NOTICE

DISCLOSURE OF PUBLIC FINANCING AND MAINTENANCE OF IMPROVEMENTS TO REAL PROPERTY UNDERTAKEN BY THE MEADOW POINTE II COMMUNITY DEVELOPMENT DISTRICT

The Meadow Pointe II Community Development District (the "District) is a uniform community development district established and existing pursuant to Chapter 190, Florida Statutes, and Pasco County Ordinance No. 94-13, which ordinance was adopted by the Pasco County Board of Commissioners on October 7, 1994. The boundaries of the District are described on Exhibit "A" attached hereto and made a part hereof and is the community more commonly known as Meadow Pointe II.

The District, pursuant to Chapter 190.009, Florida Statutes, is required to provide full disclosure of information relating to public financing and maintenance of improvements to real property undertaken by the District. This Notice is intended to furnish that information. Additionally, the reader should be aware that the information in this Notice is subject to change with the passage of time and that while it is the intent of the District to periodically record amendments to this Notice, the information herein may not be completely up to date. Further, the information contained in this Notice, although believed to be accurate, is of a concise and summary nature and should be used for informational purposes only. For additional information, please contact the District Manager, whose address is Severn Trent Services, 2634 Cypress Ridge Blvd., Suite 102, Wesley Chapel, Florida 33544.

POWERS:
The District is a local unit of special purpose government with the statutory powers to finance, fund, plan, establish, acquire, construct, reconstruct, enlarge, extend, equip, operate and maintain systems, facilities and basic community infrastructure, including, but not limited to, water management, drainage, roads, bridges, culverts, water supply, sewers, street lights, conservation and preserve areas, landscaped right-of-ways and additional infrastructure as further detailed in Chapter 190, Florida Statutes. Moreover, pursuant to Special Act of the State of Florida approved by the Governor on June 23, 2004 (House Bill No. 827), the District possesses certain deed restriction enforcement and fining powers.

INFRASTRUCTURE:
Currently, the District is responsible for certain of the following infrastructure in Meadow Pointe II CDD:

- Storm water management systems, including drainage culverts and control structures

- Roadway, traffic signage, curbing and sidewalks in the neighborhoods of Colehaven, Glenham, Iverson, Manor Isle, Wrencrest, Sedgwick, Lettingwell, Longleaf, Tullamore, Charlesworth and the Roadway, traffic signage and gutters (but not sidewalks) in Vermillion and Covina Key
- Common area landscape and any monument signage
- Access control
- Conservation and preservation areas
- Entrance features, including landscape
- Irrigation distribution system on CDD owned property
- Potable water distribution and sanitary sewer (however, completed systems have been conveyed to Pasco County Utilities for ownership and operation)
- Clubhouse and related amenities
- Retaining Walls and Perimeter Walls and Fences

The District funded the acquisition of this infrastructure by issuing its Series 1995A&B Capital Improvement Revenue Bonds further described elsewhere in this Notice.

GOVERNANCE:
The District is governed by a five member Board of Supervisors. The Supervisors are initially elected by the landowners. Their term in office varies, with three Supervisors having 2-year terms and the remaining two Supervisors having 4-year terms. In November of the 2nd, 4th and 6th year of the District's existence, there are landowner meetings for the purpose of nominating and electing Supervisors to fill the expiring or vacant seats of Supervisors. Commencing in the 6th year of the District's existence and there being 250 registered voters residing in the District, two supervisor positions whose terms are expiring shall be filled by qualified electors (a resident-registered voter) who are elected only by the community's qualified electors. In the 8th and subsequent biennial elections, all the Supervisors whose terms are expiring must be filled by qualified electors. Candidates for qualified elector Supervisors are required to file with the Pasco County Supervisor of Elections. In the event the community has not attained 250 qualified electors, Supervisors shall continue to be elected by the landowner election process. The District has transitioned to a full Board filled by qualified electors.

MANAGEMENT:
Management of the District is accomplished by contract with Severn Trent Services, 2634 Cypress Ridge Blvd., Suite 102, Wesley Chapel, Florida 33544, whose phone number is 813/991-1116 and facsimile number is 813/991-1117. The manager is Robert Nanni. The firm is responsible not only for management, but the District's meeting minutes, official filings and accounting records. The legal counsel for the District is Andrew H. Cohen, Esquire, and Kelly M. Fernandez, Esquire, with the firm of Persson & Cohen, P.A., 6853 Energy Court, Lakewood Ranch, Florida 34240. Official records of the District are kept and maintained by the District Manager. The District's engineering consultant is Lighthouse Engineering, Inc.. Related to the District financings, the District has retained additional consultants, including: MBS Capital Markets, LLC, as Underwriter.

MEETING & RECORDS:
All Supervisor meetings are open to the public and provide for public input/participation

and are required to be advertised in advance in a newspaper having local circulation. Supervisor meetings, when needed, are typically held on the third Wednesday of the month with workshops on the first Wednesday of the month. All meetings and workshops are held at the District Clubhouse, 30031 County Line Road, Wesley Chapel, FL. Supervisors, as elected officials in the State, are subject to the State's "Government in the Sunshine Law" and various ethics laws, which require open meetings and filing of applicable financial disclosure forms. Also, consistent with Florida's public records laws, the records of the District are available for public inspection during normal business hours. The Financial Records of the District are audited annually by an independent audit firm experienced in governmental type accounting with the findings reported to the Board of Supervisors and the Auditor General of the State of Florida.

BUDGETS:
The District's fiscal year is October 1 through September 30, consistent with various other local units of government. Annually, on or before each June 15, the District Manager is required to prepare a proposed draft budget for the ensuing fiscal year and to submit it to the Board of Supervisors for review and approval. The Board considers and approves the proposed budget at a regularly advertised meeting and sets a place, time and date certain for a public hearing to consider the adoption of the final budget. The notice of the public hearing must be advertised in the local newspaper for a period of at least two weeks and not fewer than 15 days prior to the hearing. In some instances (an increase in assessment levels over the prior fiscal year, for example), but not all instances, the District may be required to mail written notices to all the property owners within the boundary of the District, advising the property owners of the public hearing and also adjust the budget advertising. At the time and place designated in the notice, the Board hears all comments or objections to the budget as proposed and makes any such changes as the Board deems necessary. At the conclusion of the public hearing, the Board adopts by resolution the final budget, which must occur prior to October 1. Upon adoption, the budget resolution is sent to the Pasco County Property Appraiser and Pasco County Tax Collector for inclusion in the real estate tax bills. The District's assessment levy is displayed in the non ad-valorem portion of the tax bills sent out by the County on or about November 1 of each year.

ASSESSMENT LEVIES:
The District imposes two non ad-valorem assessments on each property. One assessment is known as the General Fund assessment, which includes the administrative and operational expenses of the District. The other is a special assessment relating to the District's Bonds and the repayment of the principal and interest due on the bonds.

GENERAL FUND ASSESSMENT:
The District has adopted a non ad-valorem assessment levy for Fiscal Year 2015-2016 in the amount of $2,018,308 per residential unit in order to fund the District's General Fund budget, pursuant to Resolution 2015-6. The District's general fund assessment levy may vary from fiscal year to fiscal year.

SPECIAL ASSESSMENT:
The District has adopted a non ad-valorem assessment levy for Fiscal Year 2015-2016 to fund the District's Debt Service Fund Budget, pursuant to Resolution 2015-6, with the following levies (by product type):

Product Type	Assessment Levy
Single Family	$518.00 per unit
Villas	$518.00 per unit
Town Homes	$296.00 per unit
Multi Family	$173.44 per unit
Commercial	$9,260.00 per acre

The District's special assessment levy may vary from fiscal year to fiscal year.

PUBLIC FINANCING:
The District issued Series 1995 A&B Capital Improvement Revenue Bonds, on November 1, 1995 and then refinanced the 1995A bonds as the $10,050,000 Capital Improvement Revenue Refunding Bonds, Series 2004 on April 1, 2004. The Series 1995B Bonds have been paid off. All of the aforementioned bonds are tax exempt municipal bonds. The Series 2004 bonds mature in the month and year May 1, 2018 and carry a 4.6% interest rate. The Series 2004 bond debt is apportioned to the residential and other assessable property within the community in accordance with the District's assessment methodology, with the annual principal and interest payments due on the debt appearing on the real estate tax bill and the responsibility of the property owner. As a prerequisite to the issuance of said bonds, the District has taken all steps in order to issue tax exempt special assessment bonds. This includes adopting a Special Assessment Resolution, Bond Validation, Public Hearing on Special Assessments, and approval of an Engineer's Report and Assessment Methodology.
