Daily 9am—30 minutes before dusk

Playground

Daily 9am—30 minutes before dusk

Courts

Daily 8am—8:45pm

A beautiful family of deer emerge from the woods in Longleaf to graze despite the drought dried grassy area. Our ongoing rainfall deficit adversely affects them at least as much as our lawns. Hopefully we get more rain soon so the plethora of wildlife within MPII continues to flourish. *Photo courtesy of Liz Blue.*

MPII CDD Board of Supervisors

John Picarelli
Chairperson

Kyle Molder
Secretary
kyle.molder@mpiicdd.org

The CDD Board of Supervisors holds public meetings twice each month. These are held on the 1st and 3rd Wednesdays at 6:30 pm in the Clubhouse.

All MPII residents are welcomed and encouraged to attend. This is your CDD and attending meetings is the best way to stay informed and share your input.

Deed Restriction Issues

Deed Restrictions can be a difficult subject, and some residents have varying opinions about these rules. Meadow Pointe II *is* a deed restricted community, so it is part of all of our lives. The healthiest way to think about deed restrictions is to try to stay cognizant of the reasons to live in a deed restricted community. Also, please bear in mind that this content is for MPII villages that do *not* have HOAs. Those villages *with* HOAs should refer to the HOA rules and restrictions.

With likely no exceptions, all our residents want the community to look its best and be a beautiful, fun, safe community for all its residents. One approach to ensuring these ideals, which have the added benefit of maintaining or increasing property values over time, is to have deed restrictions and to ensure that they're enforced.

This is part of the responsibility of the CDD Board of Supervisors. They utilize a full time ARC-DRC coordinator, as well as a group of resident volunteers that form the Deed Restriction Volunteer Committee. The ARC-DRC coordinator is responsible for reporting all potential deed restriction violations to the CDD Board for evaluation. If you are interested in being a DRVC volunteer, please email the ARC-DRC coordinator.

Remembering the objective – all residents are encouraged to be proactive with their property with regard to general cleanliness and maintenance. No one wants to receive a letter with a timeline to correct an issue that violates a deed restriction. So, with that in mind, there are several very common issues that are easy to avoid but often cause a deed restriction process to start up when residents overlook them.

So, what can residents do to avoid some of these common issues? First, garbage and recycling bins are popular complaints among residents. Please remember, bins should be put curbside after 5 pm the evening before pickup, and should be brought in the day of the pickup. If it's not a pickup day, the bins should be stored in the garage or hidden from view with two walled sides on the side of the home. The goal is that trash and recycling bins be out of sight when not in use.

Another common issue is with driveway appearance. This issue is common, because nearly all of us park multiple vehicles on our driveways daily. This inevitably, over time, causes stains and discoloration on most driveways. The good news is that there's an easy fix. Nearly...

Deed Restriction Issues continues on page 4...

Monthly MPII Trivia

Trivia – With baseball in full swing, we have a fun trivia question this month. What MLB player broke up 81 no-hitters with home runs?

Answer on page 4.

Drought and Water Use

Most MPII residents are fully aware that our area has been dry for some time. It may be worse than you realize. According to drought.gov, through March of this year, 100% of Pasco County is affected by drought and so far, 2025 is the 33rd driest year in the last 131 years. Through only the first three months of 2025 we were 3.87 inches below normal rainfall. These statistics are only through March, but April and May we certainly did not make up that deficit.

Our area is considered to be currently in D1 – Moderate Drought. This sounds better than it really is however. This status is already beyond D0 – Abnormally Dry. D1 conditions typically indicate damage to crops and pastures, with water shortages developing. Our neighboring areas are in the same category or worse. 53% of Pasco is in D2 – Severe Drought status.

What does this mean for us? Well, residents should make every effort to be good neighbors and good citizens and not waste water. Use only what you need. Take shorter showers whenever possible, use unconsumed water to water houseplants. Turn the faucets off while brushing your teeth. Things like this can have a significant cumulative effect when many residents make an effort.

If your house number ends in:	Then you may only water once on:
0 or 1	Monday
2 or 3	Tuesday
4 or 5	Wednesday
6 or 7	Thursday
8 or 9	Friday
Mixed Address or No Address	Friday
Non-Watering Days	Saturday and Sunday

Pasco County water restriction schedule for reclaimed water. Watering only permitted between 12am and 8am.

Also, importantly, Pasco County has made a change as of May 15th of last year to reclaimed water regulations. It is possible that many of our residents weren't aware of this. For homes with reclaimed water, we are limited to watering once per day (not twice as was previously permitted). This watering must take place between 12 midnight and 8am. Watering day is based on the last digit of your address as follows: 0-1 Mondays, 2-3 Tuesdays, 4-5 Wednesdays, 6-7 Thursdays, and 8-9 Fridays. More information is available at the Pasco County website.

If all MPII residents do their part, and this year's rainy season helps us, we can get through this drougt and perhaps worry a tad less very soon.

We have a certified Notary on staff, please call ahead for availability.

Deed Restriction Issues

Continued from page 2

all driveway appearance issues can be solved with good pressure washing. Many residents own their own, but if you don't have one, there are numerous businesses that will come to your home and pressure wash whatever areas you'd like for very reasonable prices. And if your vehicles are well maintained and don't have leaks, this likely only needs to be done every few years (more frequently with leaks, spills, or heavy use).

Other common issues would be mailbox/post appearances or lawn mowing. Mailboxes can be washed off fairly easily with cleaning supplies you likely have on hand. As a pro tip, seasonal use of auto wax will keep metal boxes clean a lot longer! Posts can be painted for only a few dollars and many residents are transitioning over to the newer PVC posts which require *much* less maintenance. Stop by the Clubhouse to inquire about paint or PVC options if it's time for your post to get some TLC. Lawn mowing is fairly obvious – unkempt lawns in our area can grow quickly and begin to look unappealing just as quickly. Especially during the summer months, and especially when the rainy season finally arrives, it's critical to mow frequently, typically once per week.

Staying on top of these issues is reasonably simple and easy but will ensure that your home avoids the most common deed restriction violations. If you have questions about your villages rules, they are posted on the MPII website and you can ask specific questions by emailing arcdrc@mpiicdd.org. With minimal effort, we can all avoid unpleasant letters, and more importantly, ensure that MPII looks its best and continues to be a wonderful place to live.

Trivia Answer (from page 2): Rickey Henderson!

With 81 career lead off home runs, Henderson broke up no hitters 81 times (though obviously early on!). He also holds the career stolen base record with an astonishing 1406, nearly 500 more than Lou Brock (2nd all-time).

June is LGBTQ+ Pride Month

June is LGBTQ+ Pride Month. June was chosen because late June of 1969 was when the Stonewall Uprising began in response to the police raid of the Stonewall Inn in Greenwich Village, New York. The protests and community organization in response to the Stonewall raid were critical events leading to national momentum to begin the LGBTQ+ equal rights movement. The month-long observance typically includes numerous celebratory events and serves as an opportunity to raise awareness of ongoing political issues relevant to the community.

June Holidays

1st – 3rd – Shavuot. Shavuot began as the Jewish festival of the grain and wheat harvest, but now also commemorates the revelation of the Torah to Moses. The holiday begins at sundown on the 1st and ends at sundown on the 3rd. For those that celebrate: Chag Sameach!

6th – 81st Anniversary of D-Day. Today marks 81 years since General Eisenhower's successful assault on 5 French beaches marking the beginning of the end of WWII. For more information on this momentous day in human history, go to https://www.nationalww2museum.org/war/articles/d-day-allies-invade-europe.

7th - Eid al-Adha is the Muslim Festival of Sacrifice. It commemorates the faith of Abraham and his willingness to sacrifice his son Ishmael, as well as the Muslim Pilgrims making Hajj (pilgrimage to Mecca). This holiday actually begins at sundown on the 6th and lasts until the evening of the 7th. To all those that celebrate, have a blessed Eid!

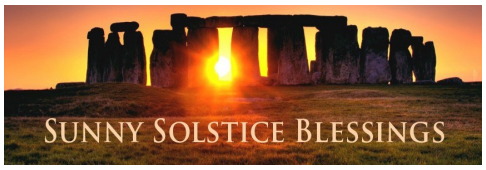

14th – Flag Day. Today we commemorate the adoption of the U.S. Flag on June 14th, 1777. Fly them proudly today America!

15th – Father's Day. The first observance of Father's Day was on July 5, 1908. Months earlier, the Monongah Mining Disaster killed 361 men, 250 of them fathers, in West Virginia. These left thousands of children fatherless. Grace Golden Clayton was undoubtedly aware of Anna Jarvis creating Mother's Day in May of 1908 (also in West Virginia). She decided the fathers that died in the mining disaster should be honored as well. Then in 1910 in Washington, an additional Father's Day was celebrated honoring all fathers on the 3rd Sunday in June. Today, Father's Day is celebrated all over the world, on various dates, but most countries honor fathers on the 3rd Sunday in June. To all the fathers, stepfathers, grandfathers, fathers-in-law, and father figures in MPII, Happy Father's Day!

19th – Juneteenth. Today is Juneteenth, which commemorates the emancipation of slaves. June 19th, 1865 was the day all the slaves in Texas officially became free. Now it is a federal holiday celebrated nationwide. Happy Juneteenth!

20th – Summer Solstice. Today is the Summer Solstice! This will be the longest day of the year (in terms of sunlight vs darkness). After today, we will receive a little less sunlight each day until the Winter Solstice in December. Happy Solstice!

27th – Al Hijra. Beginning at sundown on the 26th, the 27th is Al Hijra, the Islamic New Year. To all those that celebrate, have a wonderful New Year!

New Courts Online Portal

Effective June 1st, MPII residents wanting to reserve and schedule time on the tennis or pickleball courts will have an easy way to do it from home or your phone (any internet device).

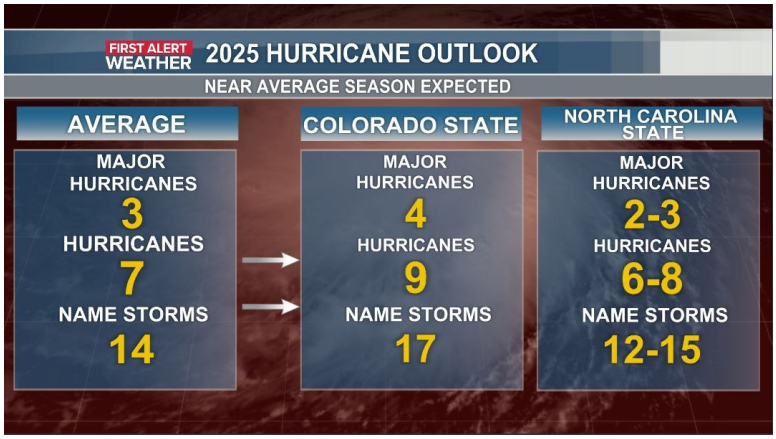

Starting on 6/1, the MPII website (meadowpointe2cdd.org) will have a button (see photo) where residents can - in a few clicks - schedule a court reservation with ease. It's called 'Pickle Planner' and it will be a fast and easy way to book court times and avoid conflicts, phone calls, and any other inconvenience. The first time residents attempt to use this, you will have to request permission to access the portal. But after that permission is granted, this portal will be a fast and easy way to schedule your court yourself.

This new system will not only make it fast and easy to book court times, but it will avoid conflicts and enable residents to see visually exactly which courts and times are available. There will be a limit of three future reservations per week to enable all residents reasonable access to the courts. Pickle Planner will be the source for reservations for tennis and pickleball, but not basketball.

Remember, using the fantastic amenities at the MPII Clubhouse is a great way to stay fit, have fun, and enjoy the community with your friends and neighbors.

Hurricane Season is Underway

As a reminder, hurricane season is officially here (June 1 – November 30th). If you have not prepared for this season yet, please do so. There are lots of tips, suggestions, and helpful links in the previous (May 1) issue of *MPII News*.

The Tampa area eluded the worst of the damaging storms for many years, but last year multiple storms hit close enough to Wesley Chapel to serve as a 'wake-up call'. We must not relax our preparations. Have a plan, have supplies, and you can have confidence that you and your family will get through this hurricane season whether a big storm hits us or not.

Upcoming EPC Events

The EPC has had a very busy spring. In April they hosted the Bunny Hop and late in April they hosted a community cleanup event to commemorate Earth Day. We've included a photo of the volunteers at the end of their efforts. Then, for the month of May they hosted two more fantastic events! First up was the Shred Event on May 10th, see the photo of several residents' documents being shredded. And they wrapped up the month with the ever-popular MPII Summer Festival. If you were one of the few residents who missed it this year, don't make that mistake again next year!

Summer is traditionally a tad slower for the EPC, but if they do schedule something, it will surely be listed in a future *MPII News* or certainly posted on the EPC's Facebook page.

And, when the summer heat begins to slowly taper off, the EPC's activity volume will ramp up again. So, stay tuned for more awesome upcoming EPC community events! If you want to know about upcoming events before you even read about them in our newsletter, email the EPC and ask to be included in their email blasts about events and volunteer opportunities! They can be reached at mpiiepc@gmail.com.

MPII Clubs & Opportunities

EC TENNIS ACADEMY offers tennis lessons to people aged 4 through adult. Contact Coach Edgardo Chavez at 813-328-0841.

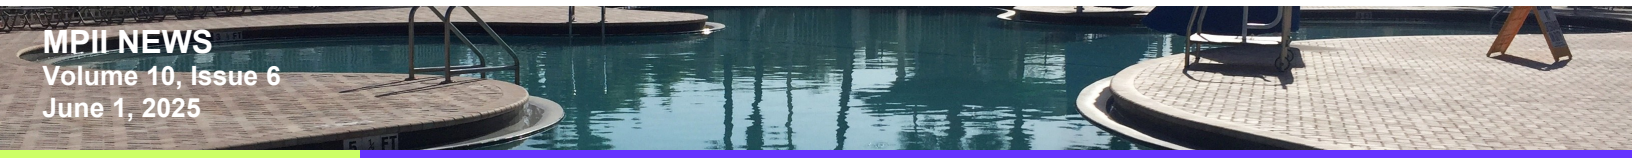

TEACH LEAF is enrolling for Kindergarten Readiness Camp! This is a 10 week camp for students who will be starting Kindergarten this fall. It will be held at the MPII Clubhouse meeting once a week, on Mondays or Tuesdays. For more details or to enroll in the camp please contact Melissa Goebel at teacher.melissa827@gmail.com.

YARN CLUB meets every Thursday night from 6 – 8 pm. Open to all adults who knit or crochet – all skill levels welcome.

MPII News Needs Your Photos!

If you have taken a photo within MPII that you think would make a nice cover shot on a future issue, please email it to newsletter@mpiicdd.org. Submitting a photo gives us permission to use it in the newsletter. If there are people in the photo, please ensure that we have their permission to publish their photo.

Also, remember that the Clubhouse has an opt-in email list for receiving the newsletter as a PDF each month! To opt-in, just email newsletter@mpiicdd.org and tell us what email address or addresses you'd like us to include. As of now, the Clubhouse only uses this list for the newsletter, but we may include other time-sensitive announcements in the future.
