- Evaluating irrigation controllers, visible leaks, coverage and runtimes
- Addressing immediate concerns such as overgrowth, weeds, dead plant material, safety hazards or visibility issues
- Providing a corrective action plan, monthly maintenance calendar and repair recommendations when needed

Months 2 to 3

OPTIMIZE AND PLAN AHEAD

Once the property is in a consistent service rhythm, Sunrise begins looking ahead to long term property health and improvement planning. This typically includes:

- Reviewing plant health, mulch, pest pressure, turf conditions and irrigation efficiency
- Continuing quality inspections and monthly reporting
- Identifying landscape enhancement recommendations and property improvement budget options
- Meeting with management and board representatives to review progress, open items, resident feedback and next quarter priorities
- Developing a long term landscape plan and capital improvement roadmap when applicable

AFFIDAVIT REGARDING PROPOSAL

STATE OF Florida
COUNTY OF Hillsborough

Before me, the undersigned authority, appeared the affiant, Madeleine Spivey, and having taken an oath, affiant, based on personal knowledge, deposes and states:

1. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of Bussiness Development for Sunrise Landscape ("Proposer"), and am authorized to make this Affidavit Regarding Proposal on behalf of Proposer.

2. I assisted with the preparation of, and have reviewed, the Proposer's proposal ("Proposal") provided in response to Meadow Pointe II Community Development District's ("District") request for proposals for landscape and irrigation maintenance services. All of the information provided therein is full and complete, and truthful and accurate. I understand that intentional inclusion of false, deceptive or fraudulent statements, or the intentional failure to include full and complete answers, may constitute fraud; and, that the District may consider such action on the part of the Proposer to constitute good cause for rejection of the proposal.

3. I do hereby certify that the Proposer has not, either directly or indirectly, participated in collusion or proposal rigging.

4. The Proposer agrees through submission of the Proposal to honor all pricing information for ninety (90) days from the opening of the proposals, and if awarded the contract on the basis of this Proposal to enter into and execute the contract in the form included in the Project Manual.

5. The Proposer acknowledges the receipt of the complete Project Manual as provided by the District and as described in the Project Manual's Table of Contents, as well as the receipt of the following Addendum No.'s: Addendum 1, August 14.

6. By signing below, and by not filing a protest within the seventy-two (72) hour period after issuance of the Project Manual (i.e., by no later than Wednesday, July 29, 2026, at 10:00 AM (EDT)), the Proposer acknowledges that (i) the Proposer has read, understood, and accepted the Project Manual; (ii) the Proposer has had an opportunity to consult with legal counsel regarding the Project Manual; (iii) the Proposer has agreed to the terms of the Project Manual; and (iv) the Proposer has waived any right to challenge any matter relating to the Project Manual, including but not limited to any protest relating to the proposal notice, proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the evaluation criteria, the evaluation process, or any other issues or items relating to the Project Manual.

7. The Proposer authorizes and requests any person, firm or corporation to furnish any pertinent information requested by the District, or its authorized agents, deemed necessary to verify the statements made in the Proposal, or regarding the ability, standing, integrity, quality of performance, efficiency, and general reputation of the Proposer.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Affidavit Regarding Proposal and that the foregoing is true and correct.

Dated this 19 **day of** August **, 2026.**

PROPOSAL FORM
PART III –PRICING

NOTE: This pricing form is intended to cover pricing for the initial one year term of the contract. It is assumed that prices will remain the same through each of the four potential annual renewal terms. If the Proposer intends to change pricing for any renewal term, then the Proposer should submit multiple pricing forms, one for each renewal term. Otherwise, the prices stated below will be binding for the initial one year term, and any annual renewal terms.

Having carefully examined the specifications and having thoroughly inspected said property, the undersigned proposes to furnish all labor, materials and proper equipment for the entire scope of work, in accordance with said specifications, for the sum of:

SWORN STATEMENT UNDER SECTION 287.133(3)(a), *FLORIDA STATUTES*, REGARDING PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District.

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of Business Development for Sunrise Landscape ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is 5521 Baptist Church Rd Tampa, FL 33609

4. Proposer's Federal Employer Identification Number (FEIN) is 84-2788107

   (If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement:)

5. I understand that a "public entity crime" as defined in Section 287.133(1)(g), *Florida Statutes*, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

6. I understand that "convicted" or "conviction" as defined in Section 287.133(1)(b), *Florida Statutes*, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

7. I understand that an "affiliate" as defined in Section 287.133(1)(a), *Florida Statutes*, means:

   1. A predecessor or successor of a person convicted of a public entity crime; or,

   2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

8. I understand that a "person" as defined in Section 287.133(1)(e), *Florida Statutes*, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which proposals or applies to proposal on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

9. Based on information and belief, the statement which I have marked below is true in relation to the Proposer submitting this sworn statement. (Please indicate which statement applies.)

X Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity or an affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (please indicate which additional statement applies):

_____ There has been a proceeding concerning the conviction before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Florida Department of Management Services.)

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing **Sworn Statement** under Section 287.133(3)(a), *Florida Statutes*, Regarding Public Entity Crimes and all of the information provided is true and correct.

Dated this 19 day of August, 2026.

4. Proposer's Federal Employer Identification Number (FEIN) is 84-2788107

   (If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement :)

5. I understand that, subject to limited exemptions, Section 287.135, *Florida Statutes*, declares a company that at the time of proposing or submitting a proposal for a new contract or renewal of an existing contract is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List, created pursuant to Section 215.473, *Florida Statutes*, is ineligible for, and may not proposal on, submit a proposal for, or enter into or renew a contract with a local governmental entity for goods or services of $1 million or more.

6. Based on information and belief, at the time the Proposer submitting this sworn statement submits its proposal to the District, neither the Proposer, nor any of its officers, directors, executives, partners, shareholders, members, or agents, is listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

7. If awarded the contract, the Proposer will immediately notify the District in writing if either the entity, or any of its officers, directors, executives, partners, shareholders, members, or agents, is placed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement and all of the information provided is true and correct.

ANTI-HUMAN TRAFFICKING AFFIDAVIT

I, Madeleine Spivey as Business Development Manager on behalf of Sunrise Landscape, a Florida limited liability company (the "Contractor"), under penalty of perjury hereby attest as follows:

1. I am over 21 years of age and an officer or representative of the Contractor.

2. The Contractor does not use coercion for labor or services as defined in Section 787.06(2)(a), *Florida Statutes*.

3. More particularly, the Contractor does not participate in any of the following actions:

(a) Using or threatening to use physical force against any person;

(b) Restraining, isolating or confining or threatening to restrain, isolate or confine any person without lawful authority and against her or his will;

(c) Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of the labor or services are not respectively limited and defined;

(d) Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

(e) Causing or threatening to cause financial harm to any person;

(f) Enticing or luring any person by fraud or deceit; or

(g) Providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03, *Florida Statutes*, to any person for the purpose of exploitation of that person.

Equal Employment Opportunity

Drug-Free Workplace Policy

Sunrise Landscape is committed to the safety, health and wellbeing of all employees.

We recognize alcohol and drug abuse as potential health, safety and security problems. It is expected that all employees will assist in maintaining a work environment free from the effects of alcohol, drugs or other intoxicating substances. Compliance with this substance abuse policy is made a condition of employment.

Employees are prohibited from the following when reporting for work, while on the job, on Company or customer premises or surrounding areas, or in any vehicle used for Company business:

The unlawful use, possession, transportation, manufacture, sale, dispensation or other distribution of an illegal or controlled substance or drug paraphernalia;

The unauthorized use, possession, transportation, manufacture, sale, dispensation or other distribution of alcohol; and being under the influence of alcohol or having a detectable amount of an illegal or controlled substance in the blood or urine ("controlled substance" means a drug or other substance as defined in applicable federal laws on drug abuse prevention).

Any employee violating these prohibitions will be subject to disciplinary action up to and including termination. Any employee convicted under any criminal drug statute for a violation occurring while on the job, on Company or customer premises, or in any vehicle used for Company business must notify the Company no later than 5 days after such a conviction. A conviction includes any finding of guilt or plea of no contest and/or imposition of a fine, jail sentence, or other penalty.

Drug and alcohol testing will be carried out in compliance with any applicable state and federal laws and regulations.

Employees or job applicants may confidentially report to the company's medical review officer (MRO) the use of prescription or nonprescription medications both before and after being tested. Additionally, employees and job applicants shall receive notice of the most common drugs or medications - by brand name or common name, as applicable, as well as by chemical name - which may alter or affect a drug test.

We recognize that employees suffering from alcohol or drug dependence can be treated. We encourage any employee to seek professional care and counseling prior to any violation of this policy.

H2B Program Participation

Sunrise Landscape is committed to ensuring that customer needs are meet year-round and during the height of the landscape season, there are times when we cannot fill demand with local candidates. Sunrise Landscape participates in the H2B visa program, allowing us to hire foreign workers in temporary non-agricultural occupations for a period of less than one year.

To ensure program compliance, Sunrise Landscape partners with approved external parties to support the application, recruiting, hiring and travel process for these workers. Our high-level process is as follows:

Develop job description(s) for worker needs.

- Apply and receive a Department of Labor Prevailing Wage Determination.
- Pursue certification of the requested visas through the Department of Labor.
- Petition for the requested visas from the United States Citizenship & Immigration.
- Receive approvals.
- Place workers in locations for Sunrise Landscape.

Sunrise Landscape follows all program protocols, including, but not limited to

- Providing/reimbursing the worker for transport/subsistence from the worker's home to the worksite. We pay for inbound and outbound transportation, daily subsistence, and lodging for the time workers (U.S. and Foreign) are traveling to the starting worksite location from their home. We provide reimbursement for transportation / subsistence / necessary lodging and visa, visa processing, and border crossing fees.

- Providing/reimbursing the worker for transport/subsistence from the worker's home to the worksite. We pay for inbound and outbound transportation, daily subsistence, and lodging for the time workers (U.S. and Foreign) are traveling to the starting worksite location from their home. We provide reimbursement for transportation / subsistence / necessary lodging and visa, visa processing, and border crossing fees.
- Follow the ¾ guarantee that beginning on the first day the worker arrives, the worker is guaranteed work hours equal to at least 75% of the workdays in each 12-week period (6 weeks for a short season of less than 120 days) and ending on your certified end date.
- Keep accurate records in regard to pay and earnings. Each worker is given a pay stub showing hours offered, hours actually worked, hourly rate and/or piece-rate of pay, and, if piece-rates are used, the number of units produced daily. The pay indicates total earnings for the pay period and all deductions from wages.
- Provide, at no charge, all tools, supplies, uniforms and equipment required to perform the duties assigned.

EEO Compliant Handling Procedures

It is this company's policy to regularly inform employees that the organization's dispute resolution system is available for handling discrimination complaints or problems. Employees who have Equal Employment Opportunity-related questions, problems or complaints should first communicate their concern to their immediate supervisor. If they are dissatisfied with the supervisor's handling of the matter, they may pursue their complaint in the company's formal dispute resolution procedure.

All will be handled fairly and expediently. No employee shall suffer complaints reprisals for seeking resolution of a problem through the procedure.

E-Verify and I-9 Employment Eligibility

Sunrise Landscape is committed to employing only United States citizens and aliens who are authorized to work in the United States.

Sunrise Landscape complies and voluntarily E-Verifies all employees. U.S. law requires companies to employ only individuals who may legally work in the United States - either U.S. citizens, or foreign citizens who have the necessary authorization. This diverse workforce contributes greatly to the vibrancy and strength of our economy, but that same strength also attracts unauthorized employment.

E-Verify is an Internet-based system that allows businesses to determine the eligibility of their employees to work in the United States. E-Verify is fast, free and easy to use - and it's the best way employers can ensure a legal workforce.

In compliance with the Immigration Reform and Control Act of 1986, as amended, each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 (the "I-9") and present documentation establishing identity and employment eligibility. All employees are asked on their first day of employment to provide original documents verifying the right to work in the United States and to sign a verification form required by federal law (INS Form I-9). If an individual cannot verify their right to work within three days of hire, Sunrise Landscape, must terminate employment. Former employees who are rehired must also complete the form if they have not completed an I-9 with the Company within the past 3 (three) years, or if their previous I-9 is no longer retained or valid.

It is the policy of this company that all employees and applicants for employment are guaranteed equality of employment opportunity. Essentially, this means that, as an employer, we will not discriminate against any worker or job applicant on the basis of race, color, religion, gender, age, gender identity, national origin, marital status, ability status or veteran status.

Recruitment, selection, placement, transfer, promotion, discipline, termination, reinstatement, training and education, tuition assistance, compensation, benefits and layoff decisions made by the supervisors or managers of this company will be based upon the job-related qualifications and abilities of candidates. In some cases, seniority may be treated as a factor to be considered in the selection process. Employees who apply for a promotion or transfer will be given equal consideration.

Any employee who believes there has been a denial of equal opportunity in the workplace has the responsibility and is encouraged to bring such matters immediately to the attention of a supervisor or manager. All complaints will be investigated, and a response resolution made to the employee.

Sunrise has a zero-tolerance policy towards unlawful discrimination. Persons engaging in such prohibited activities will be subject to discipline, up to and including termination without notice.

Americans with Disabilities Act (ADA)

Sunrise is committed to provide equal access and opportunities to job applicants and employees with qualified disabilities and prohibits discrimination on the basis of disability in the application process and the employment relationship. It is the policy and practice of the Company to comply with the Americans with Disabilities Act, as well as with applicable state and local laws prohibiting discrimination on the basis of a disability.

Statement of Commitment

As an employer, Sunrise Landscape welcomes the opportunity to affirm our continuing policy to provide equal employment or advancement opportunity and to dedicate ourselves to establishing a work environment which is free from discrimination.

As an employer, we will continually review our personnel practices and procedures to ensure that all supervisors and managers are adhering to our commitment to Equal Employment Opportunity principles. It is our expectation that all employees shall demonstrate respect for and awareness of the diversity of all our employees and model our corporate commitment to diversity.

EEO/AA Communication

This Equal Employment Opportunity Policy Statement shall be communicated to all supervisors and managers. It shall also be posted conspicuously (on company bulletin boards or common areas) and in areas where applicants are typically screened, interviewed and tested. The intent of this communication of the Policy Statement is that all of the company's employees are alerted and that job applicants are informed of our commitment. It is also the company's intent to include this Policy Statement in employee handbooks or orientation literature and to keep employees informed of Policy Statement changes or updates.

The terms "Equal Opportunity Employer" shall be utilized in recruitment advertisements and literature.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

SR Landscaping LLC

2 Business name/disregarded entity name, if different from above.

DBA Sunrise Landscape

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) C

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions ☐

5 Address (number, street, and apt. or suite no.). See instructions.

5100 W. Kennedy Blvd., Suite 325

Requester's name and address (optional)

6 City, state, and ZIP code

Tampa, FL 33609

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

8	4	–	2	7	8	8	1	0	7

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person** Rita Cuellar **Date** 1/7/2026

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

RE: Landscape & Irrigation Maintenance Services Proposal

Dear Ladies and Gentlemen of the Board of Directors:

Thank you for the opportunity to provide the enclosed landscape maintenance proposal for your community. We are honored to earn the opportunity to serve you and your residents, and we are excited to bring our unique brand of local, family-owned and highly experienced service to your District.

Founded and privately owned by David and Pete Lucadano in 2017, RedTree Landscape Systems has been rated as a national "Best Places To Work" landscape company winner and a Top 10 "Largest Landscape Companies in Tampa Bay" by the *Tampa Bay Business Journal.* Currently servicing many of the most reputable and beautiful CDD communities in the Tampa Bay Area, you will find that RedTree Landscape Systems is the answer to providing the results that you expect for your landscape.

This proposal will provide you with a very clear, complete and detailed submission of the following sections for your review:

1. **Price**
2. **Personnel & Equipment**
3. **Experience**
4. **Financial Capability**
5. **Understanding Scope**

We look forward to meeting you and answering any questions that you have regarding our company and our proposal.

Respectfully,

David J. Lucadano
Owner / President

AFFIDAVIT REGARDING PROPOSAL

STATE OF Florida
COUNTY OF Pasco

Before me, the undersigned authority, appeared the affiant, David Lucadano , and having taken an oath, affiant, based on personal knowledge, deposes and states:

1. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of President / Owner for RedTree Landscape Systems, LLC ("Proposer"), and am authorized to make this Affidavit Regarding Proposal on behalf of Proposer.

2. I assisted with the preparation of, and have reviewed, the Proposer's proposal ("Proposal") provided in response to Meadow Pointe II Community Development District's ("District") request for proposals for landscape and irrigation maintenance services. All of the information provided therein is full and complete, and truthful and accurate. I understand that intentional inclusion of false, deceptive or fraudulent statements, or the intentional failure to include full and complete answers, may constitute fraud; and, that the District may consider such action on the part of the Proposer to constitute good cause for rejection of the proposal.

3. I do hereby certify that the Proposer has not, either directly or indirectly, participated in collusion or proposal rigging.

4. The Proposer agrees through submission of the Proposal to honor all pricing information for ninety (90) days from the opening of the proposals, and if awarded the contract on the basis of this Proposal to enter into and execute the contract in the form included in the Project Manual.

5. The Proposer acknowledges the receipt of the complete Project Manual as provided by the District and as described in the Project Manual's Table of Contents, as well as the receipt of the following Addendum No.'s: 1 - rec'd August 16, 2026.

6. By signing below, and by not filing a protest within the seventy-two (72) hour period after issuance of the Project Manual **(i.e., by no later than Wednesday, July 29, 2026, at 10:00 AM (EDT))**, the Proposer acknowledges that (i) the Proposer has read, understood, and accepted the Project Manual; (ii) the Proposer has had an opportunity to consult with legal counsel regarding the Project Manual; (iii) the Proposer has agreed to the terms of the Project Manual; and (iv) the Proposer has waived any right to challenge any matter relating to the Project Manual, including but not limited to any protest relating to the proposal notice, proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the evaluation criteria, the evaluation process, or any other issues or items relating to the Project Manual.

7. The Proposer authorizes and requests any person, firm or corporation to furnish any pertinent information requested by the District, or its authorized agents, deemed necessary to verify the statements made in the Proposal, or regarding the ability, standing, integrity, quality of performance, efficiency, and general reputation of the Proposer.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Affidavit Regarding Proposal and that the foregoing is true and correct.

Dated this 18th day of August, 2026.

PART III –PRICING

NOTE: This pricing form is intended to cover pricing for the initial one year term of the contract. It is assumed that prices will remain the same through each of the four potential annual renewal terms. If the Proposer intends to change pricing for any renewal term, then the Proposer should submit multiple pricing forms, one for each renewal term. Otherwise, the prices stated below will be binding for the initial one year term, and any annual renewal terms.

Having carefully examined the specifications and having thoroughly inspected said property, the undersigned proposes to furnish all labor, materials and proper equipment for the entire scope of work, in accordance with said specifications, for the sum of:

SWORN STATEMENT UNDER SECTION 287.133(3)(a), *FLORIDA STATUTES*, REGARDING PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District.

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of President / Owner for RedTree Landscape Systems, LLC ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is 5532 Auld Lane, Holiday, FL 34690

4. Proposer's Federal Employer Identification Number (FEIN) is 82-3591450

   (If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement:)

5. I understand that a "public entity crime" as defined in Section 287.133(1)(g), *Florida Statutes*, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

6. I understand that "convicted" or "conviction" as defined in Section 287.133(1)(b), *Florida Statutes*, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

7. I understand that an "affiliate" as defined in Section 287.133(1)(a), *Florida Statutes*, means:

   1. A predecessor or successor of a person convicted of a public entity crime; or,

   2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

8. I understand that a "person" as defined in Section 287.133(1)(e), *Florida Statutes*, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which proposals or applies to proposal on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

9. Based on information and belief, the statement which I have marked below is true in relation to the Proposer submitting this sworn statement. (Please indicate which statement applies.)

X_____Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity or an affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (please indicate which additional statement applies):

_____There has been a proceeding concerning the conviction before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Florida Department of Management Services.)

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement under Section 287.133(3)(a), *Florida Statutes*, Regarding Public Entity Crimes and all of the information provided is true and correct.

Dated this 18th day of August, 2026.

SWORN STATEMENT PURSUANT TO SECTION 287.135(5), FLORIDA STATUTES, REGARDING SCRUTINIZED COMPANIES WITH ACTIVITIES IN SUDAN LIST OR SCRUTINIZED COMPANIES WITH ACTIVITIES IN THE IRAN TERRORISM SECTORS LIST

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District ("District").

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of President / Owner for RedTree Landscape Systems, LLC. ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is 5532 Auld Lane, Holiday, FL 34690

4. Proposer's Federal Employer Identification Number (FEIN) is 82-3591450

   (If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement :)

5. I understand that, subject to limited exemptions, Section 287.135, *Florida Statutes*, declares a company that at the time of proposing or submitting a proposal for a new contract or renewal of an existing contract is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List, created pursuant to Section 215.473, *Florida Statutes*, is ineligible for, and may not proposal on, submit a proposal for, or enter into or renew a contract with a local governmental entity for goods or services of $1 million or more.

6. Based on information and belief, at the time the Proposer submitting this sworn statement submits its proposal to the District, neither the Proposer, nor any of its officers, directors, executives, partners, shareholders, members, or agents, is listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

7. If awarded the contract, the Proposer will immediately notify the District in writing if either the entity, or any of its officers, directors, executives, partners, shareholders, members, or agents, is placed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement and all of the information provided is true and correct.

Dated this 18th day of August, 2026.

ANTI-HUMAN TRAFFICKING AFFIDAVIT

I, David Lucadano, as President / Owner, on behalf of RedTree Landscape Systems, LLC, a Florida limited liability company (the "Contractor"), under penalty of perjury hereby attest as follows:

1. I am over 21 years of age and an officer or representative of the Contractor.

2. The Contractor does not use coercion for labor or services as defined in Section 787.06(2)(a), *Florida Statutes*.

3. More particularly, the Contractor does not participate in any of the following actions:

(a) Using or threatening to use physical force against any person;

(b) Restraining, isolating or confining or threatening to restrain, isolate or confine any person without lawful authority and against her or his will;

(c) Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of the labor or services are not respectively limited and defined;

(d) Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

(e) Causing or threatening to cause financial harm to any person;

(f) Enticing or luring any person by fraud or deceit; or

(g) Providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03, *Florida Statutes*, to any person for the purpose of exploitation of that person.

Dated: August 18, 2026

STATEMENT OF FINANCIAL CAPABILITY

Founded in 2017 by David and Peter Lucadano, RedTree Landscape Systems is a privately-owned, privately funded full service landscape contractor based in Holiday, FL.

Recognized by *Lawn and Landscape* magazine as one of the fastest-growing, successful private landscape contractors in the United States, RedTree Landscape Systems benefits from both owners each having 40 years of leadership and commercial landscape experience in the Tampa Bay CDD and commercial market.

The company financial performance has tracked over the past 3 years as follows:

YEAR	REVENUE	EBITDA %	DEBT to EQUITY RATIO
2024	$13.6 MM	18.6%	1.2
2025	$15.5MM	17.4%	0.8
2026 (estimated)	$17.8MM	19.3%	0.6

RedTree Landscape Systems continues to be recognized as a national leader in the Green Industry for innovation, growth, client retention and consistent service delivery. The following is the most recent feature article on RedTree Landscape Systems by *Lawn & Landscape* magazine form April 2026:

Been There, Done That

For RedTree's Peter Lucadano, the world of M&A and private equity involvement is nothing new.

BY KIM LUX, SENIOR EDITOR, LAWN & LANDSCAPE — PUBLISHED APRIL 07, 2026

For Peter Lucadano, the world of M&A and private equity involvement is nothing new.

In fact, his decades-long career in the green industry involved plenty of PE-backing back in the day.

"We've lived in acquisition," he says for him and his brother, Dave, who now own RedTree Landscape Systems — a $17 million Florida company they founded in 2017.

But before there was RedTree, there was Luke Brothers — the brothers first foray into business ownership.

"We founded Luke Brothers Landscape Services when we were high school kids," Peter recalls. "We built that company from the ground up to a $7 million business in 2004...we quickly realized it's hard to grow a company when you don't have any capital... so we went out to market to bring in an equity partner."

Lucadano says a private equity partner came in, purchased majority stock in the company and Luke Brothers went from $7 million to $19 million in a few years with branches all over Florida.

But the fairytale didn't last long, Lucadano notes.

"Our publicly traded partner started changing their leadership, and then that publicly traded partner's new leadership each had even more of a lack of willingness to be effective in the green industry. They were losing interest and heart in proceeding, and their approach became taking profits out of the hind of the customer, and we weren't in agreement with that," he says. "So, one-by-one each of us left."

Once both Dave and Peter were gone, Peter notes Luke Brothers lasted another year before it was out of business.

"When I finally left as president of the company, they ran Luke Brothers out of business in a little over a year," he remembers. "I left with a three-year noncompete, but when they went out of business a few of the customers they had left started calling me, so my brother and I got the band back together as they say."

In comes RedTree — the brothers latest venture that Peter says has continued to grow organically in it's nine years of business.

But that doesn't mean the offers from private equity firms aren't always pouring in.

"I get approached multiple times a week via phone calls, emails, letters, texts — everything. It's no different for other private operators," he says.

Lucadano says with platforms being the latest phase in the PE craze — he and Dave get pitched to start their own all the time.

"There are other entities who are looking for companies like RedTree that are very established, have larger revenues and their own systems — they'll pitch it to make us the platform company," he says. "They want to give us the money to go out and do more acquisitions and tuck those acquisitions under the RedTree brand."

But for now, the Lucadanos have no interest in selling. In fact, Peter says he likes that being family-owned and operated sets him apart in his market.

"As an owner/operator in the business, it's very interesting to watch my competitors completely change around me. It's gotten to the point where there are very few owner/operators who compete with us anymore. We're mostly competing against national companies," he says. "There's good and bad things with that, but we feel it's a positive because we can really present ourselves as a different option for clientele. We're the more personal option. Most of the bid presentations I go to now with multiple companies, myself or David, are the only owners present. Every other company is represented by business developers or regional managers, but not owners."

But even after a bad experience decades ago, Peter says he sees the merit in private equity's involvement in the green industry.

"I think it's a good thing for the industry — it's infused a lot of attention and capital into the green industry," he says. "I think it's also woken our client base up. For those of us in the commercial world...many of them had a different perspective toward the landscape industry. They didn't approach it with the same level of professionalism that they'd approach buying new vehicles or dealing with banks or attorneys — but it's woken them up because now they have to. They understand we're a professional industry too.

"I've found the days of clients trying to chop your price down just because are dying away," Lucadano adds.

Well what's down the road for RedTree? Peter says he and his brother are enjoying being back in business together and have no plans to slow down anytime soon. But will ever include any kind of acquisitions or equity investment? Who's to say.

"My brother and I are in our 50s and we've called this our true second act in life," he admits. "We're only in the midst of it and we're very thankful we have a great management team... We've found organic growth is still our best option. But we would not turn down the opportunity for us to do an acquisition. It could be a very real possibility in the future.

"Who knows what could happen down the road — we certainly are not on the market right now and it's not our intention," Lucadano adds.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

RedTree Landscape Systems, LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐

LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) S

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions ☐

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

5532 Auld Lane

Requester's name and address (optional)

6 City, state, and ZIP code

Holiday, FL 34690

7 List account number(s) here (optional)

Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Social security number

___ – __ – ____

or

Part II Certification

Under penalties of perjury, I certify that:

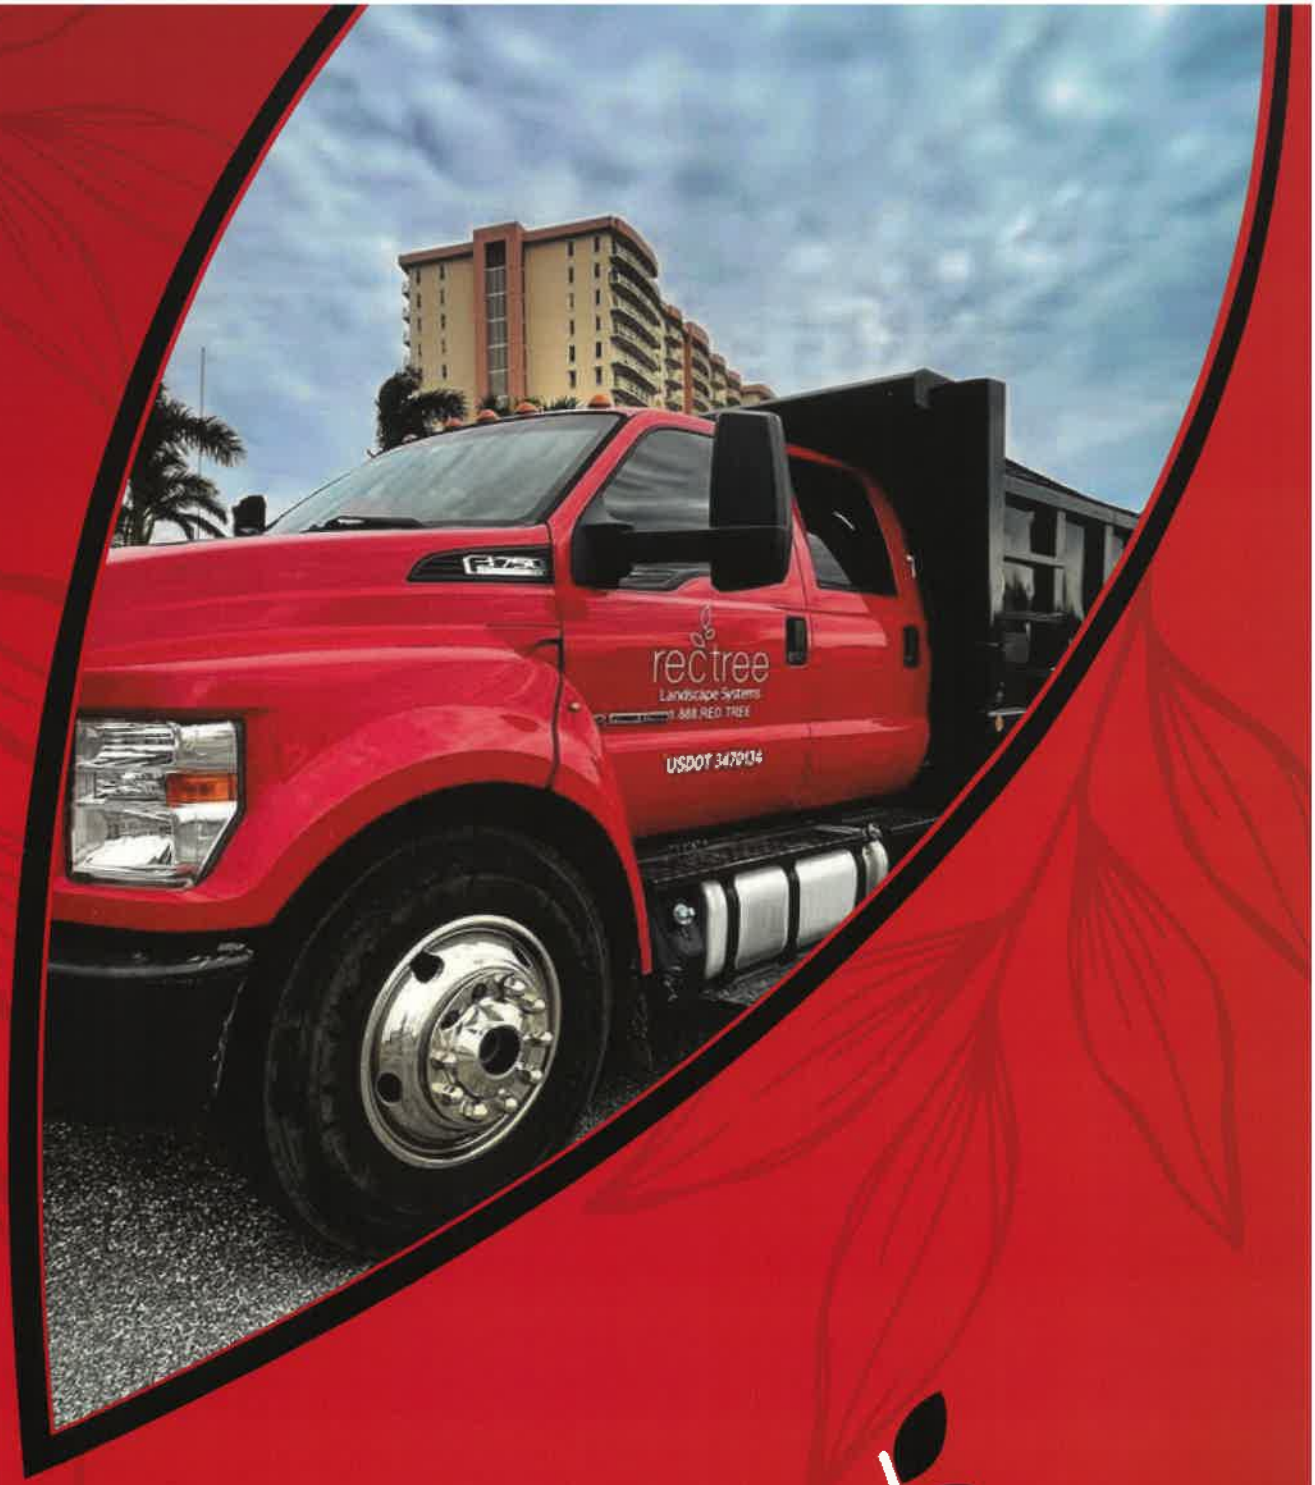

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

ORGINAZATIONAL CHART 2026

Meadow Pointe II CDD

Narrative Description and Operational Plan

All administration, landscape operations, and staging for this contract, will be based out of our corporate headquarters located at:

5532 Auld Lane
Holiday, FL 34690

Our corporate headquarters are owned by David and Peter Lucadano under the name Depco Visions LLC.

- 17-acre facility with on-site green waste disposal and recycling center.
- Over 20,000 sq. ft. of office and warehouse space.
- Tour of our facility is available by appointment

Crews will leave from our base of operations each morning and arrive at your property at approximately 7:30 AM and work on property until 4:00 PM.

Prior to leaving our base of operations each morning, each crew will partake in the following:

- Weekly safety meetings
- Pre-job prep and safety inspection to check all equipment, vehicles, and supplies.
- Fueling up of all equipment and vehicles.
- Loading up vehicles with ice, water, and supplies.
- Review plans, maps, and work orders for each designated section and scope of services.
- Sharpen and sterilize all mower and hedge trimmer cutting blades, chainsaw blades, and pruner blades.
- Clean vehicles and equipment.
- Dump and dispose of green waste debris from previous day's work.

General Manager:
Benjamin Garland
After Hours Contact (727) 810-4253
Oversees entire scope of services to ensure contract compliance, monitor quality, and support crews.

Owners / Technical Specialists and Contract Oversight:
David Lucadano
After Hours Contact (727) 919-3913
Peter Lucadano
After Hours Contact (727) 919-3915
Assure contract performance, oversee all company management and strengthen the Board / Contractor relationship.

Account Manager:
John Burkett
Contact (727) 267-2059
Responsible for overall daily Operations, Scheduling, and communications with all the crews and client, and inspection of overall property at the field level.

OPERATIONS:

GENERAL SERVICES GROUNDS MAINTENANCE – MOWING

Each ground maintenance (mowing crew) will consist of one (1) working crew supervisor and (5) additional crew members. Crew Supervisor will be identified distinctly in a full company uniform labeled with company name and personal name of supervisor. Crew members will be uniformed with company branded dry-fit shirts that are safety-yellow in color.

Each maintenance crew will be equipped with the following:

- Dump truck with large debris holding capacity
- 24' or longer enclosed trailer
- (8) Riding mulch-deck 60" or 72" John Deere ZTR mowers – Largest engines possible with high HP for high-speed mowing.
- (8) Walk-behind mulch-deck mowers 52" or 60" with Velke – Largest engines possible with high HP for high-speed mowing.
- (6) Walk-behind 21" mulching mowers
- (12) String trimmers
- (12) Edgers
- (12) Backpack blowers
- (2) Hurricane street blowers
- (2) Hand blowers
- (6) Extended hedge trimmers
- (6) Chainsaws
- (3) Power pruners
- (6) Backpack sprayers 4G
- Ladders
- Assorted hand tools, rakes, pruners, shovels, etc.
- Debris barrels & trash bags
- Rolling stock of repair tools and supplies for equipment Landscape operations
- Fuel/Oils
- Pesticides for weed control and Fire ants
- Large cooler of ice and water
- First Aid Kit
- Safety cones

Additional support crews (labor, equipment & vehicles) are available to help keep mowing operations on schedule.

GENERAL SERVICES GROUNDS MAINTENANCE – DETAILING:

Each grounds maintenance (detail crew) will consist of one (1) working crew supervisor and (4) additional crew members. Crew supervisor will be identified distinctly in a full company uniform labeled with company name and personal name of supervisor. Crew members will be uniformed with company branded dry-fit shirts that are safety-yellow in color. All detail crew members will be equipped with hand-pruners and sheathes to properly hand prune plants in order to assure proper health, development, and sustainability of plants.

Each detail crew will be equipped with the following:

- Ford F-450 dump truck with large debris holding capacity
- John Deere Gator Utility vehicle with debris trailer
- 16' or longer enclosed or dump trailer
- (6) String Trimmers
- (6) Edgers
- (6) Backpack blowers
- (2) Hand blower
- (10) Extended hedge trimmers
- (6) Chainsaw
- (6) Power pruner
- (12) Backpack sprayers 4G
- Ladders
- Assorted hand tools, rakes, pruners, shovels, etc.
- Debris barrels & trash bags
- Rolling stock of repair tools and supplies for equipment and Landscape operations
- Fuels/Oil
- Pesticides for weed control, IPM, and Bees/Wasps
- Large cooler of ice and water
- First Aid Kit
- Safety cones

Additional support crews (labor, equipment & vehicles) are available to keep detailing operations on schedule.

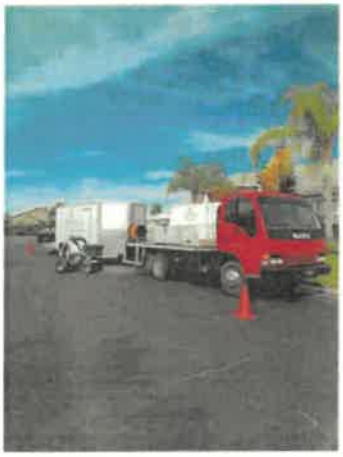

TURF / TREE / SHRUB CARE

Should you choose this service option, each Horticultural crew will consist of (1) working lead Horticulturist / Pest Control Operator and (1) Assistant Technician. Lead Horticulturist identified distinctly in a full company uniform labeled with company name and personal name of supervisor.

Each Horticultural crew will be equipped with the following:

- Isuzu flatbed spray truck with 400-500G spray tank
- John Deere Gator with 150G spray tank
- 16' enclosed trailer
- (2) Bumblebee spreader & sprayer applicator
- (6) Hand spreaders
- (8) Backpack sprayers 4G
- (2) Backpack blowers
- Pesticide for IPM & Applications
- Fertilizer for applications
- Spill kits
- Pesticide application stakes & signs
- Safety cones
- Respirators
- Boots & other safety attire

Horticultural crew will visit the property (2) times per month to perform scheduled fertilization applications and to perform Integrated Pest Management (IPM) treatments.

IRRIGATION

Irrigation crew will consist of one (1) working lead technician and (1) assistant technician. Lead technician will be identified directly in a full company uniform and different color labeled with company name and personal name of supervisor. Assistant will be uniformed with company branded dry-fit shirts that are safety-yellow in color.

Irrigation crew will be equipped with the following:

- Ford Transit Van (to store a decent array of fast moving parts)
- John Deere Gator Utility vehicle
- Vermeer trencher when needed
- Appropriate controller remotes
- Wire tracker
- Tools & supplies
- Rolling stock of irrigation parts, wire, fittings, etc.
- Safety cones
- Safety kit
- Cooler of ice & water
- Irrigation flags

Additional support crews, technicians, helpers, equipment, vehicles, parts, and supplies are available and will be brought in to assist with project when needed.

ARBOR CARE CREW

Our ISA Certified Arborists, climbers, and ground-crews will perform the annual palm pruning and structural pruning requirements of the contract.

Each crew is equipped with a chip/dump truck, chipper shredder, portable aerial lift with 60' reach, chainsaws, and multiple types of pruning tools and ladders. Company uniforms and no sub-contracting.

The Arbor-Care crews are available to handle any type of tree work such as removals, pruning, and stump-grinding.

ADMINISTRATION / OFFICE / SUPPORT

Our fully staffed office based in Holiday Florida will assist with the ongoing management and operations of landscape service to your property.

MONTHLY LANDSCAPE INSPECTION

RedTree Landscape Systems will participate in the monthly landscape inspections and provide the following:

- (1-2) John Deere Gator Utility Vehicles – 4 seaters
- Account Manager participation
- Field Supervisor participation – when available
- Horticulturist
- Senior Landscape Manager/Technician
- An owner of our firm – when available

Meadow Pointe II CDD

HURRICANE / LARGE SCALE STORM EMERGENCY RESPONSE PLAN

Before The Storm

- If your irrigation system is fed off a well, we will shut your pumps down to prevent any mainline leaks that could develop from storm damage through the storm.

- We are assuring internally that we are well-equipped and stocked to handle post-storm response in an effective and orderly manner.

Storm Emergencies

- We will attempt to inspect your property as soon as we are physically able to do so. We also will be accessible to receive emergency phone calls from you or your authorized representatives to address the following emergency scenarios:

    - Fallen trees blocking roadways.
    - Fallen trees blocking walkway access to homes.
    - Fallen trees on homes / structures.
    - Fallen trees on vehicles.
    - Irrigation break involving running water / flooding.

- To report any one of the above-stated emergency scenarios, please assure that an authorized person representing your property contact:
    - Pete Lucadano: (727) 919-3915
    - David Lucadano: (727) 919-3913
    - Rafael Rosario: (727) 477-4829
    - Ben Garland: (727) 810-4253
    - John Burkett: (727) 267-2059

After The Storm

After the storm has left our area and conditions are safe for our staff to access allowable areas, we will immediately begin the process of inspecting properties and addressing service in a three-phase manner as follows:

PHASE 1 - EMERGENCIES (as listed above): Fallen trees will be cut and safely stacked close to the area of origin. Crews will then move on to address the next emergency until we are assured that all emergency scenarios on each of our client properties are addressed.

PHASE 2 - LARGE AESTHETICS: Fallen trees throughout the property that are not considered emergencies will either be re-planted / staked or removed, cut up and stored in piles located in safe locations throughout the property. This process will be performed in order of need until we are assured that all such needs on each of our client properties are addressed.

PHASE 3 - AESTHETICS: Small debris, branches and necessary blowing will be performed throughout the property. Debris will be stacked in piles located in safe locations throughout the property. This process will be performed in order of need until we are assured that all such needs on each of our client properties are addressed.

PHASE 4 - DEBRIS PICK-UP: As a last step in the storm clean-up process, debris piles will be removed from the property.

Project Component	Description
Emergency Storm Response	• Immediate emergency response team to remove trees from blocking streets, sidewalks and doorways. • Immediate emergency response team to remove trees off of structures or vehicles. • Crew will cut and stack debris in a safe location for removal at a non-emergency time. • Crew consists of (3) skilled arbor care specialists, a large grapple loader, a chipper, an aerial device, dump trucks and all necessary chainsaws / roping systems. • A Certified Arborist will direct the crew and be onsite to document conditions for insurance claims.
Post-Storm Property Service Recovery (Arbor Care)	• Post-emergency removal of fallen trees. • Post-emergency removal of large fallen debris. • Post-emergency stump grinding. • Includes debris removal, hauling fees and dumping fees. • Crew consists of (3) skilled arbor care specialists, a large grapple loader, a chipper, an aerial device, dump trucks and all necessary chainsaws / roping systems. • A Certified Arborist will direct the crew and assure that all damaged trees are properly assessed for hazard declarations or restorative pruning instruction.
Post-Storm Property Service Recovery	• Post-emergency removal of fallen light to medium debris. • Blowing of all hard surface areas. • Includes debris removal, hauling fees and dumping fees. • Crew consists of (6) grounds maintenance specialists. • Note that this work can be traded for scheduled / contracted grounds maintenance services if the Client so chooses.

Pricing Schedule

Service Component	Description	Hourly Rate
Heavy Equipment	Loader / skid steer / grapple unit	$ 300.00
Wood Chipper	12" Diameter chipper	$ 250.00
Tree Specialst	Trained climber	$ 200.00
Heavy Equipment Operator	Operator of heavy equipment	$ 150.00
Chainsaw Operator	Operator of chainsaw on ground	$ 95.00
General Labor	Labor to drag debris, rake and load	$ 75.00
Truck Load of Debris	Loading, hauling and dumping fees per truck	$ 900.00
Mobilization	Per day mobiilization of staff and equipment	$ 500.00

Pre-Approved Authorization Amount (Not To Exceed Without Additional Approval):

$_____

NOTE: Pre-approved clients receive first and priority response over any clients requesting proposals post the storm. After a storm, management time to prepare proposals is limited and it is a secondary activity to disaster relief and recovery for those clients who request and approve immediate action on their properties.

August 19, 2026

Lee Graffius
Meadow Pointe II CDD
30051 County Line Road, Wesley Chapel, Fl 33543

Dear Lee Graffius,

On behalf of ASI Landscapes, we are pleased to present this landscape maintenance proposal for Meadow Pointe II Community Development District, located at 30051 County Line Road, Wesley Chapel, FL 33543. ASI Landscapes has built a strong reputation serving CDDs and HOAs throughout the greater Tampa Bay area, and we understand the unique expectations, operational standards, and community pride that define a well-maintained CDD property. We welcome the opportunity to demonstrate our commitment to excellence at Meadow Pointe II and look forward to building a long-term partnership with your Board and management team.

Our proposal outlines a comprehensive, full-service landscape maintenance program designed to preserve and enhance the aesthetic appeal of Meadow Pointe II throughout all maintained zones. It is important to note that mulch and annual color installations have been included in our pricing schedule and are available for installation at the Board's discretion, allowing your team the flexibility to deploy those enhancements as the budget and seasonal calendar permit. Additionally, while the Clubhouse is designated as Zone 3 within our route structure, please be assured that this high-visibility area will receive focused daily and weekly attention as our crews work through the surrounding zone routes — ensuring that the community's centerpiece always reflects the standards your residents expect.

Our proposed pricing for Year 1 is detailed in the attached schedule, broken down by service category and zone for full transparency. This agreement is structured as a five-year term, providing Meadow Pointe II with pricing stability and long-term planning certainty. To keep pace with operational costs while remaining fair and predictable, a five percent increase will be applied at the third-year renewal and again at the fifth-year renewal. No increases are scheduled in Years 1, 2, or 4, giving the Board a clear and manageable financial outlook for the duration of the contract.

At ASI Landscapes, CDD and HOA communities are the cornerstone of our business. We understand that consistent, accountable service is non-negotiable in a community setting, and we staff accordingly. Our crews operate on defined route schedules with on-site supervision to ensure quality control, adherence to scope, and timely completion of all maintenance activities. Our management team remains readily accessible to address

Board concerns, respond to resident feedback, and coordinate any special service needs that arise throughout the year. Communication is not an afterthought — it is a core part of how we do business.

We would welcome the opportunity to walk the property with you at your convenience to review our proposed scope in detail, answer any questions you or the Board may have, and demonstrate firsthand our approach to community landscape management. Please do not hesitate to reach out at any time. We are confident that ASI Landscapes is the right partner for Meadow Pointe II CDD, and we look forward to earning your trust.

Respectfully submitted,

Neil McFadyen

PROPOSAL FORM

MEADOW POINTE II COMMUNITY DEVELOPMENT DISTRICT REQUEST FOR PROPOSALS
LANDSCAPE MAINTENANCE SERVICES - EVALUATION CRITERIA

1. Personnel & Equipment

Points Possible 20

Points Awarded _____

This category addresses the following criteria: skill set and experience of key management and assigned personnel, including the project manager and other specifically trained individuals who will manage the property; present ability to manage this project; proposed staffing levels; capability of performing the work; geographic location; subcontractor listing; inventory of all equipment; etc. Skill set includes certification, technical training, and experience with similar projects. Please include resumes, certifications, etc., with proposal. Please also provide evidence of the proposer's ability to meet deadlines and be responsive to client needs.

2. Experience

Points Possible 25

Points Awarded _____

A full twenty-five (25) points will be awarded to the Proposer which clearly distinguishes past & current record and experience of the Proposer in similar projects; volume of work previously awarded to the firm; past performance in any other contracts; etc.

3. Understanding Scope of RFP

Points Possible 15

Points Awarded _____

This category addresses the following issues: Does the proposal demonstrate an understanding of the District's needs for the services requested? Does it provide all information as requested by the District including pricing, scheduling, staffing, etc.? Does it demonstrate clearly the ability to perform these services? Were any suggestions for "best practices" included? Does the proposal as a whole appear to be feasible, in light of the scope of work? Did the contractor use the forms provided from the Project Manual in responding to the proposal?

4. Financial Capacity

Points Possible 5

Points Awarded _____

This category addresses whether the Proposer has demonstrated that it has the financial resources and stability as a business entity necessary to implement and execute the work. Proposer should include proof of ability to provide insurance coverage as required by the District as well as audited financial statements, or similar information.

5. Price

Points Possible 20

Points Awarded

Twenty (20) points will be awarded to the Proposer submitting the lowest bid (the Contract Amount). AN AVERAGE OF ALL FIVE YEARS PRICING IS TO BE CONSIDERED WHEN AWARDING POINTS FOR PRICING - THE INITIAL TERM AND THE FIRST, SECOND, THIRD AND FOURTH ANNUAL RENEWALS. All other proposers will receive a percentage of this amount based upon a formula which divides the low bid by the proposer's bid and is then multiplied by the number of points possible in this part of the Price evaluation.

EXAMPLE: Contractor "A" turns in a bid of $210,000 and is deemed to be low bid and will receive the full 20 points. Contractor "B" turns in a bid of $265,000. Bid "A" is divided by Bid "B" then multiplied by the number of points possible (20). (210,000/265,000) x 20 = 15.85, therefore, Contractor "B" will receive 15.85 of 20 possible points. Contractor "C" turns in a bid of $425,000. Bid "A" is divided by Bid "C" then multiplied by the number of points possible (20). (210,000/425,000) x 20 = 9.88, therefore, Contractor "C" will receive 9.88 of 20 points.

6. Reasonableness of ALL Numbers

Points Possible 15

Points Awarded

Up to fifteen (15) points will be awarded as to the reasonableness of ALL numbers, quantities & costs (including, but not limited to fertilizer quantities, mulch quantities based on Contractor's field measurements) provided, including all parts of the pricing as well as unit costs from the additional schedules.

Proposer's Total Score

Points Possible 100

Points Awarded

AFFIDAVIT REGARDING PROPOSAL

STATE OF Florida

COUNTY OF Pinellas

Before me, the undersigned authority, appeared the affiant, Neil McFadyen, and having taken an oath, affiant, based on personal knowledge, deposes and states:

1. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of Regional Leadership for Business Development, for ASI Landscapes ("Proposer"), and am authorized to make this Affidavit Regarding Proposal on behalf of Proposer.

2. I assisted with the preparation of, and have reviewed, the Proposer's proposal ("Proposal") provided in response to Meadow Pointe II Community Development District's ("District") request for proposals for landscape and irrigation maintenance services. All of the information provided therein is full and complete, and truthful and accurate. I understand that intentional inclusion of false, deceptive or fraudulent statements, or the intentional failure to include full and complete answers, may constitute fraud; and, that the District may consider such action on the part of the Proposer to constitute good cause for rejection of the proposal.

3. I do hereby certify that the Proposer has not, either directly or indirectly, participated in collusion or proposal rigging.

4. The Proposer agrees through submission of the Proposal to honor all pricing information for ninety (90) days from the opening of the proposals, and if awarded the contract on the basis of this Proposal to enter into and execute the contract in the form included in the Project Manual.

5. The Proposer acknowledges the receipt of the complete Project Manual as provided by the District and as described in the Project Manual's Table of Contents, as well as the receipt of the following Addendum No.'s: N/A.

6. By signing below, and by not filing a protest within the seventy-two (72) hour period after issuance of the Project Manual (i.e., by no later than Wednesday, July 29, 2026, at 10:00 AM (EDT)), the Proposer acknowledges that (i) the Proposer has read, understood, and accepted the Project Manual; (ii) the Proposer has had an opportunity to consult with legal counsel regarding the Project Manual; (iii) the Proposer has agreed to the terms of the Project Manual; and (iv) the Proposer has waived any right to challenge any matter relating to the Project Manual, including but not limited to any protest relating to the proposal notice, proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the evaluation criteria, the evaluation process, or any other issues or items relating to the Project Manual.

7. The Proposer authorizes and requests any person, firm or corporation to furnish any pertinent information requested by the District, or its authorized agents, deemed necessary to verify the statements made in the Proposal, or regarding the ability, standing, integrity, quality of performance, efficiency, and general reputation of the Proposer.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Affidavit Regarding Proposal and that the foregoing is true and correct.

Dated this 18th, day of August, 2026

6. Security Measures: Please describe any background checks or other security measures that were taken with respect to the hiring and retention of the Proposer's personnel who will be involved with this project, and provide proof thereof to the extent permitted by law:

All services under the contract will be performed by ASI employees or subcontractors registered under our associations. Registrations include insurance documentation, clean background screening, clean drug screening and e-verification.

7. Does your company have a policy on drug screening Yes X No ( ) and/or preemployment drug screening Yes X No ( )? If so, please describe the policy:

Applicants for employment with the company who receive a conditional job offer may be required to undergo drug and/or alcohol testing. Employees may be subject to a drug and/or alcohol test post- or near-accident, when there is reasonable suspicion that they may be under the influence of illegal drugs or alcohol, on a random basis, or when such testing is required by federal law. Failure to undergo, complete or cooperate with testing as requested (including but not limited to
completing authorization forms, interference or attempted interference with testing) or a confirmed positive or adulterated alcohol and/or illegal drug result will result in the revocation of the job offer or, in the case of an employee, disciplinary action up to and including immediate termination. Persons who are notified of a positive result have the right to have the sample retested at the same or another approved lab provided that they submit the request within 90 days of the date the lab

advised the company of the result and pay for expenses associated with chain of custody, shipping and retesting of the sample.

8. Does your company conduct safe-driver training, utilize vehicle tracking or any technologies to monitor vehicle operation? Yes X No ( ). Describe policy on Vehicle Operation:

The company prohibits employees from talking, texting, e-mailing or otherwise using a device while operating a company vehicle or while operating a personal vehicle on company business. For their own health and safety and the health and safety of others, employees should not use their devices while operating vehicles of any kind or working in hazardous areas

9. Equipment: Please complete the pages that follow at the end of this Part regarding the Proposer's Equipment that will be used in connection with this project.

10. Attach any certifications or documentation regarding educational experience of key personnel that would assist the District(s) in evaluating the quality and experience of such personnel.

PROPOSAL FORM

AFFIDAVIT REGARDING PROPOSAL FORM

SWORN STATEMENT UNDER SECTION 287.133(3)(A), FLORIDA STATUTES, REGARDING PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District.

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of Regional Leadership Business Development for ASI Landscapes ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is 9702 Harney Road, Thonotosassa FL 33592

Proposer's Federal Employer Identification Number (FEIN) is: 86-34212476

(If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement:)

5. I understand that a "public entity crime" as defined in Section 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

6. I understand that "convicted" or "conviction" as defined in Section 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

7. I understand that an "affiliate" as defined in Section 287.133(1)(a), Florida Statutes, means:

1. A predecessor or successor of a person convicted of a public entity crime; or,

2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

8. I understand that a "person" as defined in Section 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which proposals or applies to proposal on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

9. Based on information and belief, the statement which I have marked below is true in relation to the Proposer submitting this sworn statement. (Please indicate which statement applies.)

X - Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

___The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity or an affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (please indicate which additional statement applies):

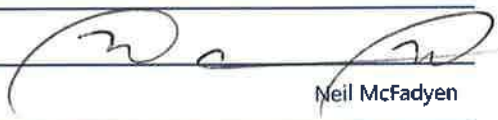

___There has been a proceeding concerning the conviction before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

___The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

___The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Florida Department of Management Services.)

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement under Section 287.133(3)(a), Florida Statutes, Regarding Public Entity Crimes and all of the information provided is true and correct.

PROPOSAL FORM

AFFIDAVIT REGARDING PROPOSAL FORM

SWORN STATEMENT PURSUANT TO SECTION 287.135(5), FLORIDA STATUTES, REGARDING SCRUTINIZED COMPANIES WITH ACTIVITIES IN SUDAN LIST OR SCRUTINIZED COMPANIES WITH ACTIVITIES IN THE IRAN TERRORISM SECTORS LIST

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District ("District").

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of Regional Leadership Business Development for ASI Landscapes ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is 9702 Harney Road, Thonotosassa FL 33592

4. Proposer's Federal Employer Identification Number (FEIN) is: 86-34212476

(If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement :)

5. I understand that, subject to limited exemptions, Section 287.135, Florida Statutes, declares a company that at the time of proposing or submitting a proposal for a new contract or renewal of an existing contract is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List, created pursuant to Section 215.473, Florida Statutes, is ineligible for, and may not proposal on, submit a proposal for, or enter into or renew a contract with a local governmental entity for goods or services of $1 million or more.

6. Based on information and belief, at the time the Proposer submitting this sworn statement submits its proposal to the District, neither the Proposer, nor any of its officers, directors, executives, partners, shareholders, members, or agents, is listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

7. If awarded the contract, the Proposer will immediately notify the District in writing if either the entity, or any of its officers, directors, executives, partners, shareholders, members, or agents, is placed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement and all of the information provided is true and correct.

AFFIDAVIT REGARDING PROPOSAL FORM

ANTI-HUMAN TRAFFICKING AFFIDAVIT

I, Neil McFadyen, as Regional Leadership Business Development, on behalf of ASI Landscapes, a Florida limited liability company (the "Contractor"), under penalty of perjury hereby attest as follows:

1. I am over 21 years of age and an officer or representative of the Contractor.

2. The Contractor does not use coercion for labor or services as defined in Section 787.06(2)(a), Florida Statutes.

3. More particularly, the Contractor does not participate in any of the following actions:

(a) Using or threatening to use physical force against any person;

(b) Restraining, isolating or confining or threatening to restrain, isolate or confine any person without lawful authority and against her or his will;

(c) Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of the labor or services are not respectively limited and defined;

(d) Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

(e) Causing or threatening to cause financial harm to any person;

(f) Enticing or luring any person by fraud or deceit; or

(g) Providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person.

Local Accountability. Broader Bench Strength.

ASI Landscapes supports Meadow Pointe II CDD with a local management team that knows the property, backed by a deeper bench of operational, irrigation, agronomic, and leadership resources across the broader organization. That structure gives Meadow Pointe II CDD responsive day-to-day service, stronger specialty support, and the stability to sustain quality over the long term.

Local Accountability

"Dedicated local leaders and field managers stay close to Meadow Pointe II CDD, service standards, and client communication."

Specialist Depth

"Irrigation, agronomics, production, and account-management expertise are available beyond the core crew when Meadow Pointe II CDD needs added support."

Reliable Coverage

"ASI Landscapes's broader operating structure helps maintain continuity, response capacity, and consistent service delivery across changing conditions."

Financial Stability

"Scaled organizational backing and continued investment in people, equipment, and systems support long-term partnership confidence."

What this means for Meadow Pointe II CDD

One team accountable
A named local leader owns the outcome on your property, start to finish.

Depth on call
Irrigation, agronomy, and enhancement specialists step in exactly when needed.

Built to last
The financial stability to invest in your property season after season.

WHAT THIS MEANS FOR

Meadow Pointe II CDD

For Meadow Pointe II CDD, that broader organizational strength translates into responsive local oversight, deeper specialty support, and the operational continuity needed to maintain quality across the full landscape program. It means faster access to the right resources, clearer accountability, and a service structure built to support both day-to-day expectations and long-term property goals.

Experienced Leadership

Backed by a deep management bench with expertise in operations, irrigation, agronomics, and HOA landscape service execution.

Property-Specific Oversight

A dedicated operations structure supports consistent quality control, site accountability, and faster follow-through on community priorities.

Proactive Communication

Clear reporting, scheduled reviews, and responsive follow-up help management and board members stay informed without chasing updates.

Stronger Irrigation Performance

Routine monitoring, inspections, and targeted corrective action support healthier turf, better plant performance, and reduced waste.

Reduced Service Friction

Structured work-order handling and a defined escalation path help resolve routine issues efficiently and reduce repeat concerns over time.

Long-Term Community Value

Consistent maintenance, enhancement planning, and data-informed site review help protect curb appeal and support resident satisfaction.

SERVICE PERFORMANCE COMMITMENTS

148
AVG. MONTHLY WORK ORDERS
Sustained volume handled over the last 17 months.

1 Day
WORK-ORDER ACKNOWLEDGMENT
Every request confirmed within one business day.

3–5 Days
ROUTINE RESOLUTION
Routine requests closed in three to five business days.

4 Hrs

PART OF THE YARDNIQUE FAMILY OF COMPANIES

Who We Are

With more than 30 years of providing landscaping services to our communities, all Branches are locally managed, hands-on service backed by the operational depth, specialist resources, and financial stability of a broader family of companies. That structure gives clients responsive day-to-day support, stronger continuity, and the confidence of a long-term landscape partner.

Local Accountability

A local branch team is on your property and answerable for results — not a distant call center.

Operational Depth

Field crews, irrigation technicians, and agronomic specialists share resources across the region, so your site is never dependent on a single person.

Financial Strength

The backing of a larger organization means stable staffing, modern equipment, and the ability to invest in your property for the long term.

Purchasing Power

Regional scale lowers material and equipment cost and speeds access to plants, mulch, and irrigation parts.

Shared Standards

Consistent training, safety, and quality standards are applied company-wide and audited locally.

Florida-Specific Expertise

Teams trained on Florida turf, palms, and ornamentals, and current on regional water restrictions, fertilizer ordinances, and storm-season demands.

OUR STORY

ASI Landscapes began as a local Florida landscaping company built on a simple promise: show up, do quality work, and stand behind it. Today we care for commercial properties and communities across Central and Gulf Coast Florida with that same hands-on attention — now strengthened by the resources and shared standards of the Yardnique family of companies. The result is a partner equipped to invest in your property for the long term, while the local people who know your site stay close by.

WHAT THIS MEANS FOR YOU

- Responsive local crews who know your property and own the outcome — answers come from people nearby, not a call queue.
- One partner for maintenance, irrigation, enhancements, and agronomy, so services stay coordinated as your site's needs change.
- A financially steady partner that keeps crews, equipment, and schedules consistent through every season.
- Regional buying power and proven processes that help hold down cost and reduce day-to-day risk.

Enhancing landscapes and lives across Central and Gulf Coast Florida.

KEY STAFFING & RESPONSIBILITIES

1-2	2-3	120	4-5	2	2
TEAM(S)	DAY(S)	HOURS	# OF CREW MEMBERS PER TEAM	MANAGERS	TECHNICIANS

Branch Manager

- Provides overall leadership and accountability for branch operations and performance
- Oversees production, staffing, safety, and financial objectives within the branch
- Supports Production and Account Management teams with direction and resources
- Reviews operational metrics, budgets, and service outcomes to drive continuous improvement
- Serves as an escalation point for operational and client-related matters
- Ensures compliance with all regulatory, licensing, and safety requirements
- Promotes team development, retention, and a culture of professionalism and accountability

Account Manager

- Serves as the primary point of contact for assigned HOA and CDD communities
- Maintains regular communication with Boards, Community Managers, and stakeholders
- Conducts routine site inspections to verify service quality and contract compliance
- Coordinates with Production and Specialty Service teams to address property needs
- Manages service requests, proposals, and scope adjustments as required
- Proactively identifies issues and implements corrective actions
- Supports budget planning, enhancements, and long-term landscape planning
- Ensures timely response and resolution to client concerns

Agronomic / Horticulture Technician

- Oversees turf and shrub fertilization programs
- Implements Integrated Pest Management (IPM) practices
- Monitors pest populations and plant health
- Applies treatments under Site Manager direction
- Licensed and certified by the State of Florida
- Maintains application logs, MSDS, and label records

Irrigation Manager

- Inspects and monitors all irrigation systems in accordance with the SOW
- Performs routine zone checks, head adjustments, and controller programming
- Identifies leaks, coverage deficiencies, and hydraulic issues
- Coordinates repairs to minimize turf stress and water waste
- Ensures compliance with local watering restrictions and BMP guidelines
- Provides documentation and reporting of system performance when requested

Production Manager

- Oversees daily field operations to ensure all contracted services are delivered on schedule
- Monitors work quality across all assigned properties and enforces ASI service standards
- Supports Crew Foremen with direction, training, and real-time problem resolution
- Ensures compliance with safety protocols, BMP guidelines, and company policies
- Responds promptly to operational issues to minimize service disruptions

Foreman / Detail & Turf Maintenance

- Conducts jobsite walkthroughs to verify quality and completeness
- Enforces safety standards, PPE use, and company policies
- Performs mowing, edging, trimming, and detailed landscape maintenance
- Maintains turf heights, bed lines, and hardscape edges to specification
- Monitors landscape conditions and reports deficiencies to supervision
- Supports seasonal maintenance needs including debris cleanup and storm recovery
- Maintains safe work practices around pedestrians, vehicles, and amenities
- Contributes to consistent service quality through assigned routes and properties

Service hours, crew sizes, and weekly man-hours vary by season (summer vs. winter) and are set by site size, detail level, growth rates, and weather. ASI Landscapes may adjust crew composition, visit duration, and schedules to maintain the specified level of service — total contract value and scope of work remain unchanged.

SAFETY TRAINING & CREW QUALIFICATION

Every new team member completes a mandatory safety orientation at our ASI Landscapes office before being assigned to a production crew. No employee operates powered equipment on your property until they have been trained on it, evaluated on it, and cleared by a supervisor.

Orientation covers company safety policy, personal protective equipment, jobsite and pedestrian awareness, vehicle and trailer safety, and heat illness prevention. Instruction is hands-on: each employee is walked through pre-operation inspection, starting and shutdown, safe operating position, and shutdown-before-service for every machine they will touch. The placards below summarize the operating standards taught for each equipment class.

EQUIPMENT OPERATING STANDARDS

HAND TOOLS & MANUAL EDGERS

- DO Inspect handles and heads for cracks before each use.
- DO Cut away from the body; maintain clear footing and spacing.
- NO Never carry tools blade-up or leave them on walkways.

STICK EDGERS & STRING TRIMMERS

- DO Wear eye and face protection plus hearing protection.
- DO Keep guards installed; edge with discharge away from traffic.
- NO Never trim against trunks, meters, or irrigation heads.

BACKPACK & HANDHELD BLOWERS

- DO Direct discharge away from people, vehicles, and open water.
- DO Blow debris to the interior of the site, then collect.
- NO Never blow clippings into streets, drains, or ponds.

WALK-BEHIND MOWERS

- DO Mow across slopes; keep both hands on the control bar.
- DO Stop the blade and kill the engine before clearing a deck.
- NO Never bypass the operator presence control.

RIDE-ON & ZERO-TURN MOWERS

- DO Complete a walk of the area for debris before the first pass.
- DO Reduce speed on turns, slopes, wet turf, and near curbs.
- NO Never operate on grades beyond the machine's rating.

FUELING & TRANSPORT

- DO Refuel on a cool engine, on level ground, off turf.
- DO Secure every machine with straps before the trailer moves.
- NO Never leave a ramp down or a machine unchocked.

PERSONAL PROTECTIVE EQUIPMENT

- DO Eye protection, hearing protection, gloves, and high-visibility shirts are issued at hire and replaced at no cost to the employee.
- DO Steel-toe or composite-toe footwear required for all mowing and equipment operation.
- NO Never operate without required PPE, regardless of task duration.

JOBSITE & PEDESTRIAN AWARENESS

- DO Stop equipment when residents, children, or pets enter the work zone.
- DO Stage trucks and trailers clear of drive aisles, hydrants, and mail kiosks.
- NO Never back a truck or trailer without a spotter when the view is obstructed.

HEAT ILLNESS & HYDRATION

- DO Water and shade access maintained on every truck throughout the Florida season.
- DO Acclimatize new employees over their first week; schedule heavy work earlier in the day.
- NO Never work through symptoms — cramping, dizziness, or nausea stops the task immediately.

IRRIGATION & UTILITY AWARENESS

- DO Confirm locates before any excavation; hand-dig within the tolerance zone.
- DO De-energize and lock out controllers and pumps before servicing.
- NO Never trench or auger near marked utilities, sleeves, or low-voltage lighting runs.

CHEMICAL HANDLING, MIXING, STORAGE & APPLICATION

- DO Read and follow the label; the label is the law. Confirm site, rate, and re-entry interval before mixing.
- DO Wear label-specified PPE; mix over containment; keep Safety Data Sheets accessible on the truck.
- DO Post notification where required and record every application in the branch log.
- NO Never apply ahead of forecast rain, in wind exceeding label limits, or near open water without an approved buffer.
- NO Never transfer product to an unlabeled container or apply without licensed supervision.

All applications are performed by or under the direct supervision of a licensed applicator in accordance with Florida Department of Agriculture and Consumer Services (FDACS) requirements.

CREW ASSIGNMENT BY DEMONSTRATED COMPETENCY

Team members are assigned to crew positions based on comprehension, demonstrated skill, and prior experience — not on availability. Employees advance to higher-risk equipment only after a supervisor verifies competency in the field. Progression is tracked per employee, per machine.

STAGE 01
Orientation
Classroom and yard instruction at ASI Landscapes. Policy, PPE, hand tools, blowers.

STAGE 02
Supervised Field
Trimming and edging under a crew leader. Technique and site awareness observed.

STAGE 03
Verified Operator
Walk-behind, then ride-on mowing after documented sign-off by the supervisor.

STAGE 04
Specialty & Lead
Chemical application support, irrigation, and crew leadership under license.

ORIENTATION CURRICULUM

Instruction is delivered in the classroom and in the equipment yard at the ASI Landscapes facility, in English and Spanish, before any field assignment is made.

MODULE	CONTENT DELIVERED
Company Safety Policy	Responsibilities of the employee, crew leader, and branch; stop-work authority; disciplinary standards for safety violations.
PPE & Hazard Recognition	Required protection by task, inspection and replacement of gear, and identification of common site hazards before work begins.
Equipment Operation	Hands-on instruction and evaluation on each machine class, including inspection, safe operating position, and shutdown before service.
Vehicle, Trailer & Towing	Load securement, ramp and chock discipline, backing and spotting procedure, and daily pre-trip inspection.
Chemical Safety	Label comprehension, Safety Data Sheet access, mixing and containment, spill response, and posting and re-entry requirements.
Heat Illness Prevention	Hydration and shade practice, acclimatization of new hires, recognition of symptoms, and emergency response steps.
Incident Response	First aid and emergency contacts, injury and near-miss reporting, and property damage documentation procedure.

SITE-SPECIFIC HAZARD PROTOCOLS

Before the first service visit, the Account Manager documents property-specific hazards and reviews them with the assigned crew. Conditions common to community association and district properties are addressed as follows.

PONDS, LAKES & WET AREAS

- DO Maintain approved buffers on all bank mowing and applications.
- NO Never operate ride-on equipment on saturated or undercut banks.

ROADWAYS & DRIVE AISLES

- DO High-visibility apparel and cones for any work adjacent to live traffic.
- NO Never discharge clippings or debris toward moving vehicles.

AMENITY & PLAY AREAS

- DO Schedule around peak resident use; clear surfaces before leaving the zone.
- NO Never apply product in these areas without posting and re-entry compliance.

GATES, FENCING & ACCESS

- DO Close and secure every gate behind the crew; confirm pet containment.
- NO Never prop access points open or share gate codes outside the crew.

DOCUMENTATION & ONGOING REINFORCEMENT

ITEM	PRACTICE
Training records	Signed orientation and equipment sign-off records are retained at the ASI Landscapes office and available to the District upon request.
Tailgate safety meetings	Conducted at the branch on a recurring schedule, with topics tied to seasonal conditions and recent field observations.
Daily jobsite briefing	Crew leaders review site hazards, pedestrian traffic, and the day's scope before work begins.
Equipment inspection	Pre-trip and pre-operation checks performed daily; damaged or unguarded equipment is removed from service.
Incident reporting	All incidents and near-misses are reported same-day to branch management and reviewed for corrective action.
Licensing	Applicator licenses and continuing education units are maintained current and verified by the branch.

WHY OUR STRUCTURE BENEFITS YOUR PROPERTY

A coordinated support structure, not a chain of command: one accountable point of communication backed by dedicated field leadership, irrigation expertise, agronomic oversight, and clear escalation when the property needs added attention.

WHO SUPPORTS YOUR PROPERTY

DAILY COMMUNICATION

Johannes Maceira

Account Manager/ BMP, FNGLA

6 years experience

Owns your relationship, coordinates every service, and is your single point of contact.

Johannes built his career from the ground up after graduating from school. His hands-on operational background provides him with a strong understanding of field execution, crew workflow, and property-level service requirements. This practical foundation allows Johannes to effectively manage client expectations, maintain service consistency, and deliver high-quality landscape results across the properties under his care.

FIELD EXECUTION

Benji Jimenez

Production Manager/ BMP, FNGLA

20 years experience

Directs the crews on your property and holds the line on quality and schedule.

Having grown through the industry with a strong operational foundation, Benjamin oversees daily field execution, crew performance, scheduling, and quality control across multiple properties. His leadership ensures that scopes of work are delivered efficiently, safely, and consistently, while maintaining high standards of workmanship and presentation.

IRRIGATION

Mike Trump

Irrigation Manager / FL State License

40+ years experience

Monitors, inspects, and corrects your system to protect turf and control water cost.

Mike brings extensive, hands-on expertise across the full spectrum of irrigation systems, components, brands, and emerging technologies — making him one of the most well-rounded irrigation professionals in Yardnique's Florida operation. As the holder of Yardnique's State Irrigation License, he ensures all irrigation work across our portfolio is performed in full compliance with state requirements and industry best practices.

AGRONOMY

Robert Tabone

Agronomics Manager / CPO

40 years experience

Guides fertilization, pest, and soil-health decisions for long-term plant performance.

Bob's background spans both field operations and specialized agronomic services, allowing him to bridge practical landscape maintenance with science-based turf and ornamental care. Bob holds the required licenses and certifications for his role and remains actively engaged in Best Management Practices (BMP) and advanced agronomy education.

Every role converges on one outcome — a well-run Meadow Pointe II CDD.

START-UP OPERATIONAL PLAN & IMPLEMENTATION TIMELINE

Our companies recognize the importance of delivering consistent, high-quality landscape maintenance services. In alignment with the client-provided Scope of Work and documented Understanding of Project Scope, our start-up operational plan is designed to systematically implement targeted horticultural, agronomic, and curb appeal improvements. These services and enhancements will be introduced and completed within the following outlined timeframes.

1 PHASE 1
Pre-Start — Contract Award
PRE

- ✓ Finalize staffing, equipment, and crew structure
- ✓ Conduct pre-start meetings with client representatives
- ✓ Review and adjust color-coded service maps, crew assignments, and path-of-motion plans
- ✓ Perform property walkthrough to identify priority maintenance issues and deferred enhancements
- ✓ Establish agronomic baselines including turf evaluation and soil sampling (if required)

2 PHASE 2
Weeks 1–4 (First Month)
30

- ✓ Weekly maintenance begins on Day 1 per approved service maps
- ✓ Enhanced management oversight to ensure crews are fully aligned with scope and service areas
- ✓ Adjustments to crew structure, routes, or leadership documented and approved as needed
- ✓ Complete full irrigation audit of controllers, zones, and components
- ✓ Deliver written irrigation report with repair and improvement recommendations
- ✓ Initiate preseason fertilization and early weed control to prepare turf for growing season

3 PHASE 3
Months 2–3
60

- ✓ Maintenance operations stabilized and operating efficiently
- ✓ Identify and propose non-contractual enhancement needs (mulching, seasonal color, palm & tree pruning, shrub bed corrections)
- ✓ Address critical enhancements concurrently with routine maintenance
- ✓ Coordinate seasonal color or holiday features when requested

4 PHASE 4
Month 3 — Review

90

- ✓ Staffing and production processes fully optimized
- ✓ Formal review meeting with client representative to assess performance and communication
- ✓ Continued focus on turf color, weed eradication, and shrub bed detailing
- ✓ Conduct soil sampling (if authorized) and tailor agronomic program accordingly
- ✓ Ongoing detail enhancements and selective pruning as needed

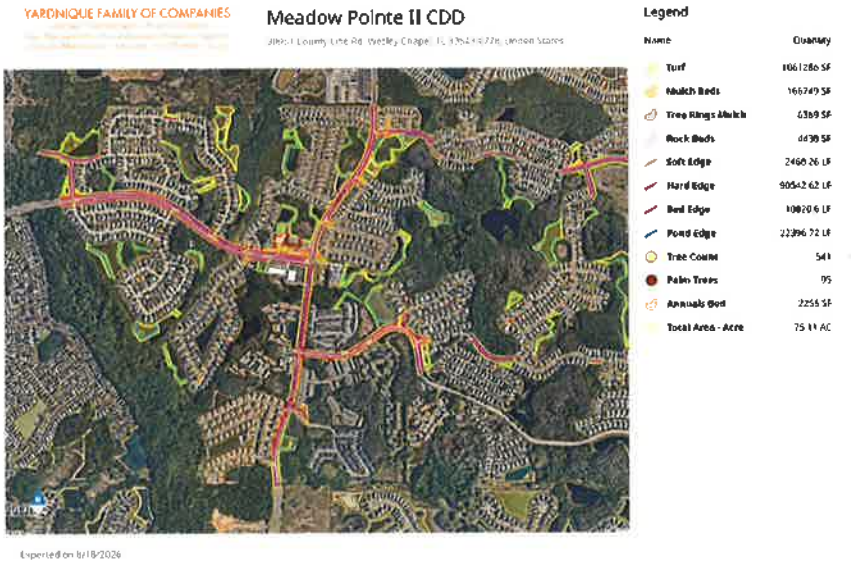

5 PHASE 5
Months 4–6 — Stabilization

120+

- ✓ Maintenance operations fully stabilized and performing at peak efficiency
- ✓ Seasonal transition plans implemented for fall conditions and debris management
- ✓ Staffing levels proactively adjusted to maintain service continuity through off-season cycles
- ✓ Continued refinement of turf health, irrigation performance, and agronomic inputs
- ✓ Long-term enhancement opportunities identified and prioritized with client input
- ✓ Ongoing quality audits conducted to ensure consistency across all service areas

Upon award and prior to commencement of services, working collaboratively with the client, we will finalize and provide a comprehensive, color-coded service map identifying each crew and their designated areas of responsibility by service type. These maps will include project-specific Path of Motion routing for each crew, organized by service day and weekly schedule. The following map provides the property boundaries and takeoff measurements for the property:

PROPERTY TAKEOFF MAP

SERVICE COVERAGE ZONE MAP

SERVICE ZONE ROUTING & LEGEND

Meadow Pointe II CDD is divided into three color-coded service zones that guide crews along main roadways and neighborhood corridors for efficient, systematic weekly coverage. Zone 1 (blue) routes crews through County Line Boulevard west of the Clubhouse and into the interior neighborhoods of Solitude, Fog Hollow, Morning Mist, Forest Glen, and Stetson, ensuring consistent access to retention pond areas throughout that corridor. Zone 2 (orange) directs crews south along Mansfield and through the Beardsley corridor, while Zone 3 (green) anchors coverage at the Clubhouse — which may receive mowing ahead of other zones and dedicated weekly attention — and extends north along Mansfield through Emmetts and Wrencrest Drive. This structured zone rotation ensures crews move logically through the property without overlap or gaps, delivering reliable, repeatable service across all areas of the community each week.

ZONE 1 — MAINTENANCE

Zone 1 encompasses the landscape areas along County Line Blvd west of the Clubhouse and the residential streets of Solitude, Fog Hollow, Morning Mist, Forest Glen, and Stetson. Mowing for this zone is scheduled on Day 1 of the weekly service rotation, with detail work completed during Weeks 1 and 2. Services include turf mowing, edging, trimming, and blowing of all hardscape surfaces to maintain a clean, polished appearance throughout the zone.

ZONE 2 — MAINTENANCE

Zone 2 encompasses the landscape maintenance areas along the south side of Mansfield Boulevard and the Beardsley Drive corridor, with scheduled mowing performed on Days 2–3 of the weekly rotation. Detail services, including edging, trimming, blowing, and bed maintenance, are completed during Weeks 3–4 of the monthly cycle to ensure a consistently manicured appearance throughout the zone.

ZONE 3 — MAINTENANCE

Zone 3 encompasses the Clubhouse grounds, Countyline Blvd. frontage, the North on Mansfield corridor, Emmetts, and Wrencrest Drive, with mowing scheduled on Days 1–2 of the service rotation and detail work completed during Weeks 2–3. Maintenance activities include turf mowing, edging, trimming, and blowing of all hardscape surfaces throughout these areas, ensuring a consistently clean and polished appearance along the community's primary roadways and amenity focal points.

COMPANY SERVICES

"From routine maintenance to irrigation, agronomy, enhancements, horticulture, arbor care, and reporting support, our services are structured to give the property one coordinated partner across the full landscape program."

Landscape Maintenance

Routine mowing, edging, detailing, debris removal, and presentation-focused care delivered on a seasonally adjusted service schedule.

Irrigation

System monitoring, inspection, troubleshooting, repair coordination, and audit-driven recommendations to improve performance and water efficiency.

Agronomy

Fertilization, pest and disease management, soil-informed treatment planning, and long-term turf and plant health support.

Enhancements

Seasonal color, mulch replenishment, sod replacement, pressure washing, and property-improvement services quoted and managed as needed.

Horticulture

Ornamental bed care, shrub pruning, weed management, plant health observation, and appearance-focused detailing across common areas and amenities.

Arbor Care

Palm and tree trimming, canopy management, clearance maintenance, and related recommendations for safety, visibility, and overall site appearance.

Storm & Emergency Response

Priority response for wind events, freeze, and drought restrictions, with crews mobilized for debris clearing and safety hazards ahead of routine schedules.

Reporting & Support

Dedicated account management, work-order coordination, recurring reporting, site reviews, and board-ready communication to support informed decision-making.

PROGRAM AT A GLANCE

3	42	8	72

COMMUNICATION & WORK ORDERS

Work orders for Meadow Pointe II CDD are tracked through a simple, mobile-friendly system designed for fast submission, timely follow-through, and clear visibility for Lee Graffius and board leadership. Routine requests are acknowledged within one business day, tracked through completion, and supported by regular reporting so Meadow Pointe II CDD stays informed on response times, status, and service trends.

SERVICE COMMITMENTS

Dedicated Contact

A dedicated Account Manager serves as the Association's primary day-to-day contact for service coordination, follow-up, and issue resolution.

Proactive Site-Inspections

The Account Manager walks the property on a recurring schedule, logging deficiencies directly into Aspire as work orders before they are reported. Findings and corrective actions are documented with georeferenced photos and included in the monthly report to management.

Rapid Response

All calls and emails are responded to within 4 business hours during normal business hours, with after-hours emergency contact available for urgent property issues.

Internal Work Order System

All service requests are logged and tracked in the Aspire Work Order system — one time-stamped record from submission to close. Acknowledged within 1 business day, routine work in 3–5, paid-service quotes within 4.

Optional Call Center

Dedicated live line for residents and board members to report issues by phone, with each call logged directly as an Aspire work order so nothing slips through email.

Work Order Acknowledgment

Resident and management work orders are acknowledged within 1 business day, with status tracking maintained through completion.

Routine Resolution

Routine in-scope service requests are targeted for resolution within 3–5 business days, weather permitting and subject to site conditions.

Reporting & Review

Management receives recurring service updates, monthly work-order reporting, and scheduled agronomic and irrigation reviews to support informed board oversight.

WORK-ORDER WORKFLOW

1. **Request Submitted**
   Resident, manager, or board representative submits a request through the work-order system with address, issue details, and photos when needed.
2. **Reviewed & Assigned**
   The request is reviewed by the Account Manager and routed to the appropriate field, irrigation, or agronomic team based on scope and priority.
3. **Scheduled for Service**
   The issue is scheduled within the appropriate service window, with priority escalation applied for irrigation failures, safety concerns, or high-visibility landscape issues.
4. **Completed & Documented**
   Work is completed by the responsible team and documented with notes, status updates, and photos when appropriate for management review.
5. **Reported & Closed**
   Completed work is tracked in the monthly reporting log, allowing management and board leadership to monitor trends, response times, and recurring property needs.

REPORTING CADENCE

Weekly service confirmation Monthly site scorecard with photo log Quarterly agronomic & irrigation review

5	**Current Client References**	—	12

ABOUT THIS SAMPLE

This is the reporting package Angeline HOA would receive every service period. It is populated here with representative field data drawn from the property as observed — phase layout, lot mix, pump station configuration, and the turf conditions described in our proposal — to show the Board the exact format, level of detail, and approval workflow of a live ASI report.

All scores, counts, and dollar figures are illustrative until the baseline audit is performed. Reporting is delivered through the TerraLens client portal, where the Board and management can review findings, track deficiencies to closure, and approve additional work in one place.

88/100	8	12	3	—
OVERALL SCORE	AREAS SCORED	OPEN DEFICIENCIES	HIGH PRIORITY	BASELINE AUDIT

SCORECARD BY MAINTENANCE AREA

Weighted by share of maintained area — matches the contract credit schedule

MAINTENANCE AREA	SHARE	SCORE	RATING	DEFICIENCIES	CHANGE
Entry / Amenity Grounds — Sunlake Blvd	5%	93	• Meets standard	1	—
Single Family — Phase 1A / 1B (Shell Bay Dr)	18%	83	◦ Minor correction required	3	—
Single Family — Phase 1C / 1D	16%	87	◦ Minor correction required	2	—
Single Family — Phase 1E / 2A	14%	91	• Meets standard	1	—
Villas — Banyan Breeze Blvd	15%	82	◦ Minor correction required	3	—
Villas — Torridge Ct / East Loop	12%	89	◦ Minor correction required	1	—
Roadway / Right-of-Way	10%	90	• Meets standard	1	—
Pond Banks & Eco Corridor Interface	10%	84	◦ Minor correction required	0	—
Weighted overall	**100%**	**88**		**12**	**Baseline**

90–100 Meets standard · 80–89 Minor correction required · 70–79 Below standard · <70 Immediate action. First audit of the contract term — the Change column establishes the baseline for future reports.

SCORING CRITERIA

Each area scored across six categories

CATEGORY	WEIGHT	WHAT IS EVALUATED
Mowing & edging	25%	Cut height and quality, scalping, clipping dispersal, hard and soft edge definition
Bed maintenance	20%	Weed pressure, mulch depth and coverage, bed line definition, plant condition
Detail & trimming	20%	String trim around obstacles, shrub form, tree ring clearance, blowing and cleanup
Turf health	15%	Color, density, thin or bare areas, visible pest or disease pressure
Site cleanliness	10%	Debris removal, storm drain clearance, curb and gutter condition
Safety & access	10%	Sight line clearance, walkway obstruction, low limbs, signage visibility

Baseline condition. Every score below 90 is driven by turf health rather than service quality — Take-All Root Rot in the earliest phases and along the villa loops, and turf establishment on the pond bank slopes. Each carries a corrective path in the deficiency log on page 4 and in the agronomic findings in §2.

LOT TURF BY PRODUCT TYPE

75% of maintained area across 814 lots

GROUP	LOTS	SHARE	SCORE	MOW/ EDGE	BEDS	DETAIL	TURF	DEF.
Single-Family — Phase 1A / 1B	148	18%	83	91	88	89	68	3
Single-Family — Phase 1C / 1D	131	16%	87	92	89	90	76	2
Single-Family — Phase 1E / 2A	191	14%	91	93	90	91	89	1
Villas — Banyan Breeze Blvd	196	15%	82	90	85	86	66	3
Villas — Torridge Ct / East Loop	148	12%	89	92	88	89	84	1
All lot turf	**814**	**75%**	**86**	**92**	**88**	**89**	**76**	**10**

Mowing, bed, and detail scores are consistent across every group -- the spread is entirely in turf health. Phase 1A/1B and the Banyan Breeze villas score 68 and 66 on turf, and both are the areas where Take-All Root Rot is furthest advanced (§2, page 6). The villa loops carry the lowest turf score on the property despite the smallest panels, which is consistent with their high hardscape edge ratio and compacted shared drive margins.

Phase 1A · Shell Bay Dr
Irregular chlorotic patching; stolons lift with no root anchorage.

Villas · Banyan Breeze Blvd
Thinning at hardscape edge and along shared drive margins.

Phase 1E · Presenting to standard
Density and color reference for the recovery program.

ENTRY, ROADWAY, BANKS & CORRIDOR

AREA	SCORE	SUMMARY OBSERVATION
Entry / Amenity Grounds	93	Monument plantings and amenity turf presenting well. Annual bed rotation on schedule. One shrub grouping at the Sunlake Blvd exit is tightening the driver sight triangle — scheduled for reduction (AN 05).
Roadway / Right-of-Way	90	Curb lines clean and consistent along Shell Bay Drive and Banyan Breeze Boulevard. Narrow ROW strips between walk and curb are the most heat- and traffic-stressed turf on the property and are flagged for preventive treatment rather than correction.
Pond Banks	84	Bank cuts within spec on all slopes. Score reflects turf establishment rather than service quality — torpedograss is moving up two south-facing banks from the water line, with thin Bahia above it (§2, page 6).
Eco Corridor Interface	84	Maintained edge along the 196 acre conservation corridor is holding line. Leaf litter and shade encroachment on adjacent lot turf will increase as the canopy matures; buffer setbacks observed on all applications.

ASI Landscapes · 813-948-3938 · www.yardnique.com

OPEN DEFICIENCIES

12 open · 3 high priority

ID	PRI.	LOCATION	DEFICIENCY & CORRECTIVE ACTION	TARGET	OWNER
AN-01	▲ Hi	SF Phase 1A / 1B	Take All Root Rot confirmed across the interior loop. Track B recovery protocol — acidification, cultivation, peat topdressing. Quoted page 11.	Hold	Board
AN-02	▲ Hi	Villas — Banyan Breeze	Take All Root Rot with advanced loss on 14 lots. Track B recovery; lots below 30% coverage flagged for replacement evaluation.	Hold	Board
AN-03	▲ Hi	Phase 1A/1B Common	Turf thinning and rutting over the Controller A Zone 9/10 wet area. Hold pending irrigation lateral repair (page 10), then evaluate for sod.	Hold	Board
AN-04	■ Med	Pond Banks — South	Torpedograss encroachment on two south facing banks, ~15% of slope. Two stage renovation quoted page 11; mowing will not correct it.	Hold	Board
AN-05	■ Med	Entry — Sunlake Blvd	Shrub grouping encroaching the exit sight triangle. Reduce to restore driver sight line.	Week 2	ASI
AN-06	■ Med	Villas — Banyan Breeze	Sedge established through the low sections of the interior loop. Sulfentrazone applied; second pass required next round.	Week 4	ASI
AN-07	■ Med	SF Phase 1C / 1D	Mulch thin or absent in approximately 18 beds. Top dress to specified depth at the next mulch cycle.	Week 3	ASI
AN-08	• Low	Villas — Torridge Ct	String trim missed behind four units at the north end. Added to route detail checklist.	Week 1	ASI
AN-09	• Low	SF Phase 1A / 1B	Bed line definition softening along the south walk. Re cut edge.	Week 3	ASI
AN-10	• Low	SF Phase 1E / 2A	Light clipping accumulation on driveways after the last visit. Reinforce blow down at route close.	Week 1	ASI
AN-11	• Low	Roadway / ROW	Minor scalping on the swale crown at the Shell Bay Dr entry. Raise deck height on that pass.	Week 2	ASI
AN-12	• Low	Eco Corridor edge	Leaf litter accumulation on adjacent lot turf at the corridor interface. Add to detail rotation.	Week 2	ASI

Owner indicates who must act — ASI for included work, Board where approval or a separate proposal is required. Deficiencies corrected within five business days of notice per the cure commitment in the Agreement.

CONTRACT ONBOARDING STATUS

First 40 days of service

- ✓ Route, crew, and service day schedule established
- ✓ All four irrigation controllers inspected and documented
- ✓ Property mapped into 8 maintenance areas per contract
- ✓ All 814 lots assigned a turf condition track
- ✓ Baseline quality audit completed and scored
- ✓ First agronomic application completed (Pasco 14 16 compliant)
- ✓ TARR diagnostic samples submitted to UF/IFAS
- ✓ Field reporting active in TerraLens client portal
- _ Pump station water chemistry panel — pending approval
- _ Quarterly Board walkthrough — to be scheduled

8	1.12M	11	3	2
AREAS INSPECTED	SQ FT TREATED	APPLICATIONS	IPM FINDINGS	NEED APPROVAL

AREAS INSPECTED & TREATED

25.64 acres treated

#	AREA NAME	AREA TYPE	SQ FT	CONDITION	APPS	IPM	PROBLEM IDENTIFIED
1	Entry / Amenity Grounds	Turf — St. Augustine + beds	46,000	Good	2	No	—
2	SF — Phase 1A / 1B	Turf — St. Augustine	232,000	Poor	3	Yes	Take All Root Rot
3	SF — Phase 1C / 1D	Turf — St. Augustine	205,000	Fair	2	Yes	Take All Root Rot (early)
4	SF — Phase 1E / 2A	Turf — St. Augustine	188,000	Good	1	Yes	Chinch bug
5	Villas — Banyan Breeze	Turf — St. Augustine	178,000	Poor	3	Yes	Take All Root Rot / sedge
6	Villas — Torridge Ct	Turf — St. Augustine	146,000	Fair	1	No	—
7	Roadway / ROW	Turf & median beds	122,000	Good	1	No	—
8	Pond Banks & Corridor	Turf — Bahia (excluded)	—	Poor	0	Yes	Torpedograss (observation only)
	Total treated area		**1,117,000**		**11**	**3**	

Per the Agreement, Bahia areas, pond banks, and the eco corridor interface are excluded from the agronomy program for environmental considerations -- area 8 was inspected but received no applications. Findings detailed on page 6.

MATERIALS APPLIED

Totals across all areas

PRODUCT	PRODUCT TYPE	RATIO	METHOD	RATE	TOTAL APPLIED
0-0-16 SOP + Micros	Fertilizer — potassium / micronutrient	0 0 16	Granular broadcast	4.0 lbs/M	4,468.0 lbs
Azoxystrobin	Fungicide — FRAC 11	—	Liquid, high volume	0.4 oz/M	168.0 oz
Manganese Sulfate	Micronutrient — foliar	—	Liquid spray	2.0 oz/M	840.0 oz
Chelated Iron 6%	Micronutrient — liquid	—	Liquid spray	4.0 oz/M	2,400.0 oz
Talstar P (bifenthrin)	Insecticide — broad spectrum	—	Liquid spray	0.5 oz/M	48.0 oz
Dismiss Turf	Post-emergent — sedge	—	Liquid spray	0.35 oz/M	62.3 oz

M = 1,000 sq ft. Totals auto-calculated from rate × (sq ft ÷ 1,000). All applications made at or below label rate by a licensed applicator.

PASCO COUNTY FERTILIZER COMPLIANCE

Angeline is governed by Pasco County Ordinance 14-16, which ties its prohibited application period to *weather* — storm watches and warnings, a three-day cone of uncertainty, expected heavy rain, or saturated soils — rather than to the fixed June–September calendar blackout used in neighbouring Hillsborough and Pinellas. Angeline therefore has summer nitrogen flexibility that a comparable Hillsborough property does not.

ASI verifies the forecast before every fertilizer application and logs any hold with its reason and reschedule date. This round used potassium, micronutrient, fungicide, and control products; no phosphorus was applied. Ten-foot setbacks were observed on all pond-adjacent lots and at the eco corridor buffer.

IPM FINDING 1 — TAKE-ALL ROOT ROT

SF Phase 1A/1B & Banyan Breeze villas · treated this visit

FIELD	DETAIL
Observation	Irregular chlorotic patching across the Phase 1A/1B interior loop and the Banyan Breeze villa panels. Turf lifts free with no root anchorage while stolons remain green — the diagnostic signature of Take All Root Rot (*Gaeumannomyces graminis* var. *graminis*). Roots short, dark, and brittle. Plugs submitted to the UF/IFAS Plant Diagnostic Center for confirmation, with a nematode assay in the same submission.
Why it is here	The pathogen is endemic in Florida St. Augustinegrass and turns destructive only under stress. At Angeline that stress is structural: lots compacted to engineering standard, then sodded over limerock influenced fill and irrigated with alkaline stormwater. Symptoms emerge two to four years after sod installation — exactly where the earliest phases sit now.
Treatment applied	Azoxystrobin (FRAC 11) at high carrier volume to affected lots plus a 10 foot buffer of adjacent healthy turf, watered in immediately to move product into the root zone. Foliar manganese sulfate applied concurrently — damaged roots cannot take up soil applied nutrients.
Follow-up	Second application at 21–28 days on a rotated FRAC group. Recovery depends on correcting the root zone, not fungicide alone — acidification, cultivation, and peat topdressing are quoted on page 11. Expect 60–90 days to visible improvement, 12–24 months to full restoration.

IPM FINDING 2 — SOUTHERN CHINCH BUG

SF Phase 1E / 2A · treated this visit

FIELD	DETAIL
Observation	Activity confirmed on the sunny, south facing runs of Phase 1E/2A; flotation test produced live adults. Damage presents as outward spreading yellowing routinely mistaken for drought stress — and on this property, for TARR. Roots remain intact, which is the distinguishing check.
Treatment applied	Broad spectrum insecticide to the affected sections plus a buffer beyond the visible damage, since chinch populations extend past the symptomatic turf.
Follow-up	Re scout at the next visit; peak pressure runs through September. Monitored on every maintenance visit per the contracted IPM program.

IPM FINDING 3 — TORPEDOGRASS, POND BANKS

Observation only · outside agronomy program

FIELD	DETAIL
Observation	Torpedograss has moved up two south facing pond banks from the water line and occupies roughly 15% of each slope, with thin Bahia coverage above it.
Why no treatment	Pond banks are excluded from the agronomy program under the Agreement, and no selective herbicide removes torpedograss from Bahia without damaging the Bahia. No product was applied.
Recommendation	Two stage slope renovation — quoted on page 11. Mowing alone will not correct an establishment problem. Buffer setbacks to the eco corridor apply to any treatment.

APPLICATION RECORD

CONTROLLERS	ZONES INSPECTED	ISSUES FOUND	NEED APPROVAL	REPAIRED ON SITE

SYSTEM SUMMARY

All controllers wet-checked this cycle · inspections 12× per year per contract

CONTROLLER	MODEL	ZONES	WATER SOURCE	DAYS	RAIN SENSOR	BACKFLOW	CONDITION
A — SF Phase 1A / 1B	Rain Bird ESP LXME	14	Stormwater · PS 1	T, Sa	• Active	RP · tested	◦ Fair
B — SF Phase 1C–1E	Rain Bird ESP LXME	12	Stormwater · PS 2	W, Su	• Active	RP · tested	• Good
C — Villas / Banyan Breeze	Hunter ICC2	12	Stormwater · PS 3	T, Sa	• Active	RP · tested	◦ Fair
D — Entry / Amenity / ROW	Hunter Pro C	8	Potable	W, Su	○ Bypassed*	DC · tested	◦ Fair

Condition reflects enclosure, wiring, and programming integrity — not zone performance. RP reduced pressure · DC double check · *Sensor found bypassed at turnover — returned to ACTIVE this visit.

COVERAGE RATING ROLLUP

46 zones

RATING	ZONES	WHAT THIS MEANS
• Good	40	Head-to-head coverage confirmed, no action required
◦ Fair	3	Coverage gaps or minor defects — all three corrected on site
○ Poor	3	Zone will not perform without repair — quoted on page 10

Issues found (7): A-Z5 arc drift · A-Z9 / A-Z10 shared lateral break · B-Z3 clogged nozzles · B-Z11 sunken head · C-Z6 failed solenoid · D rain sensor bypassed. Four corrected on site; the remaining three zones are covered by two quoted repairs.

INSPECTION CONDITIONS & SCOPE

Manual zone-by-zone wet check, 7:20–12:40 · static pressure 62 PSI at POC · first inspection of the contract term. Head count, operating pressure, arc and radius, plant material, start times, run times, and watering-day programming verified at every zone; run times reset to the seasonal schedule and re-calibrated per Cooperative Extension recommendations for the delivered precipitation rate.

Each residential phase is served by its own stormwater pump station. Because source chemistry varies station to station and directly affects root-zone pH, a water chemistry panel at all four stations is recommended and quoted on page 11. Zone-by-zone detail on pages 8–9; on-site repairs and quoted approvals on page 10.

CONTROLLER A — SF PHASE 1A / 1B

Rain Bird ESP-LXME · 14 zones · Stormwater

ZONE	TYPE	HEADS	PLANT MATERIAL	START	RUN	PSI	DAYS	COVERAGE	ISSUE FOUND

Controller C Zone 6 solenoid failed open — replacement quoted on page 10. Controller D rain sensor found in BYPASS at turnover; returned to ACTIVE and verified.

REPAIRS COMPLETED ON SITE

No charge — included in inspection

LOCATION	CORRECTION	QTY	TIME
Controller A · Zone 5	Arc and radius reset to eliminate sidewalk throw on the ROW strip	3 heads	8:05 AM
Controller B · Zone 3	Nozzles pulled, cleaned, and reinstalled	2 heads	9:52 AM
Controller B · Zone 11	Sunken head raised to grade and leveled	1 head	10:20 AM
Controller D · Panel	Rain sensor returned to ACTIVE and function verified	1	12:10 PM

REPAIRS REQUIRING ASSOCIATION APPROVAL

Quoted below · valid 30 days · written approval per contract

PRIORITY	LOCATION & SCOPE	QTY	UNIT	TOTAL
▲ High	**Controller A · Zones 9 & 10 — shared lateral break.** Locate, excavate, and repair break on the shared lateral; pressure lost and restore grade and sod. Zones to remain off until complete. Unlocks audit deficiency AN 03 and removes a standing contributor to disease pressure in Phase 1A/1B.	1	$525.00	$525.00
▲ High	**Controller C · Zone 6 — failed solenoid.** Replace solenoid and diaphragm on 1" valve; zone currently will not close and is running continuously across the villa panels.	1	$225.00	$225.00
	Total, pending approval			**$750.00**

To approve: reply to this report in the TerraLens client portal, or email neil.mcladyen@yardnique.com. Approved work is scheduled within five business days. Pricing includes labor at the contracted technician rate plus materials and restoration.

WATER MANAGEMENT & RESTRICTION COMPLIANCE

FINDING	STATUS	DETAIL
Watering window	• Compliant	All start times fall between 12:20 AM and 6:45 AM — outside the 10 AM–4 PM prohibited window under SWFWMD year round conservation measures.
Assigned watering days	• Review	Controllers run two day patterns inherited at turnover — A and C on T/Sa, B and D on W/Su. Assignments should be confirmed against the current SWFWMD and Pasco County schedule for this address before the next cycle.
Rain sensor function	• Corrected	One of four sensors was bypassed at turnover, returned to service this visit. All four now active and verified.
Source water chemistry	• Action	Three of four controllers draw stormwater through separate phase pump stations. Pond water in this part of Pasco typically carries elevated pH and bicarbonate alkalinity, which re-alkalizes the root zone on every cycle and works directly against the Take All Root Rot program. A four station panel is quoted on page 11 and is the highest leverage item in this report.
Potable vs. stormwater	• Noted	Controller D runs potable at the entry and amenity grounds. Any failed open valve on that controller is metered and billed, which makes D side repairs the highest cost items to defer.

OVERALL NOTES

Forty days into the term the property is in good overall condition with a baseline quality score of 88. All seven scheduled services were completed on schedule and no performance credits were triggered. Mowing, edging, bed, and detail scores are consistent across all 814 lots — the spread in the scorecard is almost entirely turf health.

Take-All Root Rot is the defining agronomic issue on this property. It is confirmed in Phase 1A/1B and across the Banyan Breeze villa panels, and present at an early stage in Phase 1C/1D. This is a soilborne disease driven by compacted construction fill, alkaline stormwater irrigation, and young sod — not by service quality — and it will not resolve on fungicide alone. The recovery protocol is quoted below.

Two irrigation repairs need approval. The Zones 9/10 lateral break is actively saturating common turf in the phase where disease pressure is already highest, and the Zone 6 solenoid is running continuously across the villa panels. Both are quoted on page 10.

RECOMMENDED ACTION PLAN

#	ACTION	TIMING
1	**Approve the two irrigation repairs this week ($750.00).** The lateral break is actively damaging turf in the highest risk phase; the solenoid is running unchecked across the villas.	Immediate
2	**Approve the four-station water chemistry panel ($740.00).** The single highest leverage item in this report. If pond alkalinity is driving root zone pH, surface acidification will be reversed on the irrigation clock no matter how disciplined the turf program is.	Week 1
3	**Approve the Track B recovery protocol.** Acidification, cultivation, and sphagnum peat topdressing across the 420,000 sq ft of confirmed symptomatic lot turf. Peat suppression lasts up to two years.	Next round
4	**Hold the herbicide suspension on Track B lots.** Weeds will increase temporarily. Herbicides injure weakened St. Augustinegrass and would prevent recovery. Draft resident notices are attached for Board release.	Ongoing
5	**Decide on the pond bank renovation.** Quoted below. Mowing the slope will not reverse torpedograss establishment.	Next round
6	**First quarterly Board walkthrough.** Dates circulated with next month's report; fixed point photography established at the baseline audit will anchor the comparison.	Quarter 1

ADDITIONAL SERVICES FOR APPROVAL

Not included in the current program

PRIORITY	SCOPE	QTY	RATE	TOTAL
▲ High	**Irrigation repairs** — Zones 9/10 lateral + Zone 6 solenoid. As itemized on page 10.	2 items	—	$750.00
▲ High	**Pump station water chemistry panel** — pH, bicarbonate, total alkalinity, EC, sodium/SAR, iron and manganese at all four stations, with acid injection rate calculation where alkalinity warrants it.	4 stations	$185.00 ea	$740.00
▲ High	**Track B recovery protocol** — soil acidification, cultivation, and sphagnum peat topdressing at one bale per 1,000 sq ft across confirmed symptomatic lot turf, spring and fall.	420,000 sf	$0.028/sf	$11,760.00
■ Med	**South pond bank renovation** — two stage. Non selective treatment of the torpedograss infested slopes, 21 day interval, followed by Bahia re establishment on the upper third, with a 60 day spot treatment for regrowth. Eco corridor buffer setbacks observed.	6,800 sf	$0.42/sf	$2,856.00
	Total, pending approval			**$16,106.00**

To approve: reply to this report in the TerraLens client portal, or email neil.mcfadyen@yardnique.com. Approved work is scheduled with the next service round. Pricing valid 30 days.

YOUR SUPPORT STRUCTURE & LINE OF ACCOUNTABILITY

Our leadership structure gives the District a direct line to seasoned executives, leaders and managers who own results at every level of the program. Each role is assigned to a specific leader with clear accountability for communication, field execution, irrigation performance, agronomics, and escalation when the property needs added attention.

LOCAL COVERAGE & REGIONAL DEPTH

SERVICE COVERAGE FOR CENTRAL FLORIDA

Your property is supported through our Central Florida operating network, with day-to-day accountability led from Orlando, and additional support resources available throughout the region. This keeps local leadership close to the property while providing access to regional irrigation, agronomic, enhancement, and operations support.

CONSOLIDATED EQUIPMENT & FLEET RESOURCES

The equipment below represents the owned commercial fleet available to service this property. All units are company-owned and operated by trained ASI Landscapes crews — no rented production equipment and no subcontracted mowing or detail labor. Fleet is maintained on a scheduled preventive-maintenance program with in-house shop support, with regional backup units available to protect service continuity.

627 total owned units · 109 mowers · 362 handheld units · 91 fleet vehicles · 48 trailers · 8 spray units · 9 specialty machines

MOWING EQUIPMENT

CLASS	REPRESENTATIVE MAKES & MODELS	UNITS
Zero-Turn Riding Mowers	Exmark Lazer Z S/E-Series (72"–96"); John Deere Z960M, Z930M; Toro Z Master 4000; Gravely Pro-Turn 460	18
Stand-On Mowers	Exmark Vertex S/E-Series (36"–60"); Toro Grandstand (36"–60"); Wright Stander WSTX/WSZK (52"–72"); Hustler Super S/SF (36"–72"); John Deere Q820M, Q850M	37
Walk-Behind Mowers	Exmark Turf Tracer S/X-Series (36"–60"); John Deere 636M, 648R, 652R, 661R, W36M, W48R; Toro Proline 36; Hustler TrimStar 54; Gravely ProWalk 48	40
Push Mowers	Honda HRN; Toro 21" commercial	14
Subtotal		**109**

HANDHELD & DETAIL EQUIPMENT

CLASS	REPRESENTATIVE MAKES & MODELS	UNITS
Backpack & Push Blowers	Stihl BR600, BR460, BR430Z; Echo PB-9010T, PB-770T; Billy Goat Hurricane push blower	125

Enclosed / Cargo Trailers	South Georgia Cargo; Diamond Cargo	9
Dump Trailers	Big Tex; PJ; Triple Crown	8
Additional Transport Trailers	Assorted open-deck units in service	3
Subtotal		**48**

AGRONOMIC & SPRAY EQUIPMENT

CLASS	REPRESENTATIVE MAKES & MODELS	UNITS
Ride-On Spray Units	Z-Spray Max ride-on spreader/sprayer (5); Toro Spray Master Max	6
Skid & Auxiliary Spray Units	Tera Spray skid unit; lean-to tank spray rig	2
Subtotal		8

IRRIGATION, TREE & SPECIALTY SUPPORT EQUIPMENT

CLASS	REPRESENTATIVE MAKES & MODELS	UNITS
Trenchers / Vibratory Plows	Ditch Witch SK800 (3); Ditch Witch SK750 (1) — irrigation mainline & sleeve work	4
Compact Earthmoving	John Deere 323E compact track loader; John Deere 35G mini excavator	2
Tree & Debris Equipment	Vermeer wood chipper; Avant multi-loader with stump grinder attachment	2
Utility Vehicles	John Deere Gator	1
Subtotal		9

Counts reflect the current asset register for the Florida operating region. Equipment is assigned by route and crew and is subject to normal fleet rotation and capital additions. Specialized equipment is available through the ASI Landscapes shared-resource network.

HURRICANE RESPONSE PLAN

2026 Atlantic Season · June 1 – November 30

§1 · Scope, Assumptions & Command

What we do, what we refer out, and who decides

4	4	7	2×
SCOPE CATEGORIES INCLUDED	REFERRED TO OTHER TRADES	COMMAND ROLES ASSIGNED	DAILY ACCOUNTABILITY CHECK-INS

SCOPE OF THIS PLAN

Boundaries are stated plainly so no client discovers them after a storm

STATUS	ACTIVITY	DETAIL
• In scope	**Pre-season hardening**	Tree and palm risk assessment and mitigation, stormwater inlet and structure clearing, irrigation and pump inventory, baseline condition documentation.
• In scope	**Site securing**	Removal or securing of loose material, drainage clearing, irrigation shutdown, and documented property shutdown ahead of forecast impact.
• In scope	**Assessment & restoration**	Post-storm damage assessment, hazard isolation, priority-sequenced debris and restoration work, and return to routine maintenance.
• In scope	**Reimbursement records**	Force-account labor and equipment logs, load tickets, and photo documentation to the standard public entities are held to.
○ Referred	**Line clearance**	Vegetation contacting or within the approach distance of energized conductors is referred to the utility. We do not perform line-clearance tree work.
○ Referred	**Structural debris**	Trees or limbs resting on roofs, walls, vehicles, or service drops are stabilized and reported — not removed — until a qualified contractor or adjuster releases the scene.
○ Referred	**Building & wet infrastructure**	Building envelope, roofing, pool structures, lift stations, and interior water intrusion.
○ Referred	**Unknown-hazard water**	No entry into standing water of unverified depth or electrical status. The area waits until it is verified.

STANDING ASSUMPTIONS

The plan assumes failure, not availability

ASSUMPTION	OPERATIONAL CONSEQUENCE
Comms and power fail	Cellular and utility power may be unavailable for 24–120 hours in the impact area. Communications are SMS-first with scheduled check-in windows; fuel and generator plans assume no resupply for 72 hours.
Access is restricted	Gated communities, curfews, and county re-entry rules may delay arrival regardless of readiness. Credentialing and gate protocols are confirmed before June 1, not after landfall.
Rules vary by jurisdiction	Debris placement, eligible collection areas, haul routes, and debris management sites differ by county and by declaration. Rules are confirmed at RC-3 for every jurisdiction served.
Eligibility can change	Cost share, incident period, and assistance eligibility are set by the disaster declaration and may shift. We document to the strictest standard regardless of what is announced.
Everyone is hit at once	A major landfall saturates every contractor in the impact area simultaneously. We publish a tiered response commitment, staff to it, and tell clients where they sit rather than promising all properties a same-day crew.

STORM COMMAND ASSIGNMENTS

One named decision-maker per function — no shared authority

ROLE	RESPONSIBILITY	ASSIGNED · MOBILE
Storm Incident Lead	Declares and lifts readiness conditions, authorizes stand-down and re-entry, single point of client escalation.	
Operations Lead	Crew assignments, equipment staging, restoration sequencing, subcontractor call-out.	
Safety Lead	Wind stand-down calls, job hazard analysis, PPE, heat-illness monitoring, incident reporting.	

ROLE	RESPONSIBILITY	ASSIGNED · MOBILE
Client Liaison	Board and manager notifications, assessment delivery, restoration proposals, change orders.	
Documentation Lead	Assessment integrity, load tickets, force-account labor and equipment logs, photo chain of custody.	
Fleet & Fuel	Fueling, generators, trailer securement, equipment relocation, spare parts inventory.	
Personnel Accountability	Employee status roll call, evacuation-zone tracking, return-to-work confirmation.	

Populated before June 1 and re-verified monthly through the season. Client-side contacts — district or association manager, board chair, on-site manager or gate house, aquatic vendor, and emergency approval authority — are completed per property at contract onboarding.

Why the exclusions are in the front of the plan. Every item in the referred column is work a homeowner or board member will ask a crew to do in the first 48 hours, usually while standing next to them. Publishing the boundary before the season means the crew leader has an answer that is already the client's answer, and the conversation is about who to call rather than about why we said no.

§2 · Readiness Conditions

Activation timeline · keyed to forecast onset of tropical-storm-force winds

RC-5	RC-4	RC-3	RC-2	RC-1
READINESS · APR–MAY	MONITORING · H-120	ALERT · H-72	SECURING · H-48	SHELTER · H-12

Why H-hour, not landfall. Every trigger in this plan is measured against the forecast arrival of tropical-storm-force winds at the property, not the forecast landfall of the eye. Sustained 39 mph winds routinely arrive 8 to 14 hours ahead of the center and can arrive a full day early on the leading quadrant of a large system. A plan built on landfall time strands crews in the field. A plan built on wind onset does not.

CONDITION MATRIX

Declared by the Storm Incident Lead · applies branch-wide, not per property

COND.	TRIGGER	POSTURE	DEFINING ACTION
RC-5	Apr 1 – May 31	● Readiness	Pre-season hardening. Tree risk mitigation, drainage clearing, system inventory, and baseline photo capture completed before the season opens.
RC-4	H-120 · 5 days	● Monitoring	System in the basin with the cone touching the service area. Advisory tracking begins, employee status collected, consumables ordered.
RC-3	H-72 · 3 days	◐ Alert	Watch issued. Client notification #1, route sequencing published, fuel topped, equipment staged, jurisdiction debris rules confirmed.
RC-2	H-48 · 2 days	◐ Securing	Warning issued. Full site-securing sweep executed and documented on every contracted property. Routine maintenance suspended.
RC-1	H-12 · onset	○ Shelter	All field operations cease. Personnel accounted for and sheltering. Vehicles and trailers secured away from trees and flood-prone ground.
RC-0	**All-clear**	**Response**	**Accountability roll call, route reconnaissance, tiered assessment, priority-sequenced restoration.**

Conditions escalate on the Incident Lead's declaration and may skip levels on a fast-forming or rapidly intensifying system.

WIND STAND-DOWN THRESHOLDS

Any crew leader on site may call a stand-down — that call is never second-guessed

OPERATION	CEASE AT	BASIS
Aerial lifts & elevated work	**20–25 mph sustained**	Or lower, per the manufacturer's rating on the specific unit. Rating governs when it is more restrictive.
Climbing & chainsaw work aloft	**25 mph sustained**	Or earlier where gusts produce unpredictable limb movement.
Ground operations	**39 mph sustained**	Tropical-storm force. In practice work ends well before this, once flying debris appears.
All operations	**Lead's judgment**	Lightning within 6 miles, falling limbs, or any condition the crew leader judges unsafe.

Stand-down is not a negotiation. The most common cause of post-storm landscape injuries is a crew trying to finish one more property as conditions deteriorate, or starting one hour too early on the back side of a system. Both are declared, not judged in the moment. RC-1 begins on the Incident Lead's declaration and lifts on the Incident Lead's declaration — not on the weather looking better from a truck window.

§3 · Pre-Season Hardening Program

RC-5 · April 1 – May 31 · tree and palm risk mitigation

6	TRAQ	May 31	100%
DEFECT INDICATORS ASSESSED	ASSESSMENT METHODOLOGY	MITIGATION COMPLETE BY	BASELINE PHOTO COVERAGE

Most storm damage is decided months before the storm. The difference between a property that loses four trees and a comparable property that loses fourteen is almost never the wind speed — it is species selection, structural condition, and root-zone integrity, all of which are assessable in April. Pre-season hardening is the single highest-return line item in a Florida landscape budget, and it is the one most often deferred because nothing appears to be wrong.

TREE RISK ASSESSMENT

Documented against a geotagged inventory · reported with a priced mitigation schedule

DEFECT INDICATOR	PRIORITY	WHAT IS ASSESSED AND WHY
Codominant stems with included bark	▲ High	The most common structural failure point in mature laurel oak and ficus. Included bark prevents a true union from forming and the stem splits under load.
Decay, cavities, conks, cankers	▲ High	Decay columns at the trunk or a major union reduce the section available to resist bending. Fruiting bodies indicate the decay is well established.
Root plate compromise	▲ High	Recent trenching, curb or sidewalk replacement, girdling roots, raised or cracked soil on the leeward side, chronic saturation. Root failure uproots the whole tree rather than shedding a limb.
End weight & prior lion-tailing	■ Med	Over-extended laterals with foliage only at the tips concentrate load at the attachment. Prior lion-tailing is a maintenance-induced defect and is corrected, not repeated.
Topping cuts & weak regrowth	■ Med	Regrowth from heading cuts attaches only at the surface and fails readily at 10–15 years. Common on properties with a history of low-bid pruning.
Target occupancy	■ Med	A defective tree over a preserve edge is a different risk from the same tree over parking, a walkway, an amenity deck, a mail kiosk, or a utility service drop.

▲ High — mitigate before season · ■ Med — schedule within the term · • Low — monitor at the annual inspection

SPECIES RISK POSTURE

Drives the replacement schedule in the capital plan, not a perpetual pruning line item

RATING	SPECIES	IMPLICATION FOR THE PROPERTY
• Resilient	Sabal palm, live oak, bald cypress, southern magnolia, gumbo limbo, crape myrtle, dahoon holly	Retain and maintain. Structural pruning on a normal cycle is sufficient.
◐ Moderate	Slash pine, southern red cedar, sweetgum, mature oaks with prior topping history	Assess individually. Condition and root-zone integrity matter more than species here.
○ Vulnerable	Queen palm, Washingtonia, laurel oak, water oak, sand pine, Australian pine, ficus / laurel fig, Chinese elm	In high-target locations these become replacement candidates. Replacement is proposed with the annual budget, ahead of a loss — not quoted from a parking lot in September.

STRUCTURAL PRUNING OBJECTIVES

Performed well ahead of season, when the tree can close the wound

OBJECTIVE	METHOD & STANDARD
Reduce end weight	Reduction cuts to a suitable lateral of adequate diameter. Never by heading or topping.
Establish a dominant leader	Subordinate or remove codominant stems in developing trees before the union becomes structural.
Retain interior foliage	Lion-tailing increases limb failure and is prohibited on properties we maintain.
Restore clearance	Structures, roof lines, walkways, sight triangles, and signage — within the scope legally available to us.

We do not hurricane-cut palms. Stripping a palm to a narrow upright plume does not improve storm performance. It removes the canopy the palm depends on for potassium and carbohydrate reserves, narrows and weakens the trunk over successive years, and increases the risk of bud damage and decline. Correct practice is to remove only dead, dying, and detached fronds — leaving living green fronds in place — and to remove flower and fruit stalks where fruit is a projectile or nuisance concern. If a competitor is quoting a hurricane cut, they are quoting damage to the asset.

§4 · Site Securing Sweep

RC-2 · executed on every contracted property within the 48-hour window

H-48	3	42	Same day
SWEEP BEGINS	CHECKLIST GROUPS	INDIVIDUAL CHECKPOINTS	RECORD ISSUED TO CLIENT

GROUP A · LOOSE MATERIAL & PROJECTILES

Anything not anchored becomes a projectile at 90 mph

- ☐ Trash receptacles, dog-waste stations, ash urns, recycling containers
- ☐ Amenity furniture, umbrellas, shade sails, grills, game equipment
- ☐ A-frame signs, banners, real-estate riders, unanchored monument panels
- ☐ Staged mulch, spoil, pavers, and pallets removed or secured
- ☐ Open installation work completed or made safe
- ☐ Coconuts and heavy seed heads cleared in pedestrian and structure zones
- ☐ Landscape lighting on stakes lowered or removed; transformers secured
- ☐ Irrigation valve box lids seated and secured
- ☐ Hose reels, spreaders, and site equipment stowed or removed
- ☐ Construction fencing and temporary barricades taken down or braced

GROUP B · DRAINAGE & STORMWATER

Standing water after the storm causes more loss than the wind did

- ☐ All inlets, grates, curb cuts, and yard drains cleared
- ☐ Outfall and control structures inspected; skimmers and weirs cleared
- ☐ Bleed-down orifices confirmed open
- ☐ Aquatic vegetation mats and floating debris removed from structures
- ☐ Swale flowlines and mitre drains confirmed open
- ☐ Silt fence and erosion control inspected and repaired
- ☐ Pre-existing bank erosion and sod slough photographed for baseline
- ☐ Nothing staged or stockpiled inside a preserve or conservation easement

GROUP C · IRRIGATION SHUTDOWN

Recorded per controller so the system can be restored to a known state

CONTROLLER	PROGRAM STATE	MASTER VALVE	POWER ISOLATED	PHOTO CAPTURED · NOTES
A	OFF __:__	Closed ☐	Yes ☐	
B	OFF __:__	Closed ☐	Yes ☐	
C	OFF __:__	Closed ☐	Yes ☐	
D	OFF __:__	Closed ☐	Yes ☐	
E	OFF __:__	Closed ☐	Yes ☐	
F	OFF __:__	Closed ☐	Yes ☐	

Controllers are switched OFF at the panel — not set to rain delay, which resumes automatically and can irrigate into a saturated profile before anyone returns to the property. Reclaimed supply valves closed where applicable. Pump station breakers isolated.

Securing record. The sweep is logged as a field report per property — checklist completion, geotagged photos, crew, and timestamp — issued to the board or manager the same day it is completed. It is the client's proof the property was hardened before impact, and it is the baseline every post-storm damage line item is measured against.

§5 · Post-Storm Assessment & Restoration

RC-0 · response tiers, restoration sequence and debris handling

RESPONSE TIER COMMITMENTS

Tier assigned in writing before the season — no client learns their position after a storm

TIER	PROPERTY PROFILE	ASSESSMENT DELIVERED	BASIS
Tier 1	Life-safety or access exposure — primary district roadways, gated entries, amenity centers in use, properties with an executed pre-positioned agreement.	**Within 24 hours**	Of local all-clear and safe road access
Tier 2	Full-service maintenance contracts without a standby emergency agreement.	**Within 48–72 hours**	Of local all-clear
Tier 3	Enhancement-only, seasonal, or limited-scope accounts.	**Within 5 business days**	Of local all-clear

Commitments are contingent on safe access, curfews, and re-entry authorization. Conditions outside our control are reported, not absorbed silently — a delayed assessment comes with the reason and a revised date, not with silence.

SEVEN-STEP RESTORATION PRIORITY SEQUENCE

Aesthetics are last on purpose

PRI.	OBJECTIVE	SCOPE
P1	**Life safety**	Isolate, barricade, and mark hazards. Report downed or contacted conductors to the utility and keep everyone clear. Remove hangers and unstable leaners threatening pedestrians, vehicles, and occupied structures.
P2	**Access & egress**	Clear roadways, entries, gates, fire lanes, and emergency access. Restore mail kiosk, dumpster enclosure, and amenity access. Cut and drag to the shoulder; haul follows later.
P3	**Drainage function**	Clear inlets, grates, control structures, weirs, and outfalls. Water that stands for a week kills more turf and more trees than the storm did. This is the highest-value early work and the most commonly skipped.
P4	**Irrigation integrity**	Isolate breaks and stop uncontrolled water loss before re-energizing anything. Then restore controlled operation zone by zone.
P5	**Salvage window**	Reset small viable trees, flush salt from inundated turf and beds, remove silt smothering turf, stabilize eroding slopes. These actions have a short window and lose value by the day.
P6	**Debris removal & haul**	Collect, separate at the source, and haul staged vegetative debris per jurisdictional rules. Load tickets generated for every haul.
P7	**Restoration**	Replacement trees and palms, sod and plant replacement, mulch, bed re-edging, head realignment, lighting reset, and return to contracted maintenance frequency.

The sequencing conversation happens before the storm, not during it. P3 drainage work is invisible, unphotogenic, and the first thing a frustrated board asks us to skip in favor of clearing the entrance. Agreeing the sequence in advance means the answer in week one is a reference to a plan the board already approved rather than an argument in a parking lot.

DEBRIS HANDLING

Source separation is a reimbursement requirement, not a preference

STREAM	HANDLING	RULE
Vegetative	● In scope	Staged separately at approved right-of-way or on-site locations. Never mixed with other streams. Never pushed into ponds, wetlands, or conservation areas.
Construction & demolition	◐ Segregate	Separated and reported. Handled by the owner's contractor or hauled under a separate scope.
White goods & e-waste	○ Report only	Identified, located, and reported. Not collected or hauled under the landscape scope.
Household hazardous waste	○ Report only	Isolated, marked, and reported to the manager and the jurisdiction. Not handled by landscape crews.

STORM DEBRIS SAFETY — NON-NEGOTIABLES

Reviewed at the tailgate briefing before every storm shift

HAZARD	CONTROL	STANDARD
Downed conductors	▲ Stop	Every downed line is treated as energized. Nobody approaches, moves, or cuts near it. The utility is called, the area is barricaded, and the crew moves to other work.
Stored tension in wood	▲ Stop	Spring poles, bound limbs, and barber-chair risk require a cutting plan and a second set of eyes. No solo cutting on tensioned or suspended material.

HAZARD	CONTROL	STANDARD
Standing water	▲ Stop	Conceals energized equipment, sharps, wildlife, and drop-offs. Depth and electrical status verified before entry, or the area waits.
Heat illness	■ Schedule	The leading post-storm injury risk. Water, rest, shade, and buddy checks are scheduled into the shift, not offered when someone asks.
Carbon monoxide	■ Siting	Generator and pump exhaust stays outdoors and away from intakes and openings. CO kills after the storm has passed, not during it.
Wildlife & insects	• Awareness	Displaced snakes, rafting fire ants, and wasp nests in downed material. Long sleeves, gloves, and a look before reaching.

§6 · Agronomic Recovery & Pre-Season Approvals

What saves the landscape after the water goes down — and what we ask you to approve before June 1

SALTWATER INUNDATION

Time-sensitive — leaching value declines by the day

ACTION	TIMING	DETAIL
Fresh water flush	**Immediate**	Flush affected turf and beds as soon as supply allows, and repeat. This is the single highest-value action after a surge event.
Gypsum application	**Days 1–7**	Calcium sulfate applied to displace sodium from soil exchange sites, followed by further irrigation to move it through the profile.
Soil sampling	**Week 1–2**	Soluble salts and sodium tested in affected zones. Treatment proceeds on data, not on assumption about how far the water reached.
Expectation setting	**Week 1**	Salt injury expresses two to six weeks out — after visible cleanup is finished and the board believes recovery is complete. This is stated in writing early so the later decline is not read as a service failure.

FLOODED & SILTED TURF

Traffic damage outlasts the flood damage

ACTION	DETAIL
Keep traffic off	Compaction and rutting on saturated turf cause damage that persists long after the water is gone. Equipment stays off until the surface supports it.
Remove silt	Sediment smothering the canopy is removed before it crusts and seals the surface.
Scout for disease	Saturated, humid conditions elevate root-rot and foliar disease pressure. Treatment follows diagnosis, not a calendar.
Raise cut height	First cut delayed until the surface supports equipment; height raised to protect a compromised root system.
Aerate	Core aeration once conditions allow, to reintroduce oxygen to the root zone.

IRRIGATION RESTART

Do not energize blind — a single open lateral can run for days unnoticed

STEP	DETAIL
1 · Manual walk	Pressurize zone by zone manually with a technician walking the run, watching for breaks and geysers, before the controller returns to automatic.
2 · Uprooted-tree runs	Inspect main and lateral runs wherever a tree uprooted. Root plates shear pipe and sever wire, and neither is visible from the surface.
3 · Backflow	Inspect the assembly for physical damage and confirm it functions before service is restored.
4 · Pump station	Intakes, screens, and wet wells cleared of debris and sediment. Panel and surge protection integrity verified after power restoration.
5 · Water source	Reclaimed availability and any utility restriction confirmed before relying on it. Potable-fed zones checked against any boil-water notice.
6 · Heads & schedule	Heads displaced by washout and silt realigned and raised. Schedule reset for a saturated profile rather than returned to the pre-storm program.

Local fertilizer ordinances still apply after a storm. Heavy rainfall leaches soluble nitrogen and potassium, and recovery fertility is a real agronomic need — but many Tampa Bay and Southwest Florida jurisdictions restrict nitrogen and phosphorus applications during the June–September wet season, and a declared emergency does not lift that restriction. Ordinance status is verified per jurisdiction before any post-storm application is scheduled, and the client is told plainly when the calendar, not the agronomy, is the constraint. Applications are made under FDACS licensure with records maintained per rule.

PRE-SEASON SERVICES FOR APPROVAL

Quantities and pricing developed per property from the spring assessment

PRIORITY	SCOPE	QTY	RATE	TOTAL
▲ High	Tree risk mitigation. Structural pruning, reduction, and removal of high-priority defects from the spring assessment.			

PRIORITY	SCOPE	QTY	RATE	TOTAL
▲ High	Palm clearance. Dead and detached fronds and fruit stalks removed in pedestrian, parking, and structure zones. No hurricane cuts.			
Med	Stormwater structure clearing. Inlets, grates, control structures, weirs, and outfalls cleared and documented.			
Med	Vulnerable species replacement. Phased replacement of high-target vulnerable species with resilient stock.			
Med	Standby emergency services agreement. Pre-positioned, competitively procured, unit-priced. No mobilization charge absent authorized work.	1 ea	Sched.	
	Total, pending approval			

Approved pre-season work is scheduled to complete before May 31. Pricing valid 30 days.

The controllable variable is pre-season hardening. Tree risk mitigation, drainage clearing, and a complete baseline photo set are the three items that most change the outcome, and they are the three most often deferred because nothing looks wrong in April. A property that completes all three enters the season with materially lower expected loss and enters the recovery with a documentation position that supports every dollar claimed. The second controllable variable is the agreement: a district that competitively procures a standby agreement in the spring has a defensible procurement position, a known rate schedule, and a Tier 1 commitment.

SPECIAL SERVICES

Palm & Tree Trimming

Supplemental Service - Contract Summary and Scope of Work will show if Included

Palms and trees are trimmed to the proper cut point for healthy regrowth and a clean, storm-ready canopy — dead, crossing, and hazardous limbs removed and hauled with every service.

SERVICE STANDARDS

- ✓ Sabal palm trimming: 9–3 o'clock dead fronds only
- ✓ Phoenix and Washingtonia palms trimmed to a full hurricane cut
- ✓ Tree canopy thinning to reduce wind resistance and improve structure
- ✓ Dead and hazardous limb removal at each trimming
- ✓ Site cleanup and debris removal with every service

SPECIAL SERVICES

Annual Color Rotation

Supplemental Service - Contract Summary and Scope of Work will show if Included

Seasonal color keeps entries and amenities vibrant year-round — variety matched to season and sun, beds fully prepped, planted, and watered in, with selections approved by the board.

SERVICE STANDARDS

- ✓ Spring/Summer: heat-tolerant selections (pentas, vinca, marigolds, lantana)
- ✓ Fall/Winter: cool-season varieties (petunias, snapdragons, pansies, dianthus)
- ✓ Full bed preparation and soil amendment before each rotation
- ✓ Standard 9-inch spacing for full coverage and impact
- ✓ Variety and color selections subject to board approval

SPECIAL SERVICES

Mulch Replenishment

Supplemental Service - Contract Summary and Scope of Work will show if Included

An annual top-dress holds a 2–3" mulch depth across all beds — locking in moisture, suppressing weeds, and sharpening curb appeal, with borders re-edged and the site cleaned up.

SERVICE STANDARDS

- ✓ Premium shredded hardwood or pine bark mulch (board-approved)
- ✓ Applied to maintain 2–3 inch depth across all beds
- ✓ Delivery, installation, and complete site cleanup included
- ✓ Beds fully edged and cleared before each application
- ✓ Held 2–3 inches clear of tree trunks and shrub crowns

SPECIAL SERVICES

Integrated Pest & Disease Management

Licensed Applicator Program

Prevention-first IPM keeps the landscape healthy with less pesticide — monthly scouting, targeted spot treatments, and rapid response to pests and disease, all by licensed applicators and documented.

SERVICE STANDARDS

- ✓ Monthly scouting for pest pressure, disease, and turf stress
- ✓ Chinch bug, sod webworm, and armyworm monitoring & rapid response
- ✓ Licensed-applicator documentation on request
- ✓ Targeted spot treatments between scheduled rounds
- ✓ Fungal disease identification and curative treatments
- ✓ Grub and soil-pest programs available as needed

Monthly	Targeted	Licensed
SCOUTING	SPOT TREATMENTS	APPLICATORS

1. **Scout**
   Monthly monitoring for pest pressure, disease, and turf stress.
2. **Identify**
   Confirm the pest or pathogen and the affected areas.
3. **Treat**
   Targeted, threshold-based spot treatment — least product needed.
4. **Document**
   Licensed-applicator records for compliance and board review.

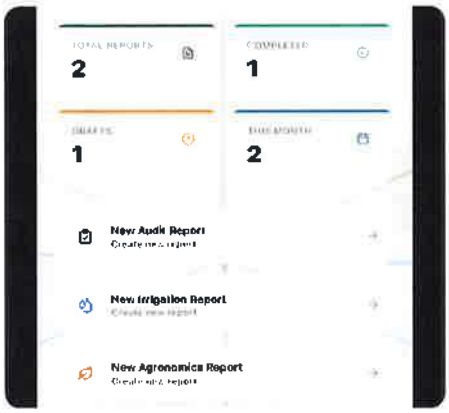

TERRALENS
FIELD MANAGER

OUR SERVICES & TECHNOLOGY

Terra-Lens Field Management

Real-Time Property Intelligence & Digital Reporting

Our team utilizes TerraLens Field Manager — a proprietary, cloud-based field management platform — to document every service visit with GPS-verified timestamps, comprehensive photo documentation, and real-time condition reporting. Board members and property managers receive transparent, accessible records of all work performed. TerraLens transforms traditional service logs into a living digital record of your property's landscape history — enabling data-driven decisions about maintenance programs, capital budgets, and enhancement priorities.

- GPS-verified service documentation for every visit
- Photo-documented site audits with annotated condition reports
- Real-time irrigation inspection and deficiency tracking
- Agronomic and turf health assessment reporting
- Digital signature capture for work order authorization
- Accessible by board members and property managers 24/7

OUR SERVICES & TECHNOLOGY

Landscape Design & Enhancement Services

Protecting Property Values Through Purposeful Design

Our in-house design team delivers comprehensive landscape design and enhancement services to help communities elevate curb appeal and protect long-term property values. From entry feature renovations and monument enhancements to full community-wide landscape master plans, we combine creative vision with deep horticultural expertise.

Every design recommendation is grounded in local plant knowledge, Florida-Friendly landscaping principles, and an understanding of the unique character of each community we serve.

- Conceptual design and plant palette consultation
- Entry feature and monument area renovations
- Community-wide landscape master planning
- Irrigation system design and upgrade management
- Architectural lighting design for safety and aesthetics
- Hardscape integration and contractor coordination

Independent Auditor's Report

The Stockholder and Board of Directors
YN Holdings, LLC and Subsidiaries
Morrisville, North Carolina

Opinion

We have audited the consolidated financial statements of YN Holdings, LLC and Subsidiaries, which comprise the consolidated balance sheets as of December 31, 2023, and the related statements of operations, changes in members' equity and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying 2023 consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

The 2022 consolidated financial statements of the Company were audited by other auditors, whose report dated April 27, 2023 expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

ASI Landscapes - 813-948-3938 - www.yardnique.com

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

BDO USA, P.C.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Yard-Nique, Inc.

2 Business name/disregarded entity name, if different from above.

YN OPERATING COMPANY

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership)

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions ☐

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

10014 Chapel Hill Rd

Requester's name and address (optional)

6 City, state, and ZIP code

Morrisville NC 27560

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number: ___ - ___ - ____

or

Employer identification number: 86-3412476

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person [signature] Date 1/24/2025

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Juniper

DESIGN | BUILD | MAINTAIN

Landscape Maintenance Proposal:

Meadow Pointe II

August 19,2026

August 19, 2026

Dear Lee Graffius and Board of Supervisors:

Thank you for the opportunity to be a part of your landscape maintenance contract bidding process for **MEADOW POINTE II.** At Juniper, we understand that each project is unique because no two clients are the same. We bring a straightforward, focused analysis to each property's individual needs. Our commitment to quality, dependability, and industry best practices drives us forward. This commitment empowers us to meet our clients' requirements and to serve their expanding needs as our relationship continues to grow.

Juniper has been servicing communities throughout Florida for 25 years and our skilled teams are dedicated to your landscape initiatives.

We would like to offer you Juniper Mapping at no charge. We will fly the property before we begin maintaining it and again each spring and fall on an annual basis for as long as we maintain the property. These flights can be overlaid to show the condition of the landscape with a bird's eye view. Please see additional details as well as a QR code to a You Tube demo video.

We look forward to having the opportunity to work with you and to discuss the enclosed information. If you have any questions, please contact me at 813-784-7990
Thank you,

Scott Carlson
VP of Client Relations

ABOUT US

Rooted in Florida

From the very beginning, we started with the commitment to deliver the best value and on-time projects. This commitment has helped Juniper grow from a small custom landscape operation with just a few employees to multiple locations throughout Florida. Over the last 25 years, a lot has changed, and we take pride in the technology, service, and quality we continue to provide.

Where we started

Where we are today

Juniper was established in 2001 on a small farmhouse in Fort Myers, Florida. This location now serves as our corporate headquarters, although we have expanded by constructing additional buildings throughout the state of Florida.

START UP

Communication

At Juniper, we understand that a well-planned communication strategy is essential for a successful start-up and to delivering superior customer service.

Juniper schedules and hosts recurring 30-minute Virtual Meetings (prior to startup and ongoing).

Purpose

The intent of the Virtual Meeting is to create and maintain a convenient way for Juniper to provide quick updates, get quality feedback, identify issues, generate ideas, create strong communication and set us all up for success.

These meetings are in addition to any regularly scheduled walk-thrus or onsite meetings between Manager/BOD and Juniper.

Attendees

Who is typically included in these meetings?

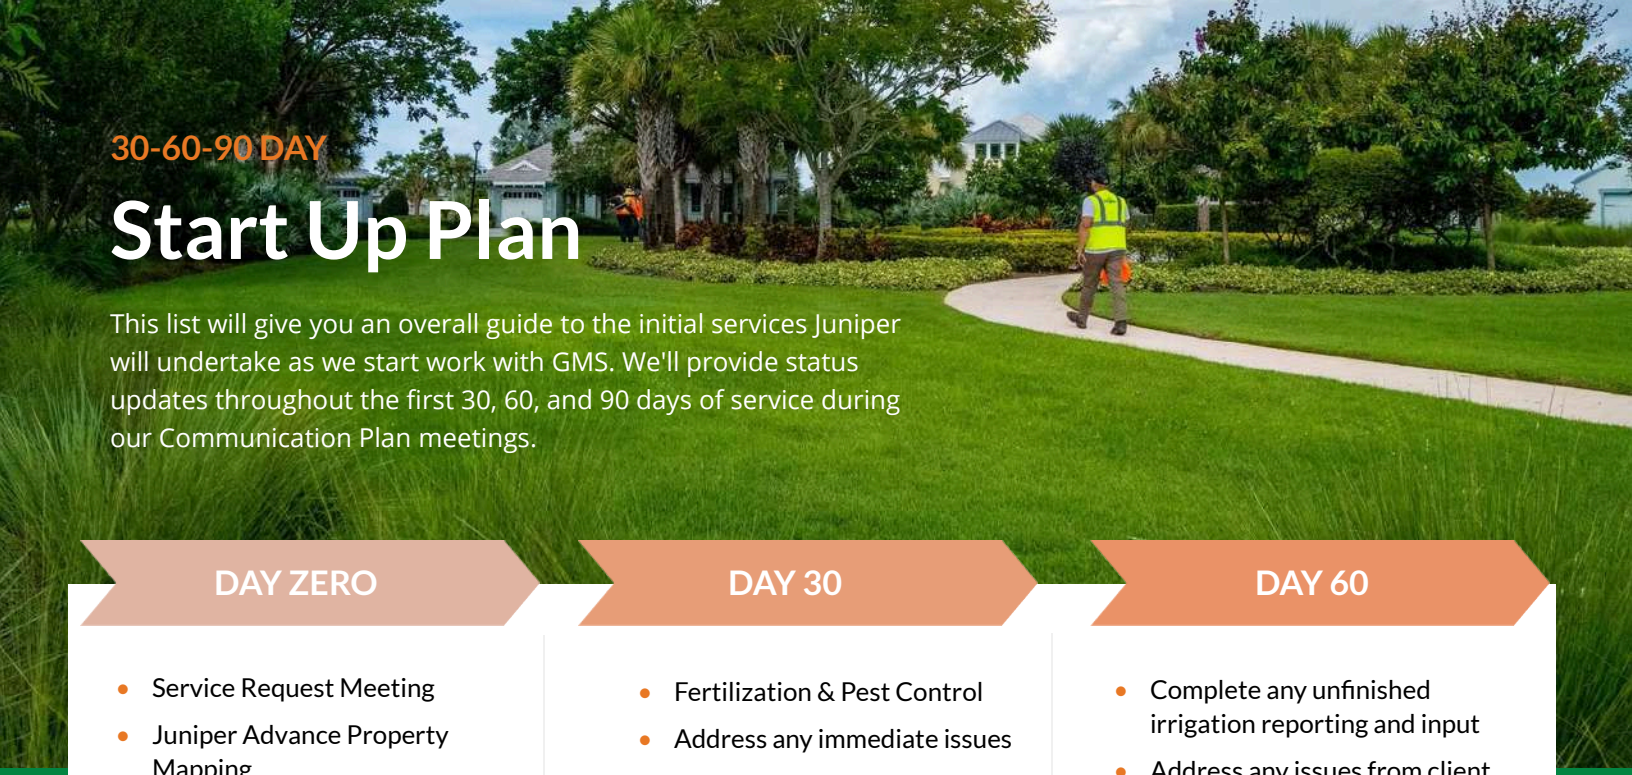

- Juniper
- Account Manager
- Branch Manager
- Other Juniper staff depending on current issues
- Your Association (You Choose)
- Property Management
- Interested Key Landscape Committee Members
- Interested Board Members

Agenda

- Juniper Account Manager & Branch Manager: Operations Update
- Manager/BOD: Feedback, requests, suggestions, immediate issues/concerns
- Identify clear next steps

Schedule

30 DAYS PRIOR TO START DATE	FIRST 90 DAYS AFTER START DATE	4TH MONTH THRU TO 6TH MONTH
Virtual meeting every other week (20-30 min)	Virtual meeting every other week (20-30 min)	Virtual meeting once per month (20-30 min)

30-60-90 DAY

Start Up Plan

This list will give you an overall guide to the initial services Juniper will undertake as we start work with GMS. We'll provide status updates throughout the first 30, 60, and 90 days of service during our Communication Plan meetings.

DAY ZERO

- Service Request Meeting
- Juniper Advance Property Mapping
- Detailed property report
- Schedule of services map
- Property mowing techniques
- Proper pruning techniques
- Weed control
- Irrigation

DAY 30

- Fertilization & Pest Control
- Address any immediate issues
- L&O Evaluation Report
- Soil Testing
- Corrective Plan
- Annual Flower Display
- Initial Irrigation Inspection
- Field inspections
- Programming & optimization

DAY 60

- Complete any unfinished irrigation reporting and input
- Address any issues from client meetings
- Discuss and plan for enhancement projects
- Continue team meetings with client to ensure customer satisfaction
- Schedule Juniper Sync training if needed

DAY 90

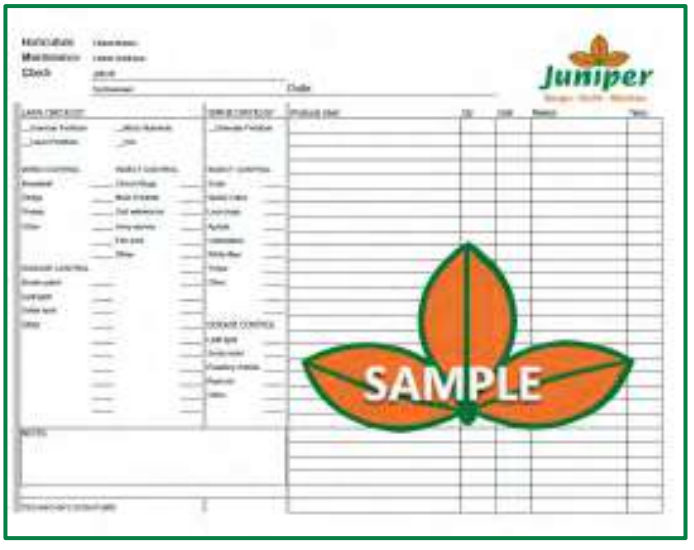

- Schedule 2nd drone mapping fight
- Continue to report any issues or adjustments to schedule, etc.
- Continue team meetings

CUSTOMER CARE

ON-SITE MANAGEMENT

People make the difference. We understand that for many residents, speaking in person with a manager is preferable. For this reason, a manager always accompanies Juniper crews & is available on-site for communication & problem-solving.

24/7 EMERGENCY SERVICES

When the unforeseen happens, we will be there when you need us. Call our dedicated number for 24/7 support.

IN-HOUSE CUSTOMER CARE TEAM

We believe that providing great customer service is key providing the best in landscape services. To that end we create department dedicated to supporting residents, account managers & field teams.

To assist owners with maintenance and irrigation concerns, Juniper offers homeowners multiple options:

Option 1:

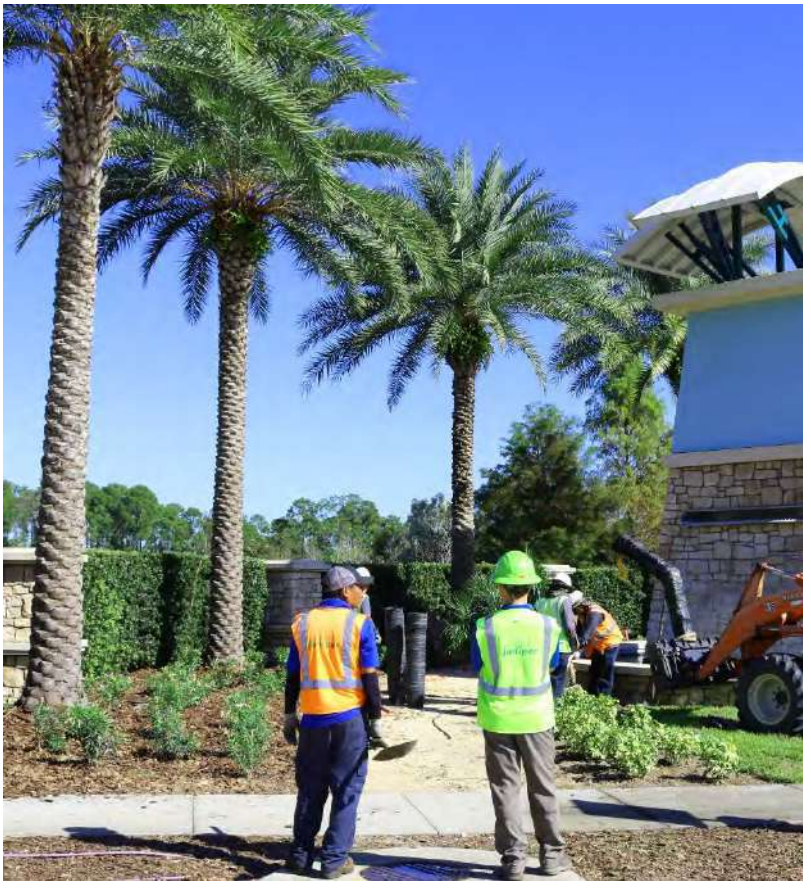

Visit www.junipercares.com and click on "Community Service Request." Create a ticket by following the simple prompts.

Option 2:

Email customerservice@juniperlandscaping.com, noting the concern.

Option 3:

Call Customer Service at (239) 561-5980 to speak with a representative.

JUNIPER SYNC WORK ORDER SYSTEM

Utilize our online work order system to create & track work orders for your property. Managers & residents can easily create an account to use immediately.

Highlights

- Live Dashboard/ Ticket Summary
- Ticket Aging
- Custom Filters
- Detailed Reporting
- Community Maps
- Knowledge Base
- Give a Gold Star

JUNIPER MAPPING

TECHNOLOGY THAT MAKES A DIFFERENCE!

Juniper Mapping uses drone imaging software to create an Orthomosaic image from hundreds and sometimes thousands of high-resolution images. This gives us the ability to evaluate the property at a deeper level, which allows us to provide our clients the following:

- Proactively identify potential issues
- Property specific reporting
  - Plant Health
  - Elevation
  - Annotation
  - Issues
- Documentation of improvement

Juniper MAPPING

Full Video Walkthrough

Scan the QR code with your cellphone for full walkthrough

JUNIPER MAPPING

Technology That Makes a Difference

Juniper Mapping utilizes drone imaging software to create an Orthomosaic image from hundreds and sometimes thousands of high-resolution images. This process allows us to proactively identify potential issues, document improvements, and provide property specific reporting including; plant health, elevation, annotation and any issues.

Plant Health Assessment

Healthy vegetation reflects more of certain types of light than unhealthy vegetation. Juniper Mapping creates a map that highlights differences within your area of interest. This tool allows us to quickly identify areas of concern at start-up to begin treatments and track progress.

OUR SERVICES

LANDSCAPE MAINTENANCE

Juniper has been exceeding industry standards in the area of quality and dependability in Florida since 2001.

Our landscape maintenance teams work closely with the irrigation and horticultural teams. This combined with regular inspections from our dedicated account managers, helps ensure the quality of work our clients expect.

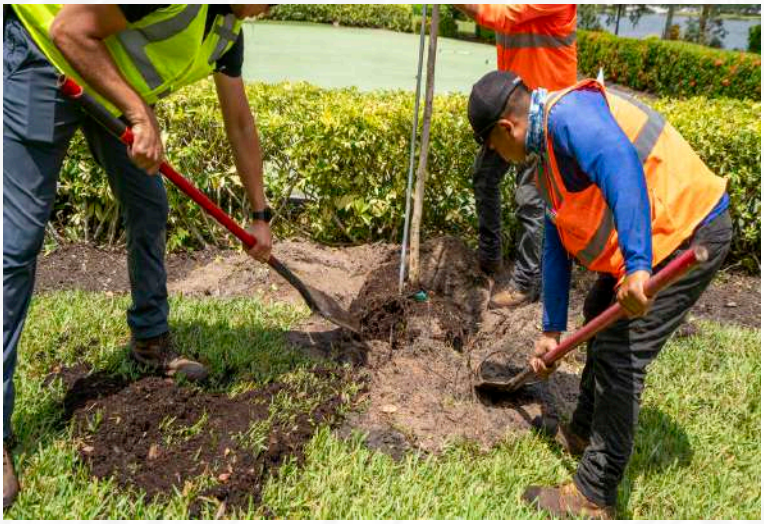

OUR SERVICES

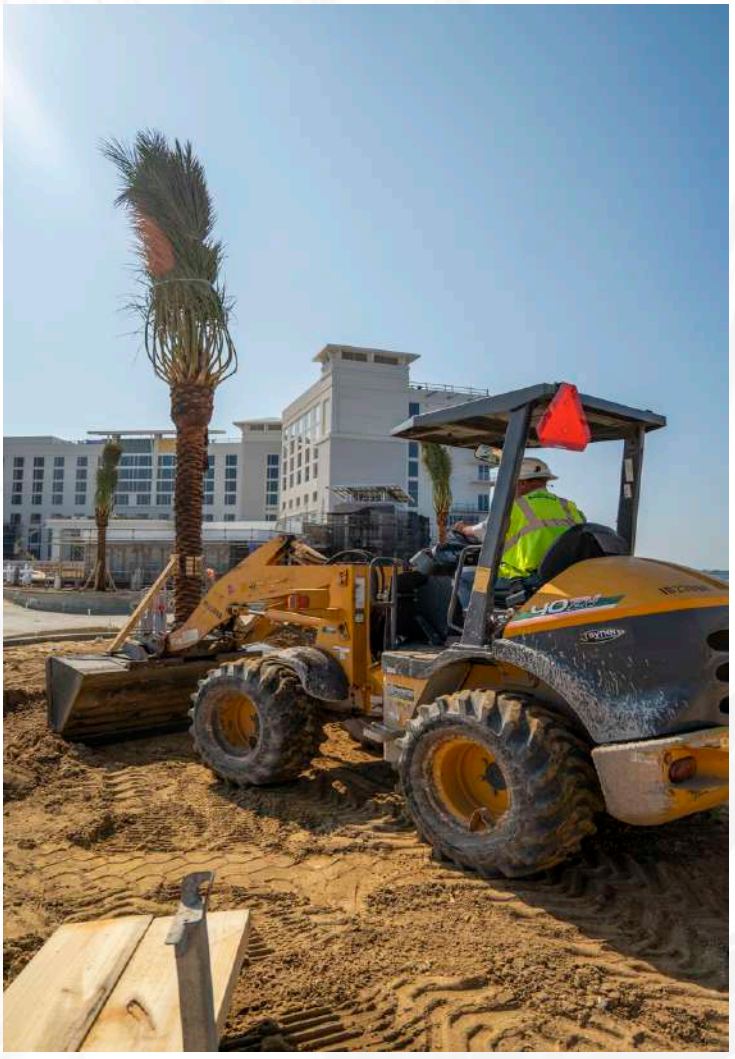

LANDSCAPE INSTALLATION

Our design and installation teams make an award-winning combination.

Juniper's landscape installation services are built on quality craftsmanship, attention to detail, and a deep understanding of how outdoor environments thrive. From thoughtful design execution to precise installation, we ensure every element enhances both beauty and functionality. Our teams work hard to deliver a quality project on time and on budget, creating durable, long-lasting landscapes that reflect Juniper's standard of excellence.

OUR SERVICES

LANDSCAPE IRRIGATION

State Licensed Irrigation Contractor

What is a certified irrigation specialty contractor's license?

An irrigation specialty contractor's license is a certified (state-wide) specialty license developed by the Construction Industry Licensing Board to permit contractors to install, maintain, repair, alter, extend, manage, monitor, audit, or, if not prohibited by law, design irrigation systems.

Water Management

- Central control management
- Converting beds to drip irrigation
- E/T weather-based controllers
- Soil moisture sensors
- Pressure regulated components
- High efficiency sprinklers

Maintenance

- Water Management
- Repairs
- Water Monitoring
- Reporting
- Wet Checks

Installation

- Infrastructure
- Pump Stations
- Central Control
- Residential
- Wet Checks
- Commercial

OUR SERVICES

AQUATICS

For All You Waterfront Needs!

Aquatic Weeds restores Florida lakes, ponds, and waterways with fast, chemical-free vegetation removal using specialized equipment. We also offer routine maintenance, EPA-approved herbicide treatments, and install fountain and aeration systems to keep your water clear, healthy, and PH balanced year-round.

Aquatic Weeds Services Include:

- Aquatic Weed Removal - Chemical Free
- Algae & Aquatic Weed Maintenance Program
- Eroision Control & Prevention - Docks, Seawall and Bank Stabalization
- Excavation, Dredging and Brush Clearing
- Fountains and Aeration
- Disaster Cleanup and Restoration
- Docks and Boat Ramps
- Land Clearing
- Mulching

Juniper
DESIGN | BUILD | MAINTAIN

OUR SERVICES

ARBORICULTURE

Certified Arborists

Juniper has multiple ISA certified Arborists that are available for everything you may need for your tree health care. Preventive maintenance helps keep trees in good health while reducing any insect, disease, or site problems.

Why hire an Arborist?

Arborists specialize in the care of individual trees. They are knowledgeable about the needs of trees and are trained and equipped to provide proper care. Hiring an arborist is a decision that should not be taken lightly. Proper tree care is an investment that can lead to substantial returns. Well cared-for trees are attractive and can add considerable value to your property.

OUR SERVICES

TURF MANAGEMENT

Our turf management services are designed to keep your lawns healthy, resilient, and consistently attractive throughout the growing season. We provide a proactive program that can include mowing, edging, trimming, seasonal fertilization, soil health and pH management, weed control, integrated pest and disease monitoring, and irrigation checks to support strong root growth. Each site is evaluated and serviced based on turf type, sun/shade conditions, traffic patterns, and seasonal needs helping improve color and density while reducing weeds, bare spots, and preventable stress.

OUR SERVICES

STORM RESPONSE

In preparation for and after a storm, Juniper has additional team members who are critical resources during storm events. They provide not only added manpower but also bring with them the trucks and heavy equipment needed to handle storm cleanup.

COMPANY RESOURCES

- 3,200+ team members statewide
- 35 locations throughout Florida
- 25,000 gallons of onsite fuel
- 1,300 trucks in our fleet
- Landscape Designers & Architects
- Teams throughout Florida
- Extensive supply of heavy equipment

Juniper
DESIGN | BUILD | MAINTAIN
Juniper CARES | www.junipercares.com

Dear Property Owners & Representatives,

At Juniper, we take pride in our ability to respond swiftly and effectively to storms. We understand the complexities that arise after such events, which is why we have developed a comprehensive Storm Readiness Plan to help you prepare as well.
Our plan is a pre-executed agreement that commits both personnel and equipment, allowing us to dispatch resources quickly before and after the storm. Below, you will find a list of our updated rates for the year, along with a summary of the scope of work.
We recommend setting an adequate "not-to-exceed" budget based on historical data to ensure that work can proceed smoothly without delays. After the storm, our team will assist in adjusting the budget after a post-storm damage assessment and will provide weekly expense tracking in collaboration with your authorized representative.

We are committed to ensuring seamless and efficient storm recovery for your property.

Storm Response Rates:

- **$85.00/hour (All non-arborist functions)**
- **$375.00/truck for debris hauling***
- **$118.00/hour for all Juniper owned equipment**Includes operator.**
- **$68.00/tree staking kit (Standard)**
- **$98.00/tree staking kit (Large)*****
- **$6,500.00/day for arbor crew (5-person crew w/ all necessary arbor equipment)**

**Debris hauling based on a Juniper service truck. With larger cleanup efforts we can deploy larger debris hauling trucks to reduce expenses. **If larger equipment is needed, such as a heavy loader or crane, it will be quoted at damage assessment. ***In unique circumstances, additional staking may be required due to grade, tree species or size. This will be itemized and billed accordingly. Palms, in most circumstances, can be staked with the standard kit.*

Pre-Storm Procedures:

1. Stage equipment on site (if applicable)
2. Appoint Juniper first responders

Post-Storm Procedures:

1. Clearing roadways, exits and any obstructions preventing residents from leaving
2. Clearing debris off homes or property
3. Saving, re-standing and staking downed trees starting with the highest value specimens
4. Clearing debris off common spaces
5. Loss assessment, restoration planning and budgeting

Juniper
DESIGN | BUILD | MAINTAIN
Juniper CARES | www.junipercares.com

Authorization & Agreement

By signing below, you acknowledge and agree to the pricing and procedures outlined above for storm response. You authorize Juniper to proceed with storm-related efforts when conditions are deemed safe, without requiring further approval.

You also agree that a Juniper representative, along with any affiliated storm response personnel, will have full access to the community to perform necessary operations.

Please note that storm-related billing will be issued on a weekly basis, as outlined below, not exceeding NTE amount, rather than upon the full completion of storm cleanup. Weekly invoices will be due NET 30 upon receipt.

Executing this plan in advance ensures your property receives dedicated resources immediately after the storm, once it is safe to do so. Failure to execute the plan may impact response times.

LEADERSHIP
TEAM

Brandon Duke
Chief Executive Officer

Brandon Duke is Juniper's Chief Executive Officer and has been in the landscape industry for almost 15 years. He purchased the company from his father in 2016 after working with the family business since 2008. Under his leadership, Juniper has become the 17th largest landscaping company in the nation.

Brandon has since worked tirelessly to make Juniper not only have an impressive reputation for quality of work, but also for a positive culture. Since Brandon became CEO, Juniper has grown from one location with 20 employees to 19 locations with nearly 2,000 employees, all of which he oversees.

Brandon has been recognized as one of Lawn and Landscape's Top 100 Landscapers consecutively for the past 7 years. Most recently, he was named 2022 Entrepreneur of the Year by Business Observer after growing company revenue by an impressive 38.6% during the COVID-19 pandemic.

Dan DeMont
Chief Revenue Officer

Dan DeMont joined the Juniper team in 2011 at a time when Juniper was just one branch. As the company's first business developer, he focused on diversification in three categories. First, service offering. Second, client base. Third, footprint.

Dan and Brandon were the architects of Juniper's Design, Build and Maintain strategy. This caught like wildfire by 2012 as clients saw overwhelming value in having a sole source provider with full accountability. This value fueled rapid expansion of market share with existing clients and set Juniper up for an influx of new clients.

Under Dan's leadership and in significant organic fashion, Juniper expanded into new geographic markets. Juniper's footprint covers the entire southern half of Florida and services their clients from 9 branches and counting. Juniper is solicited to new markets for the largest and highest profile jobs in the state.

Scott Carlson
VP of Client Relations

Scott A. Carlson serves as Vice President of Client Relations at Juniper Landscaping, where he focuses on strengthening client partnerships, driving operational excellence, and developing high-performing teams.
Scott brings over 30 years of experience in the green industry, beginning his career in 1996 after pursuing professional golf until injuries ended his pursuit of playing on the PGA Tour. He transitioned into the landscaping industry starting in golf course business development, later moving into landscape sales, operations leadership, Vice President of Operations, and Chief Operating Officer before stepping into his current role with Juniper.
His areas of expertise include business development, operational excellence, relationship building, and developing employees to reach their full potential.
Scott holds Business Management and Pre-Law/Criminal Justice degrees from Old Dominion University in Norfolk, Virginia. He is also BMP Certified and a Water Star Compliance Inspector.
Outside of work, Scott enjoys fishing, golfing, traveling, attending concerts, and spending time with his wife, Laura, and their son, Christian.

JUNIPER CARES

At Juniper, we believe our people are our greatest strength. Juniper Cares was created to support employees when life brings unexpected challenges—because no one should have to face hardship alone.

What Is Juniper Cares?

Juniper Cares is an employee assistance fund supported by the generosity of our team and company. The program raises and distributes funds to help qualified employees and Business Partner Associates who are experiencing financial hardship due to circumstances beyond their control.

The Juniper Cares fund is designed to provide temporary assistance during difficult times, including but not limited to:

- Serious medical situations or unexpected medical expenses
- Financial hardship caused by illness or injury
- Natural disasters such as floods, fires, or severe storms
- The unexpected death of an immediate family member
- Other unforeseen emergencies that create significant financial strain

AFFIDAVIT REGARDING PROPOSAL

STATE OF Florida
COUNTY OF Lee

Before me, the undersigned authority, appeared the affiant, M. Brandon Duke, and having taken an oath, affiant, based on personal knowledge, deposes and states:

1. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of CEO for Juniper Landscaping of Florida, LLC ("Proposer"), and am authorized to make this Affidavit Regarding Proposal on behalf of Proposer.

2. I assisted with the preparation of, and have reviewed, the Proposer's proposal ("Proposal") provided in response to Meadow Pointe II Community Development District's ("District") request for proposals for landscape and irrigation maintenance services. All of the information provided therein is full and complete, and truthful and accurate. I understand that intentional inclusion of false, deceptive or fraudulent statements, or the intentional failure to include full and complete answers, may constitute fraud; and, that the District may consider such action on the part of the Proposer to constitute good cause for rejection of the proposal.

3. I do hereby certify that the Proposer has not, either directly or indirectly, participated in collusion or proposal rigging.

4. The Proposer agrees through submission of the Proposal to honor all pricing information for ninety (90) days from the opening of the proposals, and if awarded the contract on the basis of this Proposal to enter into and execute the contract in the form included in the Project Manual.

5. The Proposer acknowledges the receipt of the complete Project Manual as provided by the District and as described in the Project Manual's Table of Contents, as well as the receipt of the following Addendum No.'s: _____.

6. By signing below, and by not filing a protest within the seventy-two (72) hour period after issuance of the Project Manual (i.e., by no later than Wednesday, July 29, 2026, at 10:00 AM (EDT)), the Proposer acknowledges that (i) the Proposer has read, understood, and accepted the Project Manual; (ii) the Proposer has had an opportunity to consult with legal counsel regarding the Project Manual; (iii) the Proposer has agreed to the terms of the Project Manual; and (iv) the Proposer has waived any right to challenge any matter relating to the Project Manual, including but not limited to any protest relating to the proposal notice, proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the evaluation criteria, the evaluation process, or any other issues or items relating to the Project Manual.

7. The Proposer authorizes and requests any person, firm or corporation to furnish any pertinent information requested by the District, or its authorized agents, deemed necessary to verify the statements made in the Proposal, or regarding the ability, standing, integrity, quality of performance, efficiency, and general reputation of the Proposer.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Affidavit Regarding Proposal and that the foregoing is true and correct.

Dated this 11 day of August, 2026.

1ST YEAR TOTAL PROPOSAL PRICE	$214,025.00
2ND YEAR TOTAL PROPOSAL PRICE	$219,700.00
3RD YEAR TOTAL PROPOSAL PRICE	$219,700.00
4th YEAR TOTAL PROPOSAL PRICE	$225,547.00
5th YEAR TOTAL PROPOSAL PRICE	$229,560.00

***Unless prices are to remain the same throughout the initial contract term and each of the five possible annual renewal periods, the Proposer must supply a complete pricing form (of Category A, Category B, Supplemental Pricing, and Seasonal Color Installation) for each of the five possible annual renewal periods.**

IN THE EVENT THAT THE SITE IS NOT TO INDUSTRY STANDARD CONDITIONS, THE PROPOSER SHALL SUBMIT AS PART OF ITS PROPOSAL, A LIST OF ITEMS AND PROPOSED PRICING FOR BRINGING THE SITE UP TO INDUSTRY STANDARD CONDITIONS. OTHERWISE, THE PROPOSER SHALL BE DEEMED TO HAVE ACCEPTED THE SITE AND SHALL MAINTAIN THE SITE IN A CONDITION CONSISTENT WITH INDUSTRY STANDARDS AND AT THE LUMP SUM PRICING SET FORTH IN THE PROPOSAL.

AFFIDAVIT REGARDING PROPOSAL FORM

Under penalties of perjury under the laws of the State of Florida, I represent that I have authority to sign this Proposal Form (including Parts I through III) on behalf of Juniper Landscaping of Florida, LLC ("Proposer") and declare that I have read the foregoing Proposal Form (including Parts I through III) and that all of the questions are fully and completely answered, and all of the information provided is true and correct.

Dated this 11 day of August, 2026.

SWORN STATEMENT UNDER SECTION 287.133(3)(a), *FLORIDA STATUTES*, REGARDING PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District.

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of CEO for Juniper Landscaping of Florida, LLC ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is 4415 Metro Parkway, STE 300, Fort Myers, FL 33916

4. Proposer's Federal Employer Identification Number (FEIN) is 26-4242641

   (If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement:)

5. I understand that a "public entity crime" as defined in Section 287.133(1)(g), *Florida Statutes*, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

6. I understand that "convicted" or "conviction" as defined in Section 287.133(1)(b), *Florida Statutes*, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

7. I understand that an "affiliate" as defined in Section 287.133(1)(a), *Florida Statutes*, means:

   1. A predecessor or successor of a person convicted of a public entity crime; or,

   2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

8. I understand that a "person" as defined in Section 287.133(1)(e), *Florida Statutes*, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which proposals or applies to proposal on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

9. Based on information and belief, the statement which I have marked below is true in relation to the Proposer submitting this sworn statement. (Please indicate which statement applies.)

_____**X** Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity or an affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (please indicate which additional statement applies):

_____There has been a proceeding concerning the conviction before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Florida Department of Management Services.)

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement under Section 287.133(3)(a), *Florida Statutes*, Regarding Public Entity Crimes and all of the information provided is true and correct.

Dated this 11 day of August, 2026.

SWORN STATEMENT PURSUANT TO SECTION 287.135(5), FLORIDA STATUTES, REGARDING SCRUTINIZED COMPANIES WITH ACTIVITIES IN SUDAN LIST OR SCRUTINIZED COMPANIES WITH ACTIVITIES IN THE IRAN TERRORISM SECTORS LIST

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to Meadow Pointe II Community Development District ("District").

2. I am over eighteen (18) years of age and competent to testify as to the matters contained herein. I serve in the capacity of CEO for Juniper Landscaping of Florida, LLC ("Proposer"), and am authorized to make this Sworn Statement on behalf of Proposer.

3. Proposer's business address is 4415 Metro Parkway, STE 300, Fort Myers, FL 33916

4. Proposer's Federal Employer Identification Number (FEIN) is 26-4242641

   (If the Proposer has no FEIN, include the Social Security Number of the individual signing this sworn statement :)

5. I understand that, subject to limited exemptions, Section 287.135, *Florida Statutes*, declares a company that at the time of proposing or submitting a proposal for a new contract or renewal of an existing contract is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List, created pursuant to Section 215.473, *Florida Statutes*, is ineligible for, and may not proposal on, submit a proposal for, or enter into or renew a contract with a local governmental entity for goods or services of $1 million or more.

6. Based on information and belief, at the time the Proposer submitting this sworn statement submits its proposal to the District, neither the Proposer, nor any of its officers, directors, executives, partners, shareholders, members, or agents, is listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

7. If awarded the contract, the Proposer will immediately notify the District in writing if either the entity, or any of its officers, directors, executives, partners, shareholders, members, or agents, is placed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies With Activities In The Iran Terrorism Sectors List.

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement and all of the information provided is true and correct.

Dated this 11 day of August, 2026.

ANTI-HUMAN TRAFFICKING AFFIDAVIT

I, M. Brandon Duke, as CEO, on behalf of Juniper Landscaping of Florida, LLC, a Florida limited liability company (the "Contractor"), under penalty of perjury hereby attest as follows:

1. I am over 21 years of age and an officer or representative of the Contractor.

2. The Contractor does not use coercion for labor or services as defined in Section 787.06(2)(a), *Florida Statutes*.

3. More particularly, the Contractor does not participate in any of the following actions:

(a) Using or threatening to use physical force against any person;

(b) Restraining, isolating or confining or threatening to restrain, isolate or confine any person without lawful authority and against her or his will;

(c) Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt or the length and nature of the labor or services are not respectively limited and defined;

(d) Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;

(e) Causing or threatening to cause financial harm to any person;

(f) Enticing or luring any person by fraud or deceit; or

(g) Providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03, *Florida Statutes*, to any person for the purpose of exploitation of that person.
