Two beautiful variations of Amaryllis flowers in full bloom. All the plants that survived this past winter's cold snaps and the ongoing drought are fighting for life. Many MPII residents work diligently to care for their plants so they can thrive, benefiting the ecosystem and enhancing MPII's natural beauty. *Photo courtesy of Ray Kobasko.*

MPII CDD Board of Supervisors

John Picarelli
Chairperson
johnpicarelli@mpiicdd.org

Rob Signoretti
Vice Chairperson
robertsignoretti@mpiicdd.org

Jamie Childers
Secretary
jchilders@mpiicdd.org

Chris Kluender
Secretary
chriskluender@mpiicdd.org

Kyle Molder
Secretary
kyle.molder@mpiicdd.org

The CDD Board of Supervisors holds public meetings twice each month. These are held on the 1st and 3rd Wednesdays at 6:30 pm in the Clubhouse.

All MPII residents are welcomed and encouraged to attend. This is your CDD and attending meetings is the best way to stay informed and share your input.

Everyday Earth Day Tips

With Earth Day falling in April, and many residents doing their spring cleaning around this time (perhaps in preparation for the community garage sale), April is a great month to recap recycling and proper disposal of unusual items that can't simply go in the trash.

Firstly, whether inspired by conservation of our planet's limited resources, driven by economic factors, or other motivations, we all know that recycling (and reducing and reusing) is a great way to help the planet, and often save money.

Some MPII residents live in villages where their HOA determines how trash and recycling are handled. But most MPII residents live in villages that receive curbside service from Coastal for trash and recycling pickups. For those residents, the most important thing to remember is what items can be thrown in with trash, what items can be recycled (Wednesday pickups), and critically – which items can not be picked up at all by Coastal. Typically, this is due to Pasco County not permitting items to be transported with bulk trash to county facilities.

Often the biggest confusion comes with what items residents think can go in the recycling bins (smaller bins with the green lids for Wednesday pickups) that can't be recycled currently by Pasco County. These include yard waste, glass, plastic bags, containers that still have food in/on them, or cardboard with grease (pizza boxes). Some of these items can be recycled, but not through Pasco's program. For more information about what Pasco County can accept for recycling, please visit their website at www.pascocountyfl.gov/services/utilities/garbage_and_recycling/recycling.php.

Items that CAN be picked up by Coastal and recycled by Pasco include aluminum cans from beverages that have been rinsed, metal food cans (rinsed), plastic bottles and containers (rinsed and *without* caps), cardboard (ideally flattened or broken down), and paper.

Many local retailers offer easy recycling options for these items or importantly – several items that Pasco's program can't process. The Target on Bruce B. Downs has bins near the registers for plastic bags, batteries, even *small* electronics (old cell phones, mp3 players, etc). The Publix at the corner of Bruce B. Downs and SR 56 has bins outside for plastic bags, paper, and Styrofoam product (packing foam, foam drink cups). Most Home Depot...

Everyday Earth Day Tips continues on page 4...

Phase Out of Print Newsletter

Following up our article in last month's issue, we will be phasing out of the print version of *MPII News* in the very near future.

However, we are making every reasonable effort to make the transition, or phase out, as easy and painless as possible. First off, we are continuing with this issue *and* next month's as we have done in the past. We are using the three-month period (March, April, and May) to allow as many residents as possible to communicate with us about how they'd like to receive our community newsletter going forward beginning with the June 1 issue.

If you haven't already, please contact us to either opt-in for receiving the newsletter via email of the PDF version each month. If that won't work for you very well, please contact us to request that we continue delivering to you a print version.

The best way to contact us for your preference is via email at newsletter@mpiicdd.org. Alternatively, you can call (813-991-5016) or stop by the Clubhouse to let us know if you'd like the email version or if you need to continue to receive print versions delivered to your home. We will also be posting the PDF version on our website (www.meadowpointe2cdd.org) by June 1st, and there will be print versions available for pick up at the Clubhouse.

Eventually, we will eliminate the print version delivery altogether, but we will continue to ensure delivery for those that choose that for some time. Dramatically reducing, and eventually eliminating the print version will save a great deal of CDD money as well as be an eco-friendlier way for the Clubhouse to communicate with residents.

So, please use the next two months to either opt-in on the mailing list for PDF distribution, or familiarize yourself with the MPII website so you'll be able to find the newsletter in the future, or contact the Clubhouse about continuing to receive a print version. However you choose to receive *MPII News*, we hope you will keep reading and keep helping make MPII a wonderful community and a great place to live.

April MPII Trivia

Trivia – Earlier this year Steven Spielberg became the 22nd (28th if you count special awards) person to complete the EGOT (Emmy, Grammy, Oscar, and Tony awards). But who is the only person to have won an Academy Award (Oscar) *and* an Olympic gold medal?

Answer on page 5.

The MPII Clubhouse offers MPII residents Notary Services at no cost.

We have a certified Notary on staff, please call ahead for availability.

Everyday Earth Day Tips

Continued from page 2

and Lowe's locations can accept CFL light bulbs, rechargeable batteries, and propane tanks for recycling. Most area auto parts stores can take used motor oil. Also, many Sherwin-Williams locations can properly dispose of old paints. If you're ever unsure, you can always bring items yourself to the Pasco County Transfer Station at 9626 Handcart Road in Dade City.

And, of course, anytime you can use items more than once, you save money and ease the burden on our planet's resources. Finding ways to reuse plastics, glass, and paper/cardboard, while having a small impact individually, can have a big impact when many of us do it.

Working together, and working smartly, we can honor the spirit of Earth Day with our daily and weekly practices. This can not only save each of us some money, but it can also help the planet.

Radiant Senior Social Day

Perhaps an often-overlooked section of our MPII News is the Clubs & Opportunities section, usually found on page 7. So, since we're adding a new recurring event to that section, we thought we'd also feature them, so everyone knows about the new weekly event.

Radiant Senior Social Day will be a weekly event taking place at the MPII Clubhouse beginning on April 7th. Each Tuesday, from 10:30 am until 1:30 pm, MPII's most radiant seniors are welcome to come out and participate. Events will include bingo, card games, music, brain games, and more.

Most importantly, it's an opportunity for seniors to get out of the house and enjoy friendship, creativity, and community! So, get out, make some new friends, have some fun, and keep your mind sharp! Space is limited, so interested seniors are encouraged to register with Vicki at 813-997-3379.

Community Garage Sale

Don't forget the semi-annual Garage Sale – it is *fast* approaching! On Saturday, April 11th from 8 am – 2 pm all gates at gated villages will be open. It's the perfect time to clear out the clutter and make a little cash at the same time. Hopefully you utilized the tips we provided last month and are ready to go. If not, there is still a little time left to gather and organize all your sellable possessions. Don't forget to keep small bills and change on hand. This event generates a lot of traffic through the neighborhoods so be set up and ready by 8am to take full advantage. The next community garage sale won't be until October, so don't let this opportunity pass you by. Also, if you have unsold items or don't want to deal with selling, but *are* cleaning, there will be a Goodwill truck at the Clubhouse parking lot accepting donations until full. Happy selling!

April Holidays

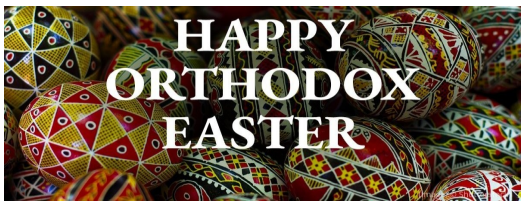

1st – Passover. Passover, the Jewish celebration of their ancestors' liberation from slavery, begins at sundown on the 1st and lasts until sundown on April 9th. Shalom, Happy Passover!

3rd - Good Friday. Good Friday is the day Christians commemorate Jesus' crucifixion. For those that honor this holiday: Have a blessed day.

5th – Easter. Easter is the Christian celebration of the resurrection of Jesus. It has also become a cultural holiday celebrated by both Christians and non-Christians. To all those that celebrate: Happy Easter!

12th – Pascha/Easter. Pascha, or Easter for Eastern Orthodox faithful, is a celebratory fest of the Resurrection of the Lord. It is marked by the Julian calendar and so often is honored on a different date than Christian Easter (Gregorian calendar). For those that celebrate: Happy Pascha!

15th – Tax Day. Tax day is April 15th, so this is the deadline to file your Federal Income Tax Returns. If you haven't gotten them done and to the post office by today, you had better file an extension!

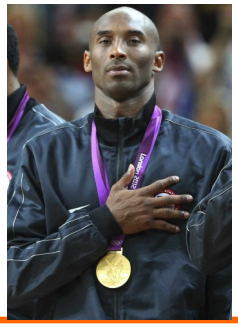

22nd – Earth Day. Begun in 1970, Earth Day is now celebrated in at least 192 countries. Most Earth Day events are coordinated by Earth Day Network (www.earthday.org) and there are numerous ways for anyone to get involved and help preserve our planet for the generations to come. Happy Earth Day!

24th – Arbor Day. Arbor Day was created in Spain, but back in 1872, the first American Arbor Day celebration occurred. An estimated one million trees were planted in Nebraska on commemoration of this holiday. Find out what you can do at www.arborday.org. Happy Arbor Day!

Trivia Answer (from page 3): Kobe Bryant!

Bryant won Olympic gold as part of the U.S. men's basketball teams in 2008 and 2012. And in 2018, he won an Oscar for Best Animated Short Film for *Dear Basketball*. This is a film he wrote and narrated based on a poem he wrote to announce his retirement from the NBA. *Dear Basketball* is currently streaming free on Vimeo.

Alligator Mating Season

Alligator mating season in Florida begins in April, as gators begin “courting” potential mates. The mating itself typically occurs in May and June, with nesting beginning in June and egg hatching occurring in late summer or early fall. While this is particularly relevant to biologists and zoologists, it would seem to be completely unimportant to most of us.

Perhaps surprisingly, this is not true. With over 100 ponds in Meadow Pointe II and lots of conservation areas, numerous alligators share land with MPII residents. So, alligator mating season means that we may well see our local alligators more often. They will be more mobile than normal, and they will stray out of the ponds and conservation area more frequently over the next few weeks and months.

A lone alligator suns itself along one of Morningside’s drought drained ponds.

So, this seems to be a good time to remind everyone that we do in fact *share* this land with the alligators, and quite a lot of other wildlife. If you see an alligator out where you usually don’t, be aware that although they were removed from the endangered species list in 1987, there are still numerous regulations in place to protect alligators. Alligators, despite being considered an apex predator, do not naturally attack people. They don’t associate people with food, and they don’t consider humans to be potential food. However, alligators can learn, and quickly. If an alligator is fed by people, that alligator *will* associate people with food. It will then be far more likely to approach people, potentially attacking them – especially smaller people, like children. Florida Statute 372.667 even makes it a misdemeanor criminal offense to feed alligators (it’s also illegal to feed black bears, raccoons, foxes, or sand hill cranes).

If an alligator does appear to be a threat, there is action that can be taken. To be considered a threat, an alligator must exhibit behavior that threatens people or pets. This would be an attack or charge at a person or pet or encroaching significantly onto homeowner’s property. If this occurs, the resident can contact the MPII Clubhouse (813-991-5016) during office hours, or the Alligator Hotline at 1 -866-392-4286 outside Clubhouse hours. This is a toll-free line set up by the Florida Fish and Wildlife Conservation Commission. They will come and capture the alligator. However, FWCC will NOT relocate the alligator unless it is under 4’. If the animal is longer than 4’, they will put it down. So, we ask all residents to *only* contact the hotline if the animal is a *threat*.

Hopefully having everyone on the same page and armed with some knowledge will avoid fear and confusion. If we are smart and never feed them, we should be able to peaceably coexist with alligators, even during their mating season, and still have a beautiful and safe community.

Upcoming MPII EPC Events

Last month the MPII EPC hosted another Great American Cleanup. On March 7th, many of our residents volunteered and cleaned litter and debris from the roadsides and sidewalks throughout the main roads within our amazing community. The volunteers (see photo) collected over 65 pounds of trash!

A few short weeks later, just days ago, the EPC hosted the annual Bunny Hop! Many young people got free photos with the Easter Bunny and enjoyed holiday themed treats.

Unfortunately, the behind-the-scenes hero of the MPII EPC – Ashley Thompson – has had to step away from her duties spearheading all the phenomenal EPC events. For personal and professional reasons, she has chosen to prioritize other parts of her life for right now. She will be missed! The EPC, and the events our community has enjoyed, have been terrific for the last several years thanks in large part to her fierce dedication, hard work, and community spirit. Thank you, Ashley!

Hopefully in an upcoming issue we will inform everyone of a new leader for our Events Planning Committee, and we will feature many of our spectacular annual events and perhaps even some new ones!

If you would like to stay up to date with EPC events and possibly volunteer at some of them, please email the EPC at epc@mpiicdd.org.

MPII Clubs & Opportunities

Teach Leaf

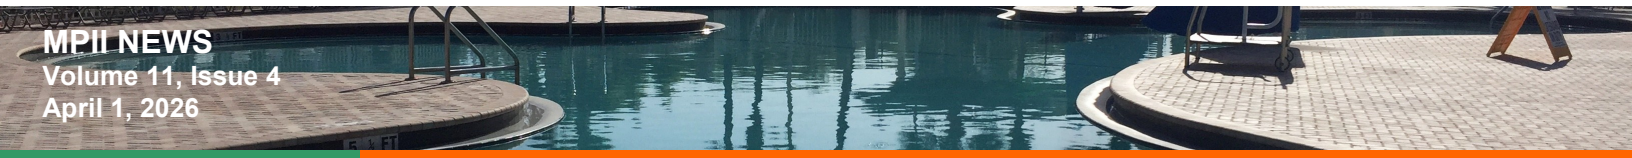

TEACH LEAF is enrolling for the 2026-2027 school year! The Kindergarten Learning Pod will meet on Mondays and Wednesdays and the Emerging Readers Pod will meet on Tuesdays. This is a great opportunity for the Homeschool families in our community! For more details or to enroll in the Pod, please contact Melissa Goebel at teacher.melissa827@gmail.com.

Radiant Senior Social Day will be held every Tuesday from 10:30 am—1:30 pm at the MPII Clubhouse with music, games, and activities for senior residents to enjoy friendship, creativity, and community. Reserve your spot with Vicki at 813-997-3379.

MPII News Needs Your Photos!

If you have taken a photo within MPII that you think would make a nice cover shot on a future issue, please email it to newsletter@mpiicdd.org. Submitting a photo gives us permission to use it in the newsletter. If there are people in the photo, please ensure that we have their permission to publish their photo.

Also, remember that the Clubhouse has an opt-in email list for receiving the newsletter as a PDF each month! To opt-in, just email newsletter@mpiicdd.org and tell us what email address or addresses you'd like us to include. As of now, the Clubhouse only uses this list for the newsletter, but we may include other time-sensitive announcements in the future.
